**In the Kingdom of Gorillas** Bill Weber, Amy Vedder, 2012-01-10 From the founders of the world famous Mountain Gorilla Project an empowering account of their efforts to save the mountain gorilla in Rwanda and how they succeeded even in the midst of a horrendous civil war. In 1978 when Dr Bill Weber and Dr Amy Vedder arrived in Rwanda to study mountain gorillas with Dian Fossey the gorilla population was teetering toward extinction. Poaching was rampant but it was loss of habitat that most endangered the gorillas. When yet another slice of the Virunga Mountains was targeted for development Weber and Vedder recognized that the gorillas were doomed unless something was done to save their land. Over Fossey's objections they helped found the Mountain Gorilla Project. The MGP was designed to educate Rwandans about the gorillas and about the importance of conservation while at the same time establishing an ecotourism project one of the first anywhere in a rainforest to bring desperately needed revenue to Rwanda. In vivid detail Weber and Vedder describe their experiences getting to know entire families of gorillas from powerful silverback patriarchs to helpless newborn infants. They tell us about the gorillas they recognized and came to know as individuals stories both tragic and joyful. They describe a landscape that was heaven one day green hell the next. And they tell of their discovery of the terrible and mysterious events surrounding Fossey's murder. They explain that the key to saving the mountain gorillas was helping the people of Rwanda even in the face of a civil war to share in the benefits of conservation. Rich with details about the gorillas lives the realities of conservation and portraits of ordinary people caught in extraordinary times this is a riveting adventure story that is sure to take its place among the classic accounts of the world of nature.

*Amanka Stories* Lou Grossfeldt, David Blissett, 2021-09-01 Amanka is a word from one of the languages used by people living in the rural north west of Uganda. It's a beautiful rich word that means family. Yet in the forests and villages of this part of Uganda and across much of tropical Africa and Asia families are at war. In the narrowing margins between forest and farm human and non human there is a growing conflict. A deadly conflict. The Amanka Book

Project has been coordinated by writer David Blissett and primate curator Lou Grossfeldt. They celebrate our closest living relatives by sharing the stories and experiences of the people who are working, fighting, and sometimes risking their lives to save them. The focus is on all ape species: gorilla, orangutan, chimpanzee, bonobo, and the gibbon family. These are stories of sacrifice and courage, and hope, tears, and happiness, love and loss. In each chapter, Lou and David speak with people who devote their lives to the conservation and wellbeing of the apes. This includes scientists, researchers, caregivers, vets, filmmakers, and conservation advocates. Many of the stories in this book have never been told before and will give readers a direct insight into the day-to-day heartaches, challenges, and joys of working with these intelligent, sentient beings. We wrote this book to raise awareness of the plight of our ape family and to share the stories of the unsung heroes who are trying to help them. All contributors have donated to this project, and profits from book sales will be donated to various ape conservation and enrichment programs or projects.

Lou Grossfeldt and David Blissett      **Grand Tourist** Ellen and Peter Boer, 2013-03. When Peter asked Ellen to marry him some fifty years ago, she asked what he thought their life would be like. He answered, "I will show you the world." Their own Grand Tour has taken them to seven continents and over a hundred thirty countries, and to favorite sites many dozens of times. Their love of history, geography, and wildlife has led them to explore the Polar Regions, the African savanna, and the ruins of great civilizations. In this volume, they recount not only the best venues but share their practical insights into how to plan a perfect trip.      Walking With Gorillas Gladys

Kalema-Zikusoka, 2023-03-14. An Inspiring Memoir for Fans of Jane Goodall, Dian Fossey, and Frans De Waal. In her enchanting memoir, Dr. Gladys Kalema Zikusoka, Uganda's first wildlife veterinarian, tells the remarkable story from her animal-loving childhood to her career protecting endangered mountain gorillas and other wild animals. She is also the defender of people as a groundbreaking promoter of human public health and an advocate for revolutionary, integrated approaches to saving our planet. In an increasingly interconnected world, animal and human health alike depend on sustainable solutions, and Dr. Gladys has developed an innovative approach to conservation among the endangered Mountain Gorillas of Bwindi Impenetrable Forest and their human neighbors. *Walking with Gorillas* takes the reader on an incredible personal journey with Dr. Gladys from her early days as a student in Uganda, enduring the assassination of her father during a military coup, to her veterinarian education in England, to establishing the first veterinary department for the Ugandan government, to founding one of the first organizations in the world that enables people to coexist with wildlife through improving the health and wellbeing of both. Her award-winning approach reduced the impact of the COVID-19 pandemic on critically endangered mountain gorillas. In the face of discrimination and a male-dominated world, one woman's passion and determination to build a brighter future for the local wildlife and human community offers inspiration and insights into what is truly possible for our planet when we come together.      **Walking with the Great Apes** Sy Montgomery, 2009-08-25. From the personal to the primate, Sy Montgomery, acclaimed author of *The Soul of an Octopus* and *The Good Good Pig*, explores the science, wisdom,

and living experience of three of the greatest scientists of the twentieth century Three astounding women scientists have in recent years penetrated the jungles of Africa and Borneo to observe nurture and defend humanity's closest cousins Jane Goodall has worked with the chimpanzees of Gombe for nearly 50 years Diane Fossey died in 1985 defending the mountain gorillas of Rwanda and Birut Galdikas lives in intimate proximity to the orangutans of Borneo All three began their work as protégés of the great Anglo African archeologist Louis Leakey and each spent years in the field allowing the apes to become their familiars and ultimately waging battles to save them from extinction in the wild Their combined accomplishments have been mind blowing as Goodall Fossey and Galdikas forever changed how we think of our closest evolutionary relatives of ourselves and of how to conduct good science

**1000 Wonders of Nature**, 2002 Delve below the Earth soar beyond the heavens and scour every corner of the planet to discover wonders far greater in number than the world's Big Seven and just as astounding A riveting read for weird science buffs of all ages and an ideal way for parents and kids to share the thrills of learning 1000 Wonders of Nature spotlights incredible animals formidable forces of weather and mysterious occurrences and clearly explains the facts of science behind them all Filled with 1 300 up close and astounding full color photos of the most intriguing living creatures and impressive natural spectacles Chapters highlight Nature's Great Events from the self healing secrets of Peruvian parrots to the underwater fireworks sparked by spawning corals Amazing Animals from lizards that walk on water to fish that spend the night in slimy sleeping bags to birds that feast on blood Microscopic Marvels from destructive plant viruses that hitch rides with insects to friendly fungi that supply trees with essential minerals Heavenly Amazements from diamond showers that fall from the sun to comets quasars and blue moons Forces of Nature from the world's tallest waterfall to horrific hurricanes terrifying tornadoes and volatile volcanoes
