**Birger Gerhardsson**

## **Gospels And Tradition:**

**The Four Gospels and the Jesus Tradition** John F. O'Grady, 1989 Explains the Jesus tradition and shows how each church community associated with an evangelist understood this tradition for its own community

**The Origins of the Gospel Traditions** Birger Gerhardsson, 1979

**The Reliability of the Gospel Tradition** Birger Gerhardsson, 2001 The historical reliability of the Gospels has been discussed from the Enlightenment onwards At present many scholars assume that the canonical Gospels as we have them are essentially fictions constructed near the end of the first century to meet the needs of the Christian movement of that time and that they give us very little reliable information regarding the life and teachings of Jesus But have these scholars really understood the nature of the written Gospels Birger Gerhardsson has devoted almost the whole of his academic career to the study of the oral tradition that is the basis of our canonical Gospels His groundbreaking doctoral dissertation *Memory and Manuscript* drew a parallel between the way in which the rabbis taught their disciples and the way Jesus taught his disciples both required memorization of the master's teaching Rabbinic disciples handed on their masters tradition with great care and we can be sure that the disciples of Jesus would have been no less careful with what he taught them *The Reliability of the Gospel Tradition* presents three studies that illuminate how the early Christians passed on tradition *The Origins of the Gospel Tradition* gives an accessible review of the debate regarding the extent to which the New Testament evangelists enable us to hear the voice of Jesus *The Path of the Gospel Tradition* contains a critical discussion of the approach of the form critical school to the problem of the early Christian tradition ending with an alternative sketch of the path of the tradition *The Gospel Tradition* offers a rather detailed picture of various aspects of the content and method of early Christian tradition and assesses the reliability of the four oldest of the extant written records In the current climate of skepticism I know of nothing more helpful than Birger Gerhardsson's writings and that is why I am particularly delighted that the pieces that compose the present volume are again available in print New generations of students deserve to have them not merely because they ultimately vindicate the church's estimate of Jesus but because they are true to the nature of the Gospels themselves and to the purpose of those who wrote them Donald A Hagner from the Foreword

*The Gospel Tradition* Birger Gerhardsson, 1986

**From Tradition to Gospel** Martin Dibelius, 2022-01-27 First published in 1919 *From Tradition to Gospel* introduced and established Form Criticism in New Testament scholarship and it remains the classic description of the field Dibelius outlines the twofold object of Form Criticism firstly to explain the origin of the tradition about Jesus and secondly to uncover with what objective the earliest Churches learnt recounted and passed on the stories and sayings of Jesus which gradually developed into the Gospel narratives In doing so he begins to answer questions as to the nature and trustworthiness of our knowledge of Jesus As new sources come to light and new critical techniques are developed the original investigation into the Gospels along Form Critical lines is as relevant as ever

