Gothic Radicalism:

Gothic Radicalism A. Smith, 2000-06-05 Applying ideas drawn from contemporary critical theory this book historicizes psychoanalysis through a new and significant theorization of the Gothic The central premise is that the nineteenth century Gothic produced a radical critique of accounts of sublimity and Freudian psychoanalysis This book makes a major contribution to an understanding of both the nineteenth century and the Gothic discourse which challenged the dominant ideas of that period Writers explored include Mary Shelley Edgar Allan Poe Robert Louis Stevenson and Bram Stoker

Gothic Radicalism A. Smith, 2000-09-29 Applying ideas drawn from contemporary critical theory this book historicizes psychoanalysis through a new and significant theorization of the Gothic The central premise is that the nineteenth century Gothic produced a radical critique of accounts of sublimity and Freudian psychoanalysis This book makes a major contribution to an understanding of both the nineteenth century and the Gothic discourse which challenged the dominant ideas of that period Writers explored include Mary Shelley Edgar Allan Poe Robert Louis Stevenson and Bram Stoker

The Family, Marriage, and Radicalism in British Women's Novels of the 1790s Jennifer Golightly, 2012-02-01 This book explores the ways in which five female radical novelists of the 1790s Elizabeth Inchbald Eliza Fenwick Mary Hays Charlotte Smith and Mary Wollstonecraft attempted to use the components of private life to work toward widespread social reform These writers depict the conjugal family as the site for a potential reformation of the prejudices and flaws of the biological family The biological family in the radical novels of female writers is fraught with problems greed and selfishness pervert the relationships between siblings and neglect and ignorance characterize the parenting received by the heroines Additionally the radical novelists responding to representations of biological families as inherently restrictive for unmarried women develop the notion of marriage to a certain type of man as a social duty Marriage between two properly sensible people who have both cultivated their reason and understanding and who can live together as equals sharing domestic responsibilities is shown to be an ideal with the power to create social change Positioning their depictions of marriage in opposition to earlier feminist depictions of female utopian societies the female radical novelists of the 1790s strive to depict relationships between men and women that are characterized by cooperation individual autonomy and equality What is most important about these depictions is their ultimate failure Most of the female radical novelists find such marriages nearly impossible to conceptualize Marriage for many of the female radical novelists was an institution they perceived as inextricably related to male concerns about property and inescapably patriarchal under the marriage laws of late eighteenth century British society Unions between two worthy individuals outside the boundaries of marriage are shown in the female radical novels to be equally problematic sex inevitably is the basis for such unions yet sex leaves women vulnerable to exploitation by men Rather than the triumph therefore of what comes to be in these novels the male associated values of property and power through marriage the female radical novels end by suggesting an alternative community one that will shelter those members of

society who are most frequently exploited in male attempts to accumulate this property and power women servants and children

The Encyclopedia of the Gothic William Hughes, David Punter, Andrew Smith, 2015-10-08 THE ENCYCLOPEDIA OF THE GOTHIC Well written and interesting it is a testament to the breadth and depth of knowledge about its central subject among the more than 130 contributing writers and also among the three editors each of whom is a significant figure in the field of gothic studies A reference work that is firmly rooted in and actively devoted to expressing the current state of academic scholarship about its area New York Journal of Books A substantial achievement Reference Reviews Comprehensive and wide ranging The Encyclopedia of the Gothic brings together over 200 newly commissioned essays by leading scholars writing on all aspects of the Gothic as it is currently taught and researched along with challenging insights into the development of the genre and its impact on contemporary culture The A Z entries provide comprehensive coverage of relevant authors national traditions critical developments and notable texts that continue to define shape and inform the genre The volume's approach is truly interdisciplinary with essays by specialist international contributors whose expertise extends beyond Gothic literature to film music drama art and architecture From Angels and American Gothic to Wilde and Witchcraft The Encyclopedia of the Gothic is the definitive reference guide to all aspects of this strange and wondrous genre The Wiley Blackwell Encyclopedia of Literature is a comprehensive scholarly authoritative and critical overview of literature and theory comprising individual titles covering key literary genres periods and sub disciplines Available both in print and online this groundbreaking resource provides students teachers and researchers with cutting edge scholarship in literature and literary studies

