Gorbachev And The End Of Communism:

Mikhail Gorbachev and the End of Soviet Power John Miller, 2016-07-27 One of the first studies of the full career of M S Gorbachev as Soviet leader this book traces his seven year struggle to reform the Soviet system and his failure to preserve it Mr Miller analyses characteristics of Gorbachev that puzzled the West his reformist gradualism his relationship to the Communist party his attitudes to communism revolution democracy and nationalism and explores their role in the collapse of Soviet power The Collapse of Communism , Ten years after the fall of the Berlin Wall and eight years after the dissolution of the Soviet Union experts continue to debate one of the most important political questions of the twentieth century why did Communism collapse so suddenly A comprehensive and often unexpected answer is provided in this unique volume of essays by the world s leading authorities on Communism Presidential adviser Zbigniew Brzezinski discusses the critical role of policymakers like Ronald Reagan Mikhail Gorbachev and John Paul II in the demise of Communism Richard Pipes and Martin Malia debate the importance of history and ideology Robert Conquest analyzes the deleterious impact of the Stalin years and Michael Novak delineates the missing element of faith in Communism Andrzej Brzeski exposes the fatal flaws of Communist economics Brian Crozier discusses why there was a cold war Paul Hollander concludes with a consideration of who in the academy was right and wrong about Communism These insightful essays suggest that a wide range of forces political economic strategic and religious along with the indispensable role of the principled statesman and the brave dissident brought about the collapse of Communism *Gorbachev, Italian Communism and Human Rights* Silvio Pons, 2022 The chapters brought together in this volume build on the idea that in the 1970s 1980s the global language of human rights contributed to stimulating ideas of reform in the communist world The protagonists were Mikhail Gorbachev and the Italian communists The experience of the PCI was in many ways a peculiar case but one that was linked to underground ideas of cultural change even in Eastern Europe and the Soviet Union Gorbachev s ascent signalled a fundamental shift as he rejected the approach of reducing human rights to an ideological battleground and instead made it the centrepiece of a universalist relaunch By exploring the encounter between reform communists and human rights the authors reconstruct the metamorphosis and the end of communism within the context of the wider transformations taking place in European political cultures at the end of the Cold War **The Collapse of Communism in the Soviet Union** William E. Watson, 1998-05-26 A one stop source of information analysis biographical profiles and key primary documents on the collapse of communism in the Soviet Union Studies the rise and fall of a superpower and its ruling party Following a chronology of events five essays provide a narrative overview and discuss the evolution of Perestroika the Brezhnev Doctrine and the Afghan War nationalism and the end of the Soviet empire and Russia after the collapse of Communism Also contains biographical profiles of 15 leaders the text of 22 documents including writings by key figures a glossary and an annotated bibliography **The End of the Communist Revolution** Robert V. Daniels, 2002-11-01 Daniels strives to put perestroika in its long term historical

perspective by placing it in a broad theory of revolutionary process within the context of Leninism Stalinism and Brezhnevism **Gorbachev and the Collapse of the Soviet Communist Party** Evgeny Novikov, Patrick Bascio, 1994 The West is caught up in the dramatic changes taking place in the former Soviet Union and is eager to help the process of democratization This work cautions that what is taking place in the former Soviet Union is not democratization as the West knows it but rather a form of socialism different from Marxism Leninism theoretically based on the teachings of an Italian Marxist now deceased Antonio Gramsci The work claims that the same Party elite who controlled the Soviet Union now control the republics The authors advise that before granting financial credits to any of the republics the West should first come to a clear understanding of the political and economic processes now taking place [The Rise And Fall Of Communism](#) Richard H Hudelson, 2019-06-21 Writing this book has been a rewarding but challenging experience Along the way I have had the helpful comments and criticisms of a number of friends and colleagues Pat Maus Susanna Frenkel Kit Christensen and Carl Ross read the entire manuscript Steve Chilton Milan Kovacovic and Marina Rummyantseva read parts of it They and the reviewers for Westview Press have weeded out many errors and forced me to think through a number of difficult points The errors and confusions that remain do so in spite of their best efforts I thank them all I would also like to thank Spencer Carr of Westview Press for his support of this project and for his editorial suggestions which resulted in major improvements Finally thanks to Jean Vileta for her editorial assistance in preparing the manuscript for publication **The Rise and Fall of Communist Parties in France and Italy** Marco Di Maggio, 2020-12-19 This book analyzes the dynamics through which the two major communist parties of the capitalist world which in the 1970s had great influence on their respective national political contexts since the 1980s are increasing their marginality and although in different forms and with different timeframes are unable to stem the decline of their political and cultural influences on the working classes

