## **Hannah Arendt The Jewish Question:**

Hannah Arendt and the Jewish Question Richard J. Bernstein, 2013-05-28 Hannah Arendt is increasingly recognised as one of the most original social and political thinkers of the twentieth century In this important book Richard Bernstein sets out to show that many of the most significant themes in Arendt's thinking have their origins in their confrontation with the Jewish Question By approaching her mature work from this perspective we can gain a richer and more subtle grasp of her main ideas Bernstein discusses some of the key experiences and events in Arendt's life story in order to show how they shaped her thinking He examines her distinction between the Jewish parvenu and the pariah and shows how the conscious pariah becomes a basis for understanding the independent thinker Arendt's deepest insights about politics emerged from her reflections on statelessness which were based on her own experiences as a stateless person By confronting the horrors of totalitarianism and the concentration camps Arendt developed her own distinctive understanding of authentic politics the politics required to express our humanity and which totalitarianism sought to destroy Finally Bernstein takes up Arendt's concern with the phenomenon of the banality of evil He follows her use of Eichmann in order to explore how the failure to think and to judge is the key for grasping this new phenomenon *Hannah Arendt and the Jewish Question* offers a new interpretation of Arendt and her work one which situates her in her historical context as an engaged Jewish intellectual

**Hannah Arendt and the Jewish Question** Richard J. Bernstein, 1996 Hannah Arendt 1906-1975 was one of the most original and interesting political thinkers of the twentieth century In this new interpretation of her career philosopher Richard Bernstein situates Arendt historically as an engaged Jewish intellectual and explores the range of her thinking from the perspective of her continuing confrontation with the Jewish question Bernstein argues that many themes that emerged in the course of Arendt's attempts to understand specifically Jewish issues shaped her thinking about politics in general and the life of the mind By exploring pivotal events of her life story her arrest and subsequent emigration from Germany in 1933 her precarious existence in Paris as a stateless Jew working for Zionist organizations her internment at Gurs and her subsequent escape and finally her flight from Europe in 1941 he shows how personal experiences and her responses to them oriented her thinking *The Jewish Writings* Hannah Arendt, 2008-02-26 Although Hannah Arendt is not primarily known as a Jewish thinker she probably wrote more about Jewish issues than any other topic As a young adult in Germany she wrote about German Jewish history After moving to France in 1933 she helped Jewish youth immigrate to Palestine During her years in Paris her principle concern was the transformation of antinomianism from prejudice to policy which would culminate in the Nazi final solution After France fell Arendt escaped from an internment camp and made her way to America There she wrote articles calling for a Jewish army to fight the Nazis After the war she supported the creation of a Jewish homeland in a binational Arab Jewish state of Israel Arendt's original conception of political freedom cannot be fully grasped apart from her experience as a Jew In 1961 she attended Adolf Eichmann's trial in Jerusalem Her report *Eichmann in Jerusalem* provoked an

immense controversy which culminated in her virtual excommunication from the worldwide Jewish community Today that controversy is the subject of serious re evaluation especially among younger people in the United States Europe and Israel The publication of *The Jewish Writings* much of which has never appeared before traces Arendt s life and thought as a Jew It will put an end to any doubts about the centrality from beginning to end of Arendt s Jewish experience *Hannah Arendt and the Negro Question* Kathryn T. **The Jewish Question** Enzo Traverso,2018-10-16 In *The Jewish Question* History of a Marxist Debate Enzo Traverso explores the causes and the forms of the encounter that took place from the middle of the nineteenth century to the Holocaust between the intelligentsia of a cosmopolitan minority and the most radical ideological current of Western modernity From Karl Marx to the Frankfurt School the Jewish Question to a set of problems related to emancipation and anti-Semitism cultural assimilation and Zionism raised significant controversies within Marxist theory Enzo Traverso carefully reconstructs this intellectual debate that runs over more than a century pointing out both its achievements and its blind alleys This is the second edition completely rewritten and updated of a book already translated into many languages originally published in French then translated into English German Spanish Japanese and Turkish Jean-Paul Sartre and

