Hannah Arendt And The Limits Of Philosophy With A New Preface:

Hannah Arendt and the Limits of Philosophy Lisa Jane Disch, 1994 In this new interpretation of the political writings of Hannah Arendt Lisa Jane Disch focuses on an issue that remains central to today's debates in political philosophy and feminist theory the relationship of experience to critical understanding Discussing a range of Arendt's work including unpublished writings Disch explores the function of storytelling as a form of critical theory beyond the limits of philosophy

»Faith in the World« Rafael Zawisza, Ludger Hagedorn, 2021-11-24 Dieses Buch greift ein zentrales aber wenig beachtetes Thema im Werk Hannah Arendts auf ihr ambivalentes Verhältnis zum jüdischen christlichen Erbe Schon in ihrer Dissertation über den Liebesbegriff bei Augustinus entwickelte sie die Hauptmomente ihrer Lesart Arendts starkes Konzept der Weltlichkeit könnte gerade heute hilfreich sein für einen Ausgleich zwischen Sarkasmus und dem offenkundigen Fortwirken religiöser Überzeugungen Obschon Arendt sich erklärtermaßen als säkularer Denkerin verstand öffnet ihr Werk Perspektiven einer neuen vielleicht sogar messianischen Haltung zur Weltlichkeit und Endlichkeit des Lebens In einer berühmten Formulierung der Vita activa charakterisiert sie diese mit den Worten Vertrauen und Hoffnung

Hannah Arendt and Human Rights Peg Birmingham, 2006-09-29 Hannah Arendt's most important contribution to political thought may be her well known and often cited notion of the right to have rights In this incisive and wide ranging book Peg Birmingham explores the theoretical and social foundations of Arendt's philosophy on human rights Devoting special consideration to questions and issues surrounding Arendt's ideas of common humanity human responsibility and natality Birmingham formulates a more complex view of how these basic concepts support Arendt's theory of human rights Birmingham considers Arendt's key philosophical works along with her literary writings especially those on Walter Benjamin and Franz Kafka to reveal the extent of Arendt's commitment to humanity even as violence horror and pessimism overtook Europe during World War II and its aftermath This current and lively book makes a significant contribution to philosophy political science and European intellectual history

Perspectives on Human Suffering Jeff Malpas, Norelle Lickiss, 2012-04-23 This volume brings together a range of interdisciplinary perspectives on a topic of central importance but which has otherwise tended to be approached from within just one or another disciplinary framework Most of the essays contained here incorporate some degree of interdisciplinarity in their own approach but the volume nevertheless divides into three main sections Philosophical considerations Humanities approaches Legal medical and therapeutic contexts The volume includes essays by philosophers medical practitioners and researchers historians lawyers literary Classical and Judaic scholars The essays are united by a common concern with the question of the human character of suffering and the demands that suffering and the recognition of suffering make upon us

Hannah Arendt And The Jewish Question Richard J. Bernstein, 1996-07-11 Hannah Arendt 1906 1975 was one of the most original and interesting political thinkers of

the twentieth century In this new interpretation of her career philosopher Richard Bernstein situates Arendt historically as an engaged Jewish intellectual and explores the range of her thinking from the perspective of her continuing confrontation with the Jewish question Bernstein argues that many themes that emerged in the course of Arendt's attempts to understand specifically Jewish issues shaped her thinking about politics in general and the life of the mind By exploring pivotal events of her life story her arrest and subsequent emigration from Germany in 1933 her precarious existence in Paris as a stateless Jew working for Zionist organizations her internment at Gurs and her subsequent escape and finally her flight from Europe in 1941 he shows how personal experiences and her responses to them oriented her thinking Arendt's analysis of the Jews lack of preparation for the vicious political anti-Semitism that arose in the last decade of the nineteenth century Bernstein argues led her on a quest for the ultimate meaning of politics and political responsibility Moreover he points out that Arendt's deepest insights about politics emerged from her reflections on statelessness and totalitarian domination Bernstein also examines Arendt's attraction to and break with Zionism and the reasons for her critical stance toward a Jewish sovereign state He then turns to the issue that in Arendt's opinion needed most to be confronted in the aftermath of World War II the fundamental nature of evil He traces the nuances of her thinking from radical evil to the banality of evil and finally reexamines Eichmann in Jerusalem her meditation on evil that caused a storm of protest and led some to question her loyalty to the Jewish people

