Effective Schools Three Cast Studies Of Excellence:

Effective Schools Robert S. Gilchrist, 1989 **Resources in Education**, 1997 *Marketing 101* David J. Carroll, Susan Rovezzi Carroll, 2011-05-16 *Marketing 101* How Smart Schools Get and Keep Community Support is a compact practical handbook created to guide educators in the application of marketing strategies that get results For many years marketing has been implemented in school settings with a fragmented piecemeal approach only to have disappointing and sometimes expensive results This book will introduce educators to sound marketing principles and action steps Full of descriptive concrete examples the information is easy to adapt to any educational setting as a workhorse to capture and retain community support The years ahead forecast challenging demographics savvy consumers and high expectation stakeholders Susan and David Carroll detail how to interpret demographic trends assess your image in the community groom your staff as ambassadors select and use marketing communications tools correctly pass your budgets and other strategic marketing steps for immediate use and success This book is essential to educators who want their schools to be aligned with the community they serve **Market Education** Andrew Coulson, 2017-09-08 Discontent with public education has been on the rise in recent years as parents complain that their children are not being taught the basics that they are not pushed to excel and that their classrooms are too chaotic to encourage any real learning The public has begun to reject school bond levies with regularity frustrated by what it perceives to be mounting education costs unaccompanied by increased achievement or accountability Coulson explores the educational problems facing parents and shows how these problems can best be addressed He begins with a discussion of what people want from their school systems tracing their views of the kinds of knowledge skills and values education should impart and their concerns over discipline drugs and violence in public schools Using this survey of goals and attitudes as a guide Coulson sets out to compare the school systems of civilizations both ancient and modern seeking to determine which systems successfully educated generations past and which did not His historical study ranges from classical Greece and ancient Rome through the Islamic world of the Middle Ages to nineteenth century England and modern America Drawing on the historical evidence of how these various systems operated Coulson concludes that free educational markets have consistently done a better job of serving the public s needs than state run school systems have He sets out a blueprint for competitive free market educational reform that would make schools more flexible more innovative and more responsive to the needs of parents and students He describes how education for low income children might be funded under a market system and how the transition from monopolistic public education to market education might be achieved Coulson s *Market Education* touches on a wide range of issues including declines in academic achievement minority education the role of public school teachers and mismanagement and corruption in educational bureaucracies Coulson examines alternative reform proposals from vouchers and charter schools to national standards for school curricula This timely and engaging book will appeal to parents educators and others concerned with the

quality and cost of schooling and will serve as an excellent resource in college courses on the economics and history of education

Successful Schools for Young Adolescents Joan Lipsitz, 2019-01-22 At a time when the public researchers and policymakers are losing confidence in public schooling this presentation of case studies of four schools offers solutions and concrete models of diverse ways in which excellence can be attained in middle grade schools Asking what effectiveness means for the young adolescent age group a hitherto unexplored area in research literature how effective schools come about and how they achieve acceptance in their communities Lipsitz identifies and examines successful middle grade schools noting that the major problem in schooling is meeting the massive individual differences in the development of early adolescents