the Jewish Question Jonathan Judaken, 2006-12-01 Examines the image of the Jew in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism This book explores how French identity is defined through the abstraction and allegorization of the Jew      The Arab and Jewish Questions Bashir Bashir, Leila Farsakh, 2020-12-15 Nineteenth century Europe turned the political status of its Jewish communities into the Jewish Question as both Christianity and rising forms of nationalism viewed Jews as the ultimate other With the onset of Zionism this question migrated to Palestine and intensified under British colonial rule and in the aftermath of the Holocaust Zionism's attempt to solve the Jewish Question created what came to be known as the Arab Question which concerned the presence and rights of the Arab population in Palestine For the most part however Jewish settlers denied or dismissed the question they created to the detriment of both Arabs and Jews in Palestine and elsewhere This book brings together leading scholars to consider how these two questions are entangled historically and in the present day It offers critical analyses of Arab engagements with the question of Jewish rights alongside Zionist and non Zionist Jewish considerations of Palestinian identity and political rights Together the essays show that the Arab and Jewish questions and the Israeli Palestinian conflict in which they have become subsumed belong to the same thorny history Despite their major differences the historical Jewish and Arab questions are about the political rights of oppressed groups and their inclusion within exclusionary political communities a question that continues to foment tensions in the Middle East Europe and the United States Shedding new light on the intricate relationships among Orientalism anti-Semitism Islamophobia colonialism and the impasse in the Israeli Palestinian conflict this book reveals the inseparability of Arab and Jewish struggles for self-determination and political equality Contributors include Gil Anidjar Brian Klug Amal Ghazal Ella Shohat Hakem Al Rustom Hillel Cohen Yuval Evi Derek Penslar Jacqueline Rose Moshe Behar Maram Masarwi and the editors Bashir Bashir and Leila Farsakh      *Carl Goerdeler and the Jewish Question, 1933-1942* Peter Hoffmann, 2011-07-11 In the 1930s Carl Goerdeler the mayor of Leipzig and as prices commissioner a cabinet level official engaged in active opposition against the persecution of the Jews in Germany and in Eastern Europe He did this openly until 1938 and then secretly in contact with the British Foreign Office Having failed to change Hitler's policy against the Jews Goerdeler joined forces with military and civil conspirators against the regime He was hanged for treason on 2 February 1945 This book describes the actions of Carl Goerdeler the German resistance leader who consistently engaged in efforts to protect the Jews against persecution Using new evidence and thus far under researched documents including a memorandum written by Goerdeler at the end of 1941 with a proposal for the status of the Jews in the world the book fundamentally changes our understanding of Goerdeler's plan and presents a new view of the German resistance to Hitler      **Deconstructing Zionism** Gianni Vattimo, Michael Marder, 2013-11-21 This volume in the Political Theory and Contemporary Philosophy series provides a political and philosophical critique of Zionism While other nationalisms seem to have adapted to twenty first century realities and shifting notions of state and nation

Zionism has largely remained tethered to a nineteenth century mentality including the glorification of the state as the only means of expressing the spirit of the people These essays contributed by eminent international thinkers including Slavoj Zizek Luce Irigaray Judith Butler Gianni Vattimo Walter Mignolo Marc Ellis and others deconstruct the political metaphysical myths that are the framework for the existence of Israel Collectively they offer a multifaceted critique of the metaphysical theological and onto political grounds of the Zionist project and the economic geopolitical and cultural outcomes of these foundations A significant contribution to the debates surrounding the state of Israel today this groundbreaking work will appeal to anyone interested in political theory philosophy Jewish thought and the Middle East conflict

