Hank Goes Dancing The Hanky Panky Stories Hanky Panky Stories:

Hank Goes Dancing John Ronane, 2001-05-29 Francis Hank L Simpson a child of World War II and his mother's darling is convinced that charm and personality will carry him through life's problems Hank's National Service in the RAF is a rude awakening when the horrible necessity of sharing his private moments with other unfortunate conscripts coupled with excessive drinking to stem the rising sap of manhood makes Hank's time pass in a flurry of excesses Hank's father who survived Dunkirk believes his son has serious problems with facing reality but Hank's loving mother is always at hand and Hank knows he can rely on her Girls and brown ale are Hank's chief comforts and these would suffice until a madman is loose in Ventnor and heroic Hank is called upon to come to the town's rescue **The Story of Shaw's Saint Joan** Brian Tyson, 1982-05-01 The literary genetics of Shaw's most famous play are here examined for the first time The sources of Saint Joan are closely compared with the original shorthand manuscript and that is compared with its subsequent revisions This evidence is supplemented by facts drawn from Shaw's correspondence in print in the British Library and in private collections and by accounts both in print and in the correspondence of people who knew Shaw at the time of his writing Saint Joan The manuscript and its revisions are examined in the light of all that has been written about the play since it first appeared in 1923 Tyson examines the events that led Shaw to write Saint Joan establishes the times and places of its composition and speculates on the models upon which Shaw may have based his heroine The scene by scene investigation of the original manuscript accounts as far as possible for later alterations and revisions and discusses passages of critical or historical interest The concluding chapters survey the circumstances surrounding the first production of the play in the United States Great Britain France and Germany and reflect on the impact that Saint Joan has had on drama for more than half a century *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... dozen bands and they all graciously agreed to chat about their career and the problems they encountered that ended some of their careers dead in its tracks The book is also comprised of short stories that have been compiled since the author was in college and they fit the feel of the book very antiestablishment and hovering on the fringes of society and conformity Closing out the book are interviews done with several other musicians most of which have never been published before They are all intriguing because the musicians talk about facets of their career that they haven't spoken about in years if at all This book captures a time in the music industry when there were no rules
