consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case The Laws of scientific hand reading William George Benham,1900 **Out of Your Hands** Beleta Greenaway,2025-09-12 Out of Your Hands provides a complete guide to deciphering all aspects of the hand its shape palmar lines and fingerprints Beleta not only provides practical interpretations such as personality traits and relationship prospects but also discusses the markings on the hand that provide mystic insights When you look at the lines on someone's hand you are looking at that person's journey of life and the map of their character and fate Although palmistry is considered a science and each line on the palm represents a certain meaning it is also known to be another channel for psychics to gain information because touching or feeling the hand brings a vibration to the clairvoyant and thus becomes a form of psychometry By understanding the markings on the hands you will gain insight into personality traits as well as an understanding of a possible destiny The insights gained through palmistry can improve your life and your chances of future happiness **The Laws of Scientific Hand Reading** William G.