EcoGothic Andrew Smith, William Hughes, 2015-11-01 This book will provide the first study of how the Gothic engages with ecocritical ideas Ecocriticism has frequently explored images of environmental catastrophe the wilderness the idea of home constructions of nature and images of the post apocalypse images which are also central to a certain type of Gothic literature By exploring the relationship between the ecocritical aspects of the Gothic and the Gothic elements of the ecocritical this book provides a new way of looking at both the Gothic and ecocriticism Writers discussed include Ann Radcliffe Mary Shelley Ambrose Bierce Algernon Blackwood Margaret Atwood Cormac McCarthy Dan Simmons and Rana Dasgupta The volume thus explores writing and film across various national contexts including Britain America and Canada as well as giving due consideration to how such issues might be discussed within a global context

Gothic Realities L. Andrew Cooper, 2014-01-10 Eighteenth century critics believed Gothic fiction would inspire deviant sexuality instill heretical beliefs and encourage antisocial violence this book puts these beliefs to the test After examining the assumptions behind critics fears it considers nineteenth century concerns about sexual deviance showing how Frankenstein Dr Jekyll and Mr Hyde Dorian Gray and other works helped construct homosexuality as a pathological dangerous phenomenon It then turns to television and film particularly Buffy the Vampire Slayer and David DeCoteau's direct to video movies to trace Gothicized sexuality's lasting impact Moving to heretical beliefs Gothic Realities

surveys ghost stories from Dickens's *A Christmas Carol* to *Poltergeist* articulating the relationships between fiction and the real supernatural. Finally it considers connections between Gothic horror and real world violence especially the tragedies at Columbine and Virginia Tech. *Gothic Metaphysics* Jodey Castricano, 2021-11-15 We live in the time of the Anthropocene which calls for a paradigm shift in our relation to this planet. One of the themes of this book is to call attention to the shift. This book is a challenge to Literary Gothic and Cultural Studies. The case for rethinking approaches to gothic fiction is built on an extended critique of Freudian assumptions and antinomies of the occult associated with mechanism, materialism and classical physics; a critique informed by Jung and an engaging re-evaluation of mystical, animist and alchemical modes of thought linked to quantum physics, new materialism along with curiously but effectively Derridean deconstruction and cryptonymy. Readers will benefit from the depth and breadth of the research in this book that draws upon philosophical, anthropological, psychoanalytic and scientific thought to engage with a literary genre in a way that changes how we think about Gothic Studies. *A Research Guide to Gothic Literature in English* Sherri L. Brown, Carol Senf, Ellen J. Stockstill, 2018-03-15

The Gothic began as a designation for barbarian tribes; was associated with the cathedrals of the High Middle Ages; was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms: literature, film, graphic novel, video games and other narrative and artistic forms. Unlike other recent books in the field that focus on certain aspects of the Gothic, this work directs researchers to seminal and significant resources on all of its aspects. Annotations will help researchers determine what materials best suit their needs. *A Research Guide to Gothic Literature in English* covers Gothic cultural artifacts such as literature, film, graphic novels and videogames. This authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the Gothic effectively and thoroughly. *Christina Rossetti's Gothic* Serena Trowbridge, 2013-08-01

The poetry of Christina Rossetti is often described as gothic and yet this term has rarely been examined in the specific case of Rossetti's work. Based on new readings of the full range of her writings from *Goblin Market* to the devotional poems and prose works, this book explores Rossetti's use of Gothic forms and images to consider her as a Gothic writer. *Christina Rossetti's Gothic* analyses the poet's use of the grotesque and the spectral and the Christian roots and Pre-Raphaelite influences of Rossetti's deployment of Gothic tropes. **Gothic Romanticism** T. Duggett, 2010-05-24

Gothic Romanticism winner of the 2010 MLA Prize for Independent Scholars is a study of the relationship between British Romanticism and the Gothic Revival. Reading a wide range of canonical and rare texts and spanning the Romantic discourses of architecture, politics and literary form, the book recovers the collaborative project of Wordsworth, Coleridge and Southey for a purified Gothic poetry and a second Gothic culture. **Suicide and the Gothic** William Hughes, Andrew Smith, 2019-08-08

Suicide and the Gothic is the first study of the representation of suicide in Gothic texts from the eighteenth century to the present. Poems, short stories, novels, films and video games are covered from European, American and Asian contexts. **A Companion to American Gothic** Charles L.