**The Violence of Victimhood** Diane Enns, 2015-08-06 We know that violence breeds violence We need look no further than the wars in the western Balkans the genocide in Rwanda or the ongoing crisis in Israel and Palestine But we don't know how to deal with the messy moral and political quandaries that result when victims become perpetrators When the line between guilt and innocence wavers and we are confronted by the suffering of the victim who turns to violence judgment may give way to moral relativism or liberal tolerance compassion to a pity that denies culpability This is the point of departure in *The Violence of Victimhood* and the impetus for its call for renewed considerations of responsibility judgment compassion and nonviolent politics To address her provocative questions Diane Enns draws on an unusually wide ranging cast of characters from the fields of feminism philosophy peacebuilding political theory and psychoanalysis In the process she makes an original contribution to each enriching discussions that are otherwise constricted by disciplinary boundaries and an arid distinction between theory and practice

**The Legacy of Liberal Judaism** Ned Curthoys, 2013-10-01 Comparing the liberal Jewish ethics of the German Jewish philosophers Ernst Cassirer and Hannah Arendt this book argues that both espoused a diasporic worldly conception of Jewish identity that was anchored in a pluralist and politically engaged interpretation of Jewish history and an abiding interest in the complex lived reality of modern Jews Arendt's indebtedness to liberal Jewish thinkers such as Moses Mendelssohn Abraham Geiger Hermann Cohen and Ernst Cassirer has been obscured by her modernist posture and caustic critique of the assimilationism of her German Jewish forebears By reorienting our conception of Arendt as a profoundly secular thinker anchored in twentieth century political debates we are led to rethink the philosophical political and ethical legacy of liberal Jewish discourse

**The European Left and the Jewish Question, 1848-1992** Alessandra Tarquini, 2021-07-02 This book examines how left wing political and cultural movements in Western Europe have considered Jews in the last two hundred years The chapters seek to answer the following question has there been a specific way in which the Left has considered Jewish minorities The subject has taken various shapes in the different geographical contexts influenced by national specificities In tandem this volume demonstrates the extent to which left wing movements share common trends drawn from a collective repertoire of representations and meanings Highlighting the different aspects of the subject matter the chapters in this book are divided in three parts each dedicated to a major theme the contribution of the

theorists of Socialism to the Jewish Question Antisemitism and its representations in left wing culture and the perception of the Arab Israeli conflict Taken together these three themes allow for a multidisciplinary analysis of the relationship between the Left and Jews from the second half of the nineteenth century to recent times *Reading Heidegger's Black Notebooks 1931-1941* Ingo Farin, Jeff Malpas, 2016-02-19 Heidegger scholars consider the philosopher's recently published notebooks including the issues of Heidegger's Nazism and anti-Semitism For more than forty years the philosopher Martin Heidegger logged ideas and opinions in a series of notebooks known as the Black Notebooks after the black oilcloth booklets into which he first transcribed his thoughts In 2014 the notebooks from 1931 to 1941 were published sparking immediate controversy It has long been acknowledged that Heidegger was an enthusiastic supporter of the Nazi Party in the early 1930s But the notebooks contain a number of anti-Semitic passages often referring to the stereotype of World Jewry written even after Heidegger became disenchanted with the Nazis themselves Reactions from the scholarly community have ranged from dismissal of the significance of these passages to claims that the anti-Semitism in them contaminates all of Heidegger's work This volume offers the first collection of responses by Heidegger scholars to the publication of the notebooks In essays commissioned especially for the book the contributors offer a wide range of views addressing not only the issues of anti-Semitism and Nazism but also the broader questions that the notebooks raise Contributors Babette Babich Andrew Bowie Steven Crowell Fred Dallmayr Donatella Di Cesare Michael Fagenblat Ingo Farin Gregory Fried Jean Grondin Karsten Harries Laurence Paul Hemming Jeff Malpas Thomas Rohkr mer Tracy B Strong Peter Trawny Daniela Vallega Neu Friedrich Wilhelm von Herrmann Nancy A Weston Holger Zaborowski *Justifying the Obligation to Die* Ilan Zvi Baron, 2009-06-16 One of the state's key features is its ability to oblige its citizens to risk their lives on its behalf by being sent into war However what is it about the state or its equivalent that makes this obligation justifiable *Justifying the Obligation to Die* is the first monograph to explore systematically how this obligation has been justified Using key texts from political philosophy and just war theory it provides a critical survey of how this obligation has been justified and using illustrations from Zionist thought and practice demonstrates how the various arguments for the obligation have functioned The obligation to risk one's life for the state is often presumed by theorists and practitioners who take the state for granted but for the Zionists a people without a state but in search of one and who have little history of state based political thought it became necessary to explain this obligation As such this book examines Zionism as a Jewish political theory reading it alongside the tradition of Western political thought and critiques how Zionist thought and practice sought to justify this obligation to risk one's life in war what Michael Walzer termed the obligation to die Finally turning to the political thought of Hannah Arendt the author suggests how the obligation could become justifiable although never entirely justified For the obligation to become at all justifiable the type of politics that the state enables must respect human diversity and individuality and restrict violence so that violence is not a continuation of politics German-Jewish Thought Between Religion and Politics Christian Wiese, Martina

