of the many Gothic revivals of the past 300 years In a contemporary context the Gothic sensibility could be seen as a mode particularly applicable to the frightening instability of the world in which we find ourselves at the beginning of the twenty first century The truth is probably less epochal that Gothic never went away when were we ever without fear or at least has persisted since its resurgence in the late nineteenth century Gothic is at least as modern as it is ancient and each essay in this collection contributes to current scholarship on the Gothic by exploring a particular aspect of Gothic s contemporaneity The volume contains papers on horror novels and cinema poetry popular music and fan cultures **Street Culture** Gavin Baddeley,2015-06-29 Street Culture explores the family tree of youth movements examining the lines that tie Beatniks to Bikers Punks to Emos Goths to Metal Heads Illustrated throughout the book presents a sumptuous visual history of youth culture and the style behaviour and values of the groups who have defined it **Doing Research in Fashion and Dress** Yuniya Kawamura,2011-03-15 Provides readers with a guided introduction to the key qualitative methodological approaches and shows students how to do research by combining theoretical and practical perspectives