On My Country and the World Mikhail Gorbachev, 2019-12-24 Here is the whole sweep of the Soviet experiment and experience as told by its last steward Drawing on his own experience rich archival material and a keen sense of history and politics Mikhail Gorbachev speaks his mind on a range of subjects concerning Russia's past present and future place in the world Here is Gorbachev on the October Revolution Gorbachev on the Cold War and Gorbachev on key figures such as Lenin Stalin and Yeltsin The book begins with a look back at 1917 While noting that tsarist Russia was not as backward as it is often portrayed Gorbachev argues that the Bolshevik Revolution was inevitable and that it did much to modernize Russia He strongly argues that the Soviet Union had a positive influence on social policy in the West while maintaining that the development of socialism was cut short by Stalinist totalitarianism In the next section Gorbachev considers the fall of the USSR What were the goals of perestroika How did such a vast superpower disintegrate so quickly From the awakening of ethnic tensions to the inability of democrats to unite to his own attempts to reform but preserve the union Gorbachev retraces those fateful days and explains the origins of Russia's present crises But Gorbachev does not just train his critical

eye on the past He lays out a blueprint for where Russia needs to go in the twenty first century suggesting ways to strengthen the federation and achieve meaningful economic and political reforms In the final section of the book Gorbachev examines the new thinking in foreign policy that helped to end the Cold War and shows how such approaches could help resolve a range of crises including NATO expansion the role of the UN the fate of nuclear weapons and environmental problems On My Country and the World reveals the unique vision of a man who was a powerful actor on the world stage and remains a keen observer of Russia s experience in the twentieth century This anniversary edition features a new foreword by William Taubman award winning biographer of Khrushchev and Gorbachev *The Rise and Fall of Communism in Russia* Robert V. Daniels,2008-10-01 Distinguished historian of the Soviet period Robert V Daniels offers a penetrating survey of the evolution of the Soviet system and its ideology In a tightly woven series of analyses written during his career long inquiry into the Soviet Union Daniels explores the Soviet experience from Karl Marx to Boris Yeltsin and shows how key ideological notions were altered as Soviet history unfolded The book exposes a long history of American misunderstanding of the Soviet Union leading up to the grand surprise of its collapse in 1991 Daniels s perspective is always original and his assessments some worked out years ago are strikingly prescient in the light of post 1991 archival revelations Soviet Communism evolved and decayed over the decades Daniels argues through a prolonged revolutionary process combined with the challenges of modernization and the personal struggles between ideologues and power grabbers **The Fall of Soviet Communism, 1986-1991** Jeremy Smith,2017-03-16 The fall of communism and the break up of the Soviet Union into 15 independent states in December 1991 was one of the most significant events of the 20th century In the last years of Soviet rule images of mass protests on the streets of Moscow Tbilisi and Vilnius bloodshed in Baku striking miners Mikhail Gorbachev wooing the West and Boris Yeltsin defiantly mounting a tank in front of the White House building in Moscow shattered all of the old certainties about the seemingly unbreakable communist system Gorbachev and Yeltsin were the dominant figures in this process but non Russian national movements workers intellectuals and international developments all had roles to play Jeremy Smith presents the dramatic events of 1985 91 in a clear and succinct form setting out a variety of interpretations for the demise of communism in the Soviet Union and suggesting new approaches to answering the unresolved question of why it happened Smith discusses the long term and short term factors behind the extraordinary collapse assessing the impact of economic crisis nationalism personalities and democratization in the process Why Did the Soviet Union Collapse?: Understanding Historical Change Robert Strayer,2016-06-16 Taking the Soviet collapse the most cataclysmic event of the recent past as a case study this text engages students in the exercise of historical analysis interpretation and explanation In exploring the question posed by the title the author introduces and applies such organizing concepts as great power conflict imperial decline revolution ethnic conflict colonialism economic development totalitarian ideology and transition to democracy in a most accessible way Questions and controversies and extracts from documentary and literary sources anchor the text at key