Urban,2012-03-30 Since the Enlightenment period German Jewish intellectuals have been prominent voices in the multifaceted discourse on the reinterpretation of Jewish tradition in light of modern thinking Paul Mendes Flohr one of the towering figures of current scholarship on German Jewish intellectual history has made invaluable contributions to a better understanding of the religious cultural and political dimensions of these thinkers encounter with German and European culture including the tension between their loyalty to Judaism and the often competing claims of non Jewish society and culture This volume assembles essays by internationally acknowledged scholars in the field who intend to honor Mendes Flohr s work by portraying the abundance of religious philosophical aesthetical and political aspects dominating the thinking of those famous thinkers populating German Jewry s rich and complex intellectual world in the modern period It also provides a fresh theoretical outlook on trends in Jewish intellectual history raising new questions concerning the dialectics of assimilation In addition to that the volume sheds light on thinkers and debates that hitherto have not been accorded full scholarly attention

*Hannah Arendt and Cosmopolitanism* Angela Taraborrelli,2024-09-05 Hannah Arendt and Cosmopolitanism presents the first comprehensive study of Hannah Arendt s cosmopolitanism Challenging the common belief that cosmopolitanism is a negligible or incompatible element of Arendt s thought it unpacks various key elements of her philosophy such as her critique of human rights the defence of the right to have rights as a right to belong to a particular political community the scepticism towards the establishment of a world government as a solution to the problem of statelessness and the importance she attached to the passport Through this the text argues that Arendt is a theorist of cosmopolitanism in her own right by reconstructing as systematically as possible an issue that is relatively neglected in the secondary literature Taraborrelli shows how Arendt anticipates and develops cosmopolitanism in four main forms moral political institutional judicial cultural and how in her thought there is no insuperable contradiction between cosmopolitanism and belonging to a political community or between cosmopolitanism and the conditions of political action

**Socialism of Fools** Michele Battini,2016-04-05 In *Socialism of Fools* Michele Battini focuses on the critical moment during the Enlightenment in which anti Jewish stereotypes morphed into a sophisticated modern social anti Semitism He recovers the potent anti Jewish anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries Beginning in the eighteenth century counter Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self sustaining markets and the liberal state These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s Anti Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party to Germany with the Anti Semitic Leagues to France with the nationalist movements and to Italy where Revolutionary Syndicalists made anti Jewish anticapitalism the basis of an alliance with the nationalists Exemplified best in the Protocols of the Elders of Zion the infamous document that leaked Jewish plans to