**The Content and the Setting of the Gospel Tradition** Mark Harding, Alanna Nobbs, 2010-10-22 Editors Mark Harding

and Alanna Nobbs have here brought together the internationally recognized scholarly excellence of Macquarie University faculty and associates to provide a major contribution to the study of the content and environment of the New Testament Gospels Few books in current New Testament scholarship seriously tackle its social setting and textual tradition beyond a chapter or two The Content and Setting of the Gospel Tradition integrates the texts with the literary social and historical context in which they were written John the Baptist in the Gospel Tradition Walter Wink,2006-11-02 Dr Wink examines the treatment of John in the Gospels Acts and the Q source Jesus and the Oral Gospel Tradition Henry Wansborough,2004-10-07 A collection of papers from two international symposia by such important scholars as Aune Dunn Gerhardsson Meyer Rordorf and Talmon The articles share the conviction that the only way to break the deadlock in the Synoptic problem is to examine the oral tradition about Jesus which lay behind the Gospels and to continue even beyond them The book addresses such central issues as the characteristics of oral tradition oral tradition in Judaism in the teaching of Jesus his aphorisms and the narrative meshalim and in the Gospel narratives and the relationships of John Paul and the Didache to oral tradition This volume should bring onto a new plane the discussion of the all important oral stage of Gospel tradition *Jesus and the Miracle Tradition* Paul J. Achtemeier,2008-01-01 Working with selected miracles of Jesus from the canonical Gospel traditions and with background studies in the general understanding of miracles in the Greco Roman world of the Hellenistic period this collection of essays shows how we may understand the theological reasons why the early followers of Jesus included these stories in their traditions that constituted the canonical Gospels Using individual stories from the Gospels three of the essays demonstrate how literary critical analysis can show the theological intent of the miracle story A second set of three essays examines the way Mark and Luke view the miracle tradition within their larger task of writing the story of Jesus A final set of three articles examines the Hellenistic background of such stories and the way they were used in secular and Jewish sources to gain perspective on what the early Christians intended with the miracle stories of Jesus **The Gospel Tradition and Its Beginnings** Harald Riesenfeld,1957 **The Formation of the Gospel Tradition** Vincent Taylor,1968 *Jesus and the Gospel* William Reuben Farmer,1982 This book provides a credible account of the essential development of the tradition concerning Jesus from his own time to that of Constantine The author an internationally known and highly original scholar situates the beginnings of the Jesus tradition with special reference to the Roman Jewish War of AD 66-70 Attention is given to Paul in relation to the developing Jesus tradition and to the normative importance of the historical and theological solidarity of Peter and Paul in the face of Judaizers on the one hand and Gnostics who questioned the normativity of the imitatio Christi ideal on the other With an account of the relationships between Jewish and Hellenistic literature and the literary and theological form of the Gospels Prof Farmer dwells especially on the incorporation of the Jesus tradition into that form There is a new treatment of the sequence of the Gospels a full discussion of the external evidence for any treatment of that sequence and a comprehensive documentation of the secondary character of

Mark The author who has long been associated with Matthean priority here lays out his views on that position Jesus and the Oral Gospel Tradition Henry Wansbrough, 2020 A collection of papers from two international symposia by such important scholars as Aune Dunn Gerhardsson Meyer Rordorf and Talmon The articles share the conviction that the only way to break the deadlock in the Synoptic problem is to examine the oral tradition about Jesus which lay behind the Gospels and to continue even beyond them The book addresses such central issues as the characteristics of oral tradition oral tradition in Judaism in the teaching of Jesus his aphorisms and the narrative meshalim and in the Gospel narratives and the relationships of John Paul and the Didache to oral tradition This volume should bring onto a new plane the discussion of the all important oral stage of Gospel tradition *Gospel Traditions in the Second Century* Barbara Aland, 1989 Eight essays originally presented by scholars from six nations at a conference held April 1988 Notre Dame Indiana They explore Gospel traditions in the second century focusing on among other subjects the Western Text the papyri the text of the Fathers the status of synoptics and redactorial activities Annotation c 2003 Book News Inc Portland OR booknews com

**Historical Tradition in the Fourth Gospel** C. H. Dodd, 1976-09-23 An historical investigation of the narrative material and Sayings of St John s Gospel *The Tendencies of the Synoptic Tradition* E. P. Sanders, 2006-11-02 The Synoptic Gospels contain traditions about Jesus which differ in some respects from Gospel to Gospel and it is presumed from the very earliest Christian traditions Scholars often seek to establish the earliest form of each tradition and the methods and criteria they use are of the greatest importance Dr Sanders here provides a reassessment of this whole problem His study deals directly with the question of determining the reliability of the Synoptic Gospels

**The Oral Gospel Tradition** James D.G. Dunn, 2013-10-03 The traditions about Jesus and his teaching circulated in oral form for many years continuing to do so for decades following the writing of the New Testament Gospels James Dunn is one of the major voices urging that more consideration needs to be given to the oral use and transmission of the Jesus tradition as a major factor in giving the Synoptic tradition its enduring character *Behind the Gospels* Eric Eve, 2014-07-01 New Testament scholars often talk about oral tradition as a means by which material about Jesus reached the Gospels writers Despite the recent interest in oral tradition scholarly advances have not penetrated the mainstream of academic Gospels scholarship let alone the wider public Behind the Gospels fills this gap offering a general theoretical discussion of oral tradition and the formation of ancient texts and providing a critical survey of the field

**Jewish-Christian Gospel Tradition** Klijn, 2015-12-22 This work represents the first independent study of the Jewish Christian Gospel fragments and of the use of the Jewish Christian Gospel tradition in early Christian and medieval literature The author identifies and introduces the Jewish Christian Gospels and their sources presents a critical study of genuine and spurious references to Jewish Christian Gospels and then goes on to offer a critical text with apparatus and bibliography a translation and a full commentary for each individual fragment
