**The Great Arab Conquests** Hugh Kennedy, 2010-12-09 A popular history of the Arab invasions that carved out an empire from Spain to China Today s Arab world was created at breathtaking speed Whereas the Roman Empire took over 200 years to reach its fullest extent the Arab armies overran the whole Middle East North Africa and Spain within a generation They annihilated the thousand year old Persian Empire and reduced the Byzantine Empire to little more than a city state based around Constantinople Within a hundred years of the Prophet s death Muslim armies destroyed the Visigoth kingdom of Spain and crossed the Pyrenees to occupy southern France This is the first popular English language account of this astonishing remaking of the political and religious map of the world Hugh Kennedy s sweeping narrative reveals how the Arab armies conquered almost everything in their path One of the few academic historians with a genuine talent for story telling he offers a compelling mix of larger than life characters battles treachery and the clash of civilizations

**An Archaeology of Egyptian Monasticism** Louise Blanke, 2019-08-30 The White Monastery in Upper Egypt and its two federated communities are among the largest most prosperous and longest lived loci of Coptic Christianity Founded in the fourth century and best known for its zealous and prolific third abbot Shenoute of Atripe these monasteries have survived from their foundation in the golden age of Egyptian Christianity until today At its peak in the fifth to the eighth centuries the White Monastery federation was a hive of industry densely populated and prosperous It was a vibrant community that engaged with extra mural communities by means of intellectual spiritual and economic exchange It was an important landowner and a powerhouse of the regional economy It was a spiritual beacon imbued with the presence of some of Christendom's most famous saints and it was home to a number of ordinary and extraordinary men and women who lived worked prayed and died within its walls This new study is an attempt to write the biography of the White Monastery federation to reconstruct its longue durée through archaeological and textual sources and to assess its place within the world of Late Antiquity *Thought, Culture, and Historiography in Christian Egypt, 284-641 AD* Tarek M. Muhammad, Cornelia Römer, 2021-03-01 This book contains 15 papers which were presented by specialists from Europe and Egypt at two conferences held at Ain Shams University Egypt in 2014 and 2015 Eight of the articles deal with the history of Late Antique Egypt in its manifold aspects from monasticism and Coptic manuscripts to the organization of the Arab conquest The other seven contributions provide new writings from that historical period published here for the first time or give new readings of texts earlier known as inscriptions papyri and ostraca and offer a close up look at the historical setting outlined in the first part of this book Egypt from Alexander to the Copts Roger S. Bagnall, Dominic W. Rathbone, 2017-05-01 After its conquest by Alexander the Great in 332 bc Egypt was ruled for the next 300 years by the Ptolemaic dynasty founded by Ptolemy I one of Alexander's generals With the defeat of Cleopatra VII in 30 bc Egypt became a province of the Roman Empire and later of the Byzantine Empire For a millennium it was one of the wealthiest most populous and important lands of the multicultural

Mediterranean civilization under Greek and Roman rule The thousand years from Alexander to the Arab conquest in ad 641 are rich in archaeological interest and well documented by 50 000 papyri in Greek Egyptian Latin and other languages But travelers and others interested in the remains of this period are ill served by most guides to Egypt which concentrate on the pharaonic buildings This book redresses the balance with clear and concise descriptions related to documents and historical background that enable us to appreciate the fascinating cities temples tombs villages churches and monasteries of the Hellenistic Roman and Late Antique periods Written by a dozen leading specialists and reflecting the latest discoveries and research it provides an expert visitor s guide to the principal cities many off the well worn tourist paths It also offers a vivid picture of Egyptian society at differing economic and social levels Egypt Mona L. Russell Ph.D.,2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events *The Beautiful Burial in Roman Egypt* Christina Riggs,2006-01-06 This important new study looks at the intersection of Greek and Egyptian art forms in the funerary sphere of Roman Egypt A discussion of artistic change cultural identity and religious belief foregrounds the detailed analysis of more than 150 objects and tombs many of which are presented here for the first time In addition to the information it provides about individual works of art supported by catalogue entries the study explores fundamental questions such as how artists combine the iconographies and representational forms of different visual traditions and why two distinct visual traditions were employed in Roman Egypt **Area Handbook for the United Arab Republic (Egypt).** American University (Washington, D.C.).