Migration, Participation and the Making of Homes Susanne Berliner, 2025-07-31 This book is an ethnographic inquiry into the socio-ecological relationalities in an intercultural community garden in Germany created in 2015 as a Refugees Welcome project It explores this quietly political space of civic everyday which seeks to foster care for both people and planet In three narrations the book offers power critical reflections on social encounters participation in equalities and home making In innovative ways the narrations also shed light on how people's doings are entangled with the more than human plants soils animals water and more Migration Participation and the Making of Homes increases our understanding of how communities navigate social heterogeneity and how people with refugee biographies shape their surroundings as active agents The narrations show that a cosmopolitan spirit is alive in this garden and the plants play a significant part in its expression Yet while the garden works as a retreat from hostilities that people may experience outside it also remains a racialised space Power relations work in complex ways positioning individuals as not belonging where conflicts occur At the same time in instances less shaped by the local habitus new dynamics develop between guest and host The narrations demonstrate how all people in the garden are engaged in unique home making processes and in the making of the shared home which is the garden The gardeners connect in the joy of tending and watching life grow as the plants speak in their own way about vital continuity Contributing to the social scientific exploration of the dynamics of migration belonging and community making in pluralistic societies this book takes a transdisciplinary shape entering into dialogue with literature from various fields As such it will be of interest for researchers and university students of all levels in the areas of

sociology education social work anthropology environmental studies political science and related fields This book will also be useful for civil organisations working in refugee support and or integration policymakers and local governments

Shattered Dreams, Infinite Hope Brandon M. Terry, 2025 The romantic vision of the civil rights movement is exhausted and its inverse Afropessimism offers a self defeating irony To resolve this impasse Brandon Terry transforms the standard story of America's democratic awakening through a tragic reading of the civil rights movement as an ongoing struggle still worthy of affirmation

An Introduction to Modern Jewish Philosophy Claire Elise Katz, 2013-11-19 How Jewish is modern Jewish philosophy The question at first appears nonsensical until we consider that the chief issues with which Jewish philosophers have engaged from the Enlightenment through to the late 20th century are the standard preoccupations of general philosophical inquiry Questions about God reality language and knowledge metaphysics and epistemology have been of as much concern to Jewish thinkers as they have been to others Moses Mendelssohn for example was a friend of Kant Hermann Cohen's philosophy is often described as neo Kantian Franz Rosenzweig wrote his dissertation on Hegel And the thought of Emmanuel Levinas is indebted to Husserl In this much needed textbook which surveys the most prominent thinkers of the last three centuries Claire Katz situates modern Jewish philosophy in the wider cultural and intellectual context of its day indicating how broader currents of British French and German thought influenced its practitioners But she also addresses the unique ways in which being Jewish coloured their output suggesting that a keen sense of particularity enabled the Jewish philosophers to help define the whole modern era Intended to be used as a core undergraduate text the book will also appeal to anyone with an interest how some of the greatest minds of the age grappled with some of its most urgent and fascinating philosophical problems

Arendt, Levinas and a Politics of Relationality Anya Topolski, 2015-05-21 Born in Eastern Europe educated in the West under the guidance of Martin Heidegger and the phenomenological tradition and forced to flee during the Holocaust because of their Jewish identity it should come as no surprise that Emmanuel Levinas and Hannah Arendt's ideas intersect in an important way This

book demonstrates for the first time the significance of a dialogue between Levinas ethics of alterity and Arendt's politics of plurality Anya Topolski brings their respective projects into dialogue by means of the notion of relationality a concept inspired by the Judaic tradition that is prominent in both thinker's work The book explores questions relating to the relationship between ethics and politics the Judaic contribution to rethinking the meaning of the political after the Shoah and the role of relationality and responsibility for politics The result is an alternative conception of the political based on the ideas of plurality and alterity that aims to be relational inclusive and empowering *The Journal of Philosophy*, 1996

Political Memory and the Aesthetics of Care Mihaela Mihai, 2022-01-11 With this nuanced and interdisciplinary work political theorist Mihaela Mihai tackles several interrelated questions How do societies remember histories of systemic violence Who is excluded from such histories cast of characters And what are the political costs of selective remembering in the present Building on insights from political theory social epistemology and feminist and critical race theory Mihai argues that a double erasure often structures hegemonic narratives of complex violence of widespread heterogeneous complicity and of impure resistances not easily subsumed to exceptionalist heroic models In dialogue with care ethicists and philosophers of art she then suggests that such narrative reductionism can be disrupted aesthetically through practices of mnemonic care that is through the hermeneutical labor that critical artists deliver thematically and formally within communities space of meaning Empirically the book examines both consecrated and marginalized artists who tackled the memory of Vichy France communist Romania and apartheid South Africa Despite their specificities these contexts present us with an opportunity to analyze similar mnemonic dynamics and to recognize the political impact of dissenting artistic production Crossing disciplinary boundaries the book intervenes in debates over collective responsibility historical injustice and the aesthetics of violence within political theory memory studies social epistemology and transitional justice