Crow,2013-09-10 A Companion to American Gothic features a collection of original essays that explore America's gothic literary tradition The largest collection of essays in the field of American Gothic Contributions from a wide variety of scholars from around the world The most complete coverage of theory major authors popular culture and non print media available

Cornish Gothic, 1830-1913 Joan Passey,2023-06-15 This book asks why so many authors drew on Cornwall for inspiration across the long nineteenth century and considers the seismic cultural changes in Cornwall that spurred this interest from the collapse of the mining industry to the developing national rail network from the birth of tourism to the neomedieval rise in interest in King Arthur Understanding frequently overlooked Cornwall in this period is vital to understanding Gothic literature the Victorian imagination intellectual and creative networks and attitudes towards regionality The first part of the book considers landscape and legend defining a mining Gothic tradition exposing the shipwreck as Gothic master trope and demonstrating how antiquarians drew from Cornish legends and lore The second part explores encounters with modernity investigating the impact of railway expansion on access to Cornwall the development of a Cornish King Arthur as a key figure of Victorian masculinity and the specific features of the Cornish ghost story

Freedom's Empire Laura Anne Doyle,2008-01-11 A sweeping argument that from the mid seventeenth century until the mid twentieth the English language novel encoded ideas equating race with liberty **Romanticism, Radicalism, and the Press** Stephen C. Behrendt,1997 Although literature has traditionally been conceived in terms of a real or implied association with a cultural elite a body of work exists that does not deliberately try to associate itself with that audience that may in fact purposely oppose or resist that audience but which nevertheless exerts a strong influence on what comes to be regarded as literature This work specifically examines the relations that developed among British authors of the Romantic period and the Radical culture whose oppositional discourse both in written text and in extra literary material is one of the most striking aspects of the political and social life of the period The volume broadens the field of materials to include other aspects of writing culture including reviews trial transcripts philological studies propaganda and verbal and visual satire and parody **Perceptions of Childhood in the Victorian Fin-de-Siècle** Jennifer Sattaur,2011-01-18 This book reads

Victorian fin de si cle literature through the medium of perceptions of childhood It examines the connection between monstrous and idealistic symbolic representations of childhood represented by key cultural discourses of the Victorian fin de si cle Specifically anxieties about change are linked closely to anxieties about childhood procreation and maturation in a range of Children's and Adults texts from the 1860s to the 1890s The book demonstrates the ways in which the emergent social movements which have come to define and represent change in the fin de si cle period were inherently concerned with the ideas of childhood and parenthood and the ways in which they represented both the promise and the threat of the future The texts are arranged by theme and grouped according to whether they are seen primarily as intended for children or for adults In texts intended for adult readers images of childhood are more covert and more metaphorical than those texts aimed

at child readers in which overt pedagogical concerns are often brought to bear Nothing embodies the idea of the future more than the children who stand as a bridge between now and then This book analyses the connections between Victorian perceptions of childhood and the anxieties and upheavals of the Victorian Fin de Si cle **Radical Shelley** Michael Henry Scrivener, 2014-07-14 This study oilers a new definition of Shelley s place in English radical culture Treating the poet s literary career as an active intervention in the social world Professor Scrivener shows how Shelley designed each text to provoke different audiences in a Utopian direction despite the political repression and other cultural limitations of which he was acutely aware Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Oxford Handbook of Charles Brockden Brown Philip Barnard, Hilary Emmett, Stephen Shapiro, 2019 The Oxford Handbook of Charles Brockden Brown provides a state of the art survey of the life and writings of Charles Brockden Brown a key writer of the Atlantic revolutionary age and U S Early Republic The seven novels he published during his lifetime are now studied for their narrative complexity innovations in genre and social political commentaries on life in early America and the revolutionary Atlantic Through the late twentieth century Brown was best known as an author of political romances in the gothic mode that proved to be widely influential in romantic era and has generated large amounts of scholarship as a crucial figure in the history of the American novel **The Romanticism Handbook** Sue Chaplin, Joel Faflak, 2011-03-10 A one stop resource containing introductory material through to practical case studies in reading primary and secondary texts to introducing criticism and new directions in research (Re-)Writing the Radical Maike Oergel, 2012-12-19 The essays in this volume discuss the overlap between philosophical aesthetic and political concerns in the 1790s either in the work of individuals or in the transfer of cultural materials across national borders which tended to entail adaptation and transformation What emerges is a clearer understanding of the fate of the Enlightenment its radicalization and its overcoming in aesthetic and political terms and of the way in which political paranoia generated by the fear of a spreading revolutionary radicalism facilitated and influenced the cultural transfer of the radical The collection will be of interest to scholars in French German English and comparative studies working on the later 18th century or early 19th century It is of particular interest to those working on the impact of the French Revolution those engaged in reception studies and those researching the interface between political and cultural activities It is also of key interest to intellectual historians of this period as well as general historians with an interest in modern conservatism and radicalism

Delve into the emotional tapestry woven by Crafted by in Dive into the Emotion of **Gothic Radicalism** .
