Handloom Weavers In The Ulster Linen Industry:

The Handloom Weavers and the Ulster Linen Industry W. H. Crawford, 1994 *Handloom Weavers in Ulster's Linen Industry, 1815-1914* Kevin J. James, 2007 K J James examines linen handloom weavers as they encountered significant changes in the industry and explores fluctuating definitions of men's and women's work in the trade Using a case study of mid Antrim's rural weavers this book explores sexual divisions of labour the gendering of skill and work strategies in weaving households as it analyzes the persistence of hand production in Ireland's main textile sector This work advances the study of hand producers in Irish industry whose diverse experiences have been neglected in favour of urban factory labour in the study of the post Famine Irish linen industry *The Impact of the Domestic Linen Industry in Ulster* W. H. Crawford, 2005 The domestic linen industry left an indelible imprint on Ulster history It was introduced by colonists from the north of England in the 17th century before the arrival of the Huguenots and encouraged by the landlords to improve their rentals Earnings from raising flax spinning yarn and weaving cloth provided farming families with regular incomes that enabled them to lease small farms and improve marginal land Continual improvements by Ulster bleachers in the finishing of linens secured for them control of the industry focussing its development Exports to Britain first through Dublin and then direct to Liverpool and London created a merchant class and underpinned the development of Belfast and the provincial market towns By 1800 Ulster was reckoned to be the most prosperous province in Ireland It was also the most densely peopled with a population of two million in 1821 almost equal to that of Scotland *Industry, Trade and People in Ireland, 1650-1950* W. H. Crawford, 2005 Bill Crawford had played a key role in the development of Irish economic social and regional history for over forty years The essays in this book are testimony to his many spheres of influence as teacher archivist curator researcher and writer and focus on the themes in which Bill himself has been most interested the relations between town and countryside the linen industry and trade land and population His innovative use of historical sources extensive scholarship many publications and the enthusiasm for research which he imparts to so many people are acknowledged in this wide ranging volume *The Hand Loom Linen Weavers of Ireland and Their Work* James White, 1919 *An Economic History of Ulster, 1820-1939* Liam Kennedy, Philip Ollerenshaw, 1985 **Making Sense of the Molly Maguires** Kevin Kenny, 1998-02-12 Twenty Irish immigrants suspected of belonging to a secret terrorist organization called the Molly Maguires were executed in Pennsylvania in the 1870s for the murder of sixteen men Ever since there has been enormous disagreement over who the Molly Maguires were what they did and why they did it as virtually everything we now know about the Molly Maguires is based on the hostile descriptions of their contemporaries Arguing that such sources are inadequate to serve as the basis for a factual narrative author Kevin Kenny examines the ideology behind contemporary evidence to explain how and why a particular meaning came to be associated with the Molly Maguires in Ireland and Pennsylvania At the same time this work examines new archival evidence from Ireland that establishes that the American Molly Maguires were a rare transatlantic

strand of the violent protest endemic in the Irish countryside Combining social and cultural history Making Sense of the Molly Maguires offers a new explanation of who the Molly Maguires were as well as why people wrote and believed such curious things about them In the process it vividly retells one of the classic stories of American labor and immigration

The Oxford Handbook of Industrial Archaeology Eleanor Casella,Michael Nevell,Hanna Steyne,2022 Through international and multi period chapters this volume explores the origins and development of industrialization from its emergence in 18th century Europe to its contemporary ubiquity It interrogates the widespread exploitation of natural resources that forged industrialization and its environmental and social legacy in our globalized world **The Cambridge History of Ireland: Volume 3, 1730-1880** James Kelly,2018-02-28 The eighteenth and nineteenth centuries was an era of continuity as well as change Though properly portrayed as the era of Protestant Ascendancy it embraces two phases the eighteenth century when that ascendancy was at its peak and the nineteenth century when the Protestant elite sustained a determined rear guard defence in the face of the emergence of modern Catholic nationalism Employing a chronology that is not bound by traditional datelines this volume moves beyond the familiar political narrative to engage with the economy society population emigration religion language state formation culture art and architecture and the Irish abroad It provides new and original interpretations of a critical phase in the emergence of a modern Ireland that while focused firmly on the island and its traditions moves beyond the nationalist narrative of the twentieth century to provide a history of late early modern Ireland for the twenty first century Ireland and the Industrial Revolution Andy Bielenberg,2009-05-07 This monograph provides the first comprehensive analysis of industrial development in Ireland and its impact on Irish society between 1801 1922 Studies of Irish industrial history to date have been regionally focused or industry specific The book addresses this problem by bringing together the economic and social dimensions of Irish industrial history during the Union between Ireland and Great Britain In this period British economic and political influences on Ireland were all pervasive particularly in the industrial sphere as a consequence of the British industrial revolution By making the Irish industrial story more relevant to a wider national and international audience and by adopting a more multi disciplinary approach which challenges many of the received wisdoms derived from narrow regional or single industry studies this book will be of interest to economic historians across the globe as well as all those interested in Irish history more generally **Ireland's Great Famine, Britain's Great Failure** William H. A. Williams,2022-02-08 This book provides readers with a unique in depth understanding of the background to the Irish Famine and a detailed account of the crisis as well as the immediate and long term results of the catastrophe In addition to exploring the ecological and agriculture factors this work shows how cultural economic and political influences shaped British attitudes and policies When the entire potato crop failed in the fall of 1846 what began as an ecological disaster quickly became a political one Hampered by long standing prejudice and Anglo Irish tensions the British government s various attempts to deal with the humanitarian crisis were muddled by competing