conquer the world the Jewish conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth Isolating the intellectual roots of this phenomenon and its contemporary resonances Battini shows us why so many decades after the Holocaust Jewish people continue to be a powerful political target **Irreparable Evil** David Scott,2024-02-20 What was distinctive about the evil of the transatlantic slave trade and New World slavery In what ways can the present seek to rectify such historical wrongs even while recognizing that they lie beyond repair Irreparable Evil explores the legacy of slavery and its moral and political implications offering a nuanced intervention into debates over reparations David Scott reconsiders the story of New World slavery in a series of interconnected essays that focus on Jamaica and the Anglophone Caribbean Slavery he emphasizes involved not only scarcely imaginable brutality on a mass scale but also the irreversible devastation of the ways of life and cultural worlds from which enslaved people were uprooted Colonial extraction shaped modern capitalism plantation slavery enriched colonial metropolises and simultaneously impoverished their peripheries To account for this atrocity Scott examines moral and reparatory modes of history and criticism probing different conceptions of evil He reflects on the paradoxes of seeking redress for the specific moral evil of slavery criticizing the limitations of liberal rights based arguments for reparations that pursue reconciliation with the past Instead this book argues in making the urgent demand for reparations we must acknowledge the fundamental irreparability of a wrong of such magnitude

Critical Theories of Anti-Semitism Jonathan Judaken,2024-06-04 Despite its persistence and viciousness anti-Semitism remains undertheorized in comparison with other forms of racism and discrimination How should anti-Semitism be defined What are its underlying causes Why do anti-Semites target Jews In what ways has Judeophobia changed over time What are the continuities and disconnects between medieval anti-Judaism and the Holocaust How does criticism of the state of Israel relate to anti-Semitism And how can social theory illuminate the upsurge in attacks on Jews today Considering these questions and many more this book is at once a philosophical reflection on key problems in the analysis of anti-Semitism and a history of its leading theories and theorists Jonathan Judaken explores the methodological and conceptual issues that have vexed the study of Judeophobia and calls for a reconsideration of the definitions categories and narratives that underpin overarching explanations He traces how a range of thinkers have wrestled with these challenges examining the theories of Jean Paul Sartre the Frankfurt School Hannah Arendt and Jean Fran ois Lyotard alongside the works of sociologists Talcott Parsons and Zygmunt Bauman and historians L on Poliakov and George Mosse Judaken argues against claims about the uniqueness of Judeophobia demonstrating how it is entangled with other racisms Islamophobia Negrophobia and xenophobia Critical Theories of Anti-Semitism not only urges readers to question how they think about Judeophobia but also draws them into conversation with a range of leading thinkers whose insights are sorely needed in this perilous moment Heidegger and the Jews Donatella Di Cesare,2018-08-23 Philosophers have long struggled to reconcile Martin Heidegger's involvement in Nazism with his status as one of the greatest thinkers of the twentieth century The recent publication of his Black

Notebooks has reignited fierce debate on the subject. These thousand odd pages of jotted observations profoundly challenge our image of the quiet philosopher's exile in the Black Forest, revealing the shocking extent of his anti-Semitism for the first time. For much of the philosophical community, the Black Notebooks have been either used to discredit Heidegger or seen as a bibliographical detail irrelevant to his thought. Yet in this new book, renowned philosopher Donatella Di Cesare argues that Heidegger's metaphysical anti-Semitism was a central part of his philosophical project. Within the context of the Nuremberg race laws, Heidegger felt compelled to define Jewishness and its relationship to his concept of Being. Di Cesare shows that Heidegger saw the Jews as the agents of a modernity that had disfigured the spirit of the West. In a deeply disturbing extrapolation, he presented the Holocaust as both a means for the purification of Being and the Jews' own self-destruction, a process of death on an industrialized scale that was the logical conclusion of the acceleration in technology they themselves had brought about. Situating Heidegger's anti-Semitism firmly within the context of his thought, this groundbreaking work will be essential reading for students and scholars of philosophy and history, as well as the many readers interested in Heidegger's life, work, and legacy.
