Jack Lively, Andrew Reeve

Handbook Of Political Fallacies:

Bentham's handbook of political fallacies Jeremy Bentham, 1971 **Bentham's Handbook of Political Fallacies** Jeremy Bentham, 1952 *Bentham's Handbook of Political Fallacies* Jeremy Bentham, 1977 **The Oxford Handbook of Political Ideologies** Michael Freeden, Lyman Tower Sargent, Marc Stears, 2013-08-15 This is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations The diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones Ideologies however are always with us The Handbook is divided into three sections The first is divided into three sections The first reflects some of the latest thinking about the development of ideology on an historical dimension from the standpoints of conceptual history Marx studies social science theory and history and leading schools of continental philosophy The second includes some of the most recent interpretations and theories of ideology all of which are sympathetic in their own ways to its exploration and close investigation even when judiciously critical of its social impact This section contains many of the more salient contemporary accounts of ideology The third focuses on the leading ideological families and traditions as well as on some of their cultural and geographical manifestations incorporating both historical and contemporary perspectives Each chapter is written by an expert in their field bringing the latest approaches and understandings to their task The Handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions **Bentham's Handbook of Political Fallacies** Harold Larrabee, 1985-06 The Handbook of Political Fallacies Jeremy Bentham, 1962 An English edition was first published in 1824 under the title *The book of fallacies* Bibliographical footnotes **The Handbook of Political Fallacies** Jeremy Bentham, 1962 **The Book of Fallacies. Bentham's Handbook of Political Fallacies. Revised, Edited and with a Preface by Harold A. Larrabee. With a Portrait.** Jeremy Bentham, Harold Atkins LARRABEE, 1952 *A History of Modern Political Thought* Gary Browning, 2016-10-27 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past

political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking **Bentham: A Guide for the**

Perplexed Philip Schofield,2009-04-15 Bentham A Guide for the Perplexed presents a clear account of his life and thought and highlights his relevance to contemporary debates in philosophy politics and law Key concepts and themes including Bentham s theory of logic and language his utilitarianism his legal theory his panopticon prison and his democratic politics together with his views on religion sex and torture are lucidly explored The book also contains an illuminating discussion of the nature of the text from the perspective of an experienced textual editor **Modern Political Theory from Hobbes to**

Marx Jack Lively,Andrew Reeve,2013-12-16 This anthology offers students a carefully edited selection of the most influential and enduring interpretations of key political theorists There are sections on Hobbes Locke Rousseau Burke Bentham Mill and Marx Each section includes classic articles by leading critics a substantial introduction by the editors and a guide to further reading A general introduction to the volume as a whole is also provided This is an up to date and extensive guide to the key issues at stake in the interpretative debate and it provides an invaluable text for students and teachers of modern political thought **The Place of Ideology in Political Life** D.J. Manning,T.J. Robinson,2021-09-30 First published in 1985 The

Place of Ideology in Political Life explores the concept of ideology in terms of its philosophical and intellectual underpinnings Ideology is a term much bandied about by politicians and political thinkers with very little precision employed in its use Despite acknowledgement in the literature of political studies that ideology plays a part in political life there exist no precise accounts of the nature of that contribution This book attempts to take a step towards redressing the balance by determining the sense in which ideology constitutes a genuine form of understanding human relationships and the place understanding has in all political activity regardless of whether or not any particular ideology is to be approved or condemned This concise work will be invaluable to all students of politics philosophy of action ethics and history of political thought *Sourcebook*

on Rhetoric James Jasinski,2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest Historical Foundations of Informal Logic Douglas Walton,Alan Brinton,2016-12-05 In just the last twenty years there has arisen a strong interest

especially among teachers of logic at the universities in teaching techniques of applied logical reasoning and critical thinking Many universities are now stressing these skills at an introductory level and to meet the need informal logic has begun to form and grow as a discipline in its own right Like all subjects it helps us to understand it if we can situate it in a context of historical development This collection of essays provides the readings required to understand the development of a subject whose historical origins have been so far little studied Many of the chapters are written by scholars in philosophy and speech communication who are themselves leading contributors to the subject and their contemporary views throw light on how these earlier writers have influenced their thinking This dimension gives an added interest to the essays and indicates the way informal logic is currently evolving and seeking out its ancient historical origins *Jeremy Bentham Bhikhu C. Parekh*,1993 *Sourcebook on Rhetoric* , The Book of Fallacies . Handbook of Political Fallacies *Jeremy Bentham*,1952*
