## **Handgun From Matchlock To Laser Sited Weapon:**

**Four Years on the Great Lakes, 1813-1816** Don Bamford, Paul Carroll, 2009-06-01 David Wingfield joined the Royal Navy in 1806 at the age of fourteen. His service took him to the Great Lakes during the War of 1812. Captured, he was a POW in the United States for nine months. Following his release, Wingfield had some intriguing adventures on the Upper Great Lakes before returning to England. Once home, he used his handwritten notes kept during his time in North America as the basis for an account of his experiences there. This unique account of the history of Canada during the events of the War of 1812 and the stories of the people and places he was exposed to during this time is being made available in book form for the first time. This is the only account of the War of 1812 as seen through the eyes of a young seaman. Included is a Wingfield genealogical description that spans the modern world. **Weapons** Jason Richie, 2000 Traces the development of weapons through the lives of such inventors and their inventions as David Bushnell and the submarine, Samuel Colt and the revolver, John Ericsson and the battleship, Hiram Maxim and the machine gun, and Ernest Swinton and the tank. **The Three Graces of Raymond Street** Robert E. Murphy, 2014-12-09 A compelling story about three murders in Brooklyn between 1872 and 1873 and the young women charged with the crimes. Between January 1872 and September 1873, the city of Brooklyn was gripped by accounts of three murders allegedly committed by young women: a factory girl shot her employer and seducer, an evidently peculiar woman shot a philandering member of a prominent Brooklyn family, and a former nun was arrested on suspicion of having hanged her best friend and onetime convent mate. Two were detained at the county jail on Raymond Street while one remained at large, and her pursuit and eventual arrest was complicated by dissension in the police department. Lawyers for all three women prepared insanity defenses, and citizens thronged the courtrooms to witness the suspenseful trials. An intriguing account of the events surrounding the cases, which became entwined with Brooklyn's politics and religious differences. **The Three Graces of Raymond Street** offers insights into the sexual mores of the times and illustrates the development of the modern American city. Robert E. Murphy has done a wonderful job recreating the lost city of Brooklyn in the years following the Civil War. Through the stories of three women jailed for murder, he brings to life the personalities and places and scandals that made Brooklyn a vibrant vital place. This is a terrific read. Terry Golway, author of **Machine Made: Tammany Hall and the Creation of Modern American Politics**. **The Rocks of Scarr** John A. Watson, 2010-10-01 **The Rocks of Scarr** is a satirical tale of adventure spurred by greed. It deals with the efforts of European Border Agencies to find the source and route of smuggled diamonds that are appearing on the European market. Suspicion has fallen on wealthy Russian industrialist Yevgeny Zhirkov, who may be using his distant water fishing fleet to smuggle uncut gems to St. Petersburg. A chink in the operation appears with the discovery that the United Kingdom is somehow involved. It is thought probable that the ship's captain Vladimir Radek is ripping off his employer and sending stones ashore to accomplices on the Moray Firth coast. A scheme is devised to catch the participants in the act. The old fishing village of
