Edward Carter Preston 1885 1965 Sculptor Painter Medallist:

Edward Carter Preston, 1885-1965 Edward Carter Preston, 1999-01-01 Edward Carter Preston was a significant figure in Liverpool's art scene from the First World War through to his death in 1965. In 1931 he received a commission from Sir Giles Gilbert Scott to prepare a major sculptural scheme for the City's monumental Anglican Cathedral. Over the next thirty years Carter Preston made fifty sculptures, ten memorials and several reliefs for the Cathedral. Alongside his public achievements he pursued his personal artistic interests: sculpting on a more intimate scale, painting in watercolours, making prints and designing a range of ornamental and utilitarian objects. This exhibition catalogue has a foreword by Ann Compton and includes four essays. *Bluecoat, Liverpool* Bryan Biggs, John Belchem, 2020. An integral part of Liverpool's cultural life for three centuries, Bluecoat is a unique and much-loved institution in the city. This book tells its fascinating story as it evolved from charity school to the UK's first contemporary arts centre. It sheds light on the port's eighteenth-century religious and mercantile environment, including transatlantic slavery and educational philanthropy, in which it grew and how such echoes continue to resonate in the work of artists with whom Bluecoat works. The predominant focus is on an inclusive building for the arts, started by the bohemian Sandon Studios Society in 1907, which hosted significant exhibitions that included Picasso, Matisse and many leading modern British artists. Bluecoat Society of Arts emerged in 1927 as the building's custodians, paving the way for an arts centre that overcame financial woes and wartime bombs to play a prominent role in the culture of Liverpool and the UK, with artists and communities at its heart. Described as where village hall meets the avant-garde, Bluecoat's rich story encompasses an eclectic cast of characters such as Stravinsky, Yoko Ono, Simon Rattle, Captain Beefheart, Sun Ra and the inspirational Fanny Calder, as the authors trace Bluecoat's key strands, including visual art, music, performance, the building's own creative community and its distinctive Queen Anne architecture, harmoniously refreshed in the twenty-first century. Book jacket: *British Sculptors of the Twentieth Century* Alan Windsor, 2020-09-10. This title was first published 2003. In the twentieth century Britain was rich in artistic achievement, especially in sculpture. Just some of those working in this field were Jacob Epstein, Henri Gaudier-Brzeska, Henry Moore, Barbara Hepworth, Anthony Caro, Richard Long, Mona Hatoum and Anish Kapoor. The work of these and other known and less well-known artists has an astonishing variety and expressive power, a range and strength that has placed Britain at the hub of the artistic world. Alan Windsor has compiled a concise biographical dictionary of sculpture in Britain in book form. Richly informative and easy to use, this guide is an art lover's and expert's essential reference. Written by scholars, the entries are cross-referenced and each concise biographical outline provides the relevant facts about the artist's life, a brief characterization of the artist's work and where appropriate, major bibliographical references. **Bibliographic Guide to Art and Architecture** New York Public Library.