economic and social goals Among these was the idea that the Famine represented an opportunity to purge Ireland of fragmented land holding and potato dependency by encouraging an English type market driven agriculture Changes did occur but the government's imperial dreams eventually ran up against Irish realities **The Weaver's Craft** Adrienne D. Hood,2011-01-01 Cloth was one of the most important commodities in the early modern world and colonial North Americans had to develop creative strategies to acquire it Although early European settlers came from societies in which hand textile production was central to the economy local conditions in North America interacted with traditional craft structures to create new patterns of production and consumption The Weaver's Craft examines the development of cloth manufacture in early Pennsylvania from its roots in seventeenth century Europe to the beginning of industrialization Adrienne D Hood's focus on Pennsylvania and the long sweep of history yields a new understanding of the complexities of early American fabric production and the regional variations that led to distinct experiences of industrialization Drawing on an extensive array of primary sources combined with a quantitative approach the author argues that in contrast to New England rural Pennsylvania women spun the yarn that a small group of trained male artisans wove into cloth on a commercial basis throughout the eighteenth century Their production was considerably augmented by consumers purchasing cheap cloth from Europe and Asia making them active participants in a global marketplace Hood's painstaking research and numerous illustrations of textile equipment swatch books and consumer goods will be of interest to both scholars and craftspeople

demonstrates the wealth complexity and sophistication of Irish rural studies The book is essential reading for anyone involved in modern Irish history It will also serve as an excellent introduction to this rich field for scholars of other peasant communities and all interested in problems of economic and political developments American Historical Review A milestone in the evolution of Irish social history There is a remarkable consistency of style and standard in the essays This is truly history from the grassroots Timothy P O'Neill *Studia Hibernica* **Northman: John Hewitt (1907-87)** W. J.

McCormack, 2015-09-10 This the first ever biography of John Hewitt is based on archival material both personal and literary In many ways it is also a biography of his wife Roberta nee Black whose manuscript journal is also in the public domain To establish Hewitt's late arrival as a poet the book opens with a chapter recounting his negotiations with a London publisher over a long period and the eventual appearance of *No Rebel Word* 1949 Successive chapters trace his education courtship literary apprenticeship first employment as a junior gallery curator in Belfast the political conflicts of the 1930s and then the War Years his rejection for the post of director in Belfast's Civic Museum and Gallery and his utopian commitment to regionalism Appointment to the Herbert Gallery in Coventry in 1956 brought recognition and confidence His leanings towards socialist realism came to accommodate abstract art and he defended the sculptor Barbara Hepworth against the penny pinching ratepayers Throughout this two part career Hewitt maintained his output as poet culminating in the *Collected Poems* 1968 His Irish political commitments never wavered though he became cautious about forms of nationalism which proclaimed themselves left wing Roberta Hewitt's work for the Coventry Labour Party provided an outlet for her energies and her domestic frustrations Throughout these forty years the poetry is kept constantly in view sometime by reference to individual pieces and their origins and some by means of longer breaks for text where more detailed criticism is practised In 1972 the Hewitts returned to Belfast when the Troubles reached an ugly peak Committed to anti-sectarianism Hewitt withheld support from all parties though he took an interest in trade union activity Publishing perhaps too much poetry in his last decade and a half he died very much in harness **Ireland and Irish America** Kerby A. Miller, 2008

Between 1600 and 1929 perhaps seven million men and women left Ireland and crossed the Atlantic Ireland and Irish America is concerned with Catholics and Protestants rural and urban dwellers men and women on both sides of that vast ocean Drawing on over thirty years of research in sources as disparate as emigrants letters and demographic data it recovers the experiences and opinions of emigrants as varied as the Rev James McGregor who in 1718 led the first major settlement of Presbyterians from Ulster to the New World Mary Rush a desperate refugee from the Great Famine in County Sligo and Tom Brick an Irish speaking Kerryman on the American prairie in the early 1900s Above all Ireland and Irish America offers a trenchant analysis of mass migration's causes its consequences and its popular and political interpretations In the process it challenges the conventional two traditions Protestant versus Catholic paradigm of Irish and Irish diasporan history and it illuminates the hegemonic forces and relationships that governed the Irish and Irish American worlds created and linked by

transatlantic capitalism Regions and Industries Pat Hudson, 1989-10-26 In this book a team of distinguished historians contend that industrialization in Britain and elsewhere occurred first and foremost within regions rather than in the nation as a whole 2007 Massimo Mastrogregori, 2011-12-23 Die International Bibliography of Historical Sciences verzeichnet jährlich die bedeutendsten Neuerscheinungen geschichtswissenschaftlicher Monographien und Zeitschriftenartikel weltweit die inhaltlich von der Vor- und Frühgeschichte bis zur jüngsten Vergangenheit reichen Sie ist damit die derzeit einzige laufende Bibliographie dieser Art die thematisch zeitlich und geographisch ein derart breites Spektrum abdeckt Innerhalb der systematischen Gliederung nach Zeitalter Region oder historischer Disziplin sind die Werke nach Autorennamen oder charakteristischem Titelhauptwort aufgelistet