Diasporic Feminist Theology Namsoon Kang, 2014-11-01 How do we navigate the question of identity in the fluid and pluralist conditions of postmodern society Even more how do we articulate identity as a defining particularity in the disappearance of borders boundaries and spaces in an increasingly globalist world What constitutes identity and the formation of narratives under such conditions How do these issues affect not only discursive practices but theological and ethical construction and practice This volume explores these issues in depth Diasporic Feminist Theology attempts to construct feminist theology by adopting diaspora as a theopolitical and ethical metaphor Namsoon Kang here revisits and reexamines today's significant issues such as identity politics dislocation postmodernism postcolonialism neo empire Asian values and constructs diasporic transethnic and glocal feminist theological discourses that create spaces of transformation reconciliation hospitality worldliness solidarity and border traversing This work draws on diverse sources from contemporary critical discourses of diaspora studies cultural studies ethnic studies postmodernism postcolonialism and feminism and feminist theology from a transterritorial space This book is a landmark work providing a comprehensive discourse for

feminist theology today **Hannah Arendt** Margaret Canovan,1992 A reinterpretation of the political thought of Hannah Arendt strengthening Arendt's claim to be regarded as one of the most significant political thinkers of the twentieth century

Beautiful Risk of Education Gert J. J. Biesta,2015-11-17 This is a book about what many teachers know but are increasingly being prevented from talking about that real education always involves a risk The risk is there because as W B Yeats has put it education is not about filling a bucket but about lighting a fire It is there because students are not to be seen as objects to be moulded and disciplined but as subjects of action and responsibility The Beautiful Risk of Education is organised around a critical discussion of seven key educational concepts creativity communication teaching learning emancipation democracy and virtuosity By opposing the risk aversion that characterises many contemporary educational policies and practices Gert J J Biesta makes a strong argument for giving risk a central place in our educational endeavours and brings risk taking to the forefront of a critical pedagogical practice *The Experiential Ontology of Hannah Arendt* Kimberly Maslin,2020-03-20 In *The Experiential Ontology of Hannah Arendt* Kim Maslin examines Hannah Arendt's political philosophy through a Heideggerian framework Maslin argues that not only did Arendt grow beyond the role of naïve and beguiled student but she became one of Heidegger's most astute critics Well acquainted with and deeply respectful of his contributions to existential philosophy Arendt viewed Heidegger's work as both profoundly insightful and extraordinarily myopic Not contented to simply offer a critique of her mentor's work Arendt engaged in a lifelong struggle to come to terms with the collective implications of fundamental ontology Maslin argues that Arendt shifted to political philosophy less to escape her own disappointment at Heidegger's personal betrayal but rather as an attempt to right the collective flaws of fundamental ontology Her project offers a politically responsive hence responsible modification of Heidegger's fundamental ontology She suggests that Heidegger's allegedly descriptive and non normative insight into the nature of being is necessarily incomplete and potentially irresponsible unless it is undertaken in a manner which is mindful of the collective implications As such Maslin shows how Arendt attempts to construct an experiential ontology that transforms Heidegger's fundamental ontology for use in the public sphere *Our Sense of the Real* Kimberley Curtis,2018-10-18 This bold and persuasive study rereads the works of Hannah Arendt to recuperate her relevance to contemporary politics and to show that her deepest concerns are oriented by her ontology Kimberley Curtis interprets Arendt's earlier work through the lenses of *The Life of the Mind* elucidating what Curtis calls an aesthetic sensibility of tragic pleasure as a way out of the enclave politics of late modernity Arguing that oblivion and radical forgetfulness of others are among the most ethically troubling features of our political landscape Curtis shows that Arendt's aesthetic account of politics offers us an idiom in which to name and resist the depravations and dangers of our political condition Curtis also elucidates Arendt's debt to phenomenology and argues that our sense of reality is born through highly charged sensuous provocation and mutual responsiveness Arendt's innovation is to recognize that this countenancing of others is an aesthetic experience that creates

the political world Curtis plumbs the relevance of this work in current issues such as gated communities for the privileged and prisons for the disenfranchised and in the extraordinary relationship between a black civil rights leader and a Ku Klux Klan officer Our Sense of the Real is a poetic invocation of Arendt's politics at once lively passionate and crucial
