Eichmann Interrogated Transcripts From The Archives Of The Israeli Police:

Eichmann Interrogated Adolf Eichmann, 1999-05-06 As head of the Gestapo's Jewish Evacuation Department Lieutenant Colonel Adolf Eichmann 1906-1962 was the driving force in the impoverishment, deportation and extermination of millions of Jews. In 1945 he escaped with a Vatican passport and fled to South America. In May 1960 the Israelis located and kidnapped Eichmann from Argentina and brought him to trial in Israel where he was convicted and hanged; his remains cremated and scattered. For nearly a year prior to his trial, Eichmann was interrogated by Captain Avner W. Less, a German Jew whose father and numerous relatives perished in Nazi concentration camps. *Eichmann Interrogated* is a superbly edited condensation of their 275-hour exchange, representing ten percent of the 3,564-page total. Amid his lies, distortions, evasions, half-truths and startling admissions, Eichmann fully acknowledges the reality of the Holocaust while attempting to minimize his central role in its execution. As his life from traveling salesman to mass murderer unfolds, Eichmann's defense becomes a chilling self-indictment and a warning of Evil's often unassuming visage.

Eichmann Interrogated Adolf Eichmann, Jochen Von Lang, Claus Sibyll, 1984-05-01 The first definitive compendium of Eichmann's pretrial testimony includes his account of the nature of Nazi war crimes and his attempts to create a personal palliative image of himself.

The Final Solution David Cesarani, 2002-09-11 The Final Solution clarifies the key questions surrounding the attempt by the Nazis to exterminate the Jews. Drawing on important new research, these authoritative essays focus on the preconditions and antecedents for the Final Solution and examine the immediate origins of the genocidal decision. Contributors also examine the responses of peoples and governments in Germany, occupied Europe, the USA and among Jews worldwide. The controversial conclusions of this study challenge many of our accepted ideas about the period.

Humanity Jonathan Glover, 2012-09-11 A study of history and morality in the twentieth century, this text examines the psychology which made possible Hiroshima, the Nazi genocide, the Gulag, the Chinese Cultural Revolution, Pol Pot's Cambodia, Rwanda and Bosnia.

In the Name of Humanity Max Wallace, 2018-05-01 Shortlisted for the 2018 RBC Taylor prize for literary nonfiction. A riveting tale of the previously unknown and fascinating story of the unsung angels who strove to foil the Final Solution. Kirkus starred review. On November 25, 1944, prisoners at Auschwitz heard a deafening explosion. Emerging from their barracks, they witnessed the crematoria and gas chambers, part of the largest killing machine in human history, come crashing down. Most assumed they had fallen victim to inmate sabotage, and thousands silently cheered. However, the Final Solution's most efficient murder apparatus had not been felled by Jews but rather by the ruthless architect of mass genocide, Reichsführer SS Heinrich Himmler. It was an edict that has puzzled historians for more than six decades. Holocaust historian and New York Times bestselling author Max Wallace, a veteran interviewer for Steven Spielberg's Shoah Foundation, draws on an explosive cache of recently declassified documents and an account from the only living eyewitness to unravel the mystery. He uncovers an astounding story involving the secret negotiations of an unlikely trio: a

former fascist President of Switzerland a courageous Orthodox Jewish woman and Himmler's Finnish osteopath to end the Holocaust aided by clandestine Swedish and American intelligence efforts He documents their efforts to deceive Himmler who as Germany's defeat loomed sought to enter an alliance with the West against the Soviet Union By exploiting that fantasy and persuading Himmler to betray Hitler's orders the group helped to prevent the liquidation of tens of thousands of Jews during the last months of the Second World War and thwarted Hitler's plan to take every last Jew down with the Reich Deeply researched and dramatically recounted *In the Name of Humanity* is a remarkable tale of bravery and audacious tactics that will help rewrite the history of the Holocaust *The War Against the Jews, 1933-1945* Lucy S.

Dawidowicz, 2010-11-09 A history of how anti-Semitism evolved into the Holocaust in Germany If any book can tell what Hitlerism was like this is it Alfred Kazin Lucy Dawidowicz's groundbreaking *The War Against the Jews* inspired waves of both acclaim and controversy upon its release in 1975 Dawidowicz argues that genocide was to the Nazis as central a war goal as conquering Europe and was made possible by a combination of political social and technological factors She explores the full history of Hitler's Final Solution from the rise of anti-Semitism to the creation of Jewish ghettos to the brutal tactics of mass murder employed by the Nazis Written with devastating detail *The War Against the Jews* is the definitive and comprehensive book on one of history's darkest chapters **The Nazis, the Vatican, and the Jews of Rome** Patrick J. Gallo, 2023-02-15

On October 16 1943 the Jews of Rome were targeted for arrest and deportation *The Nazis the Vatican and the Jews of Rome* examines why and more importantly how it could have been avoided featuring new evidence and insight into the Vatican's involvement At the time Rome was within reach of the Allies but the overwhelming force of the Wehrmacht Gestapo and SS in Rome precluded direct confrontation Moral condemnations would not have worked nor would direct confrontation by the Italians Jewish leadership or even the Vatican Gallo underscores the necessity of determining what courses of actions most likely would have spared Italian Jews from the gas chambers Examining the historical context and avoiding normative or counterfactual assertions this book draws upon archival sources ranging from diaries to intelligence intercepts in English Italian and German With antisemitism on the rise today and the last remaining witnesses passing away it is essential to understand what happened in 1943 *The Nazis the Vatican and the Jews of Rome* grapples with this particular awful episode within the larger horrifying story of the Holocaust Despite the inadequacy of memory we must continue to attempt to make sense of the inexplicable **The Nazi Holocaust. Part 8: Bystanders to the Holocaust. Volume 1** Michael Robert

understood during peacetime from Clausewitz and Kleist to J nger and Adorno Without such an understanding it is difficult to make sense of the dramatic shifts characterising the politics of Germany and Europe over the past two centuries The studies argue that the ease or reluctance with which Germans went to war and the far reaching consequences of such wars on domestic politics were related to soldiers and civilians attitudes to violence and death as well as to long term transformations in contemporaries conceptualisation of conflict Absolute War reassesses the meaning of military conflict for the millions of German subjects who were directly implicated in the Revolutionary and Napoleonic Wars Based on a re reading of contemporary diaries letters memoirs official correspondence press reports pamphlets treatises plays and cartoons this volume refocuses attention on combat and conscription as the central components of new forms of mass warfare It concentrates in particular on the impact of violence killing and death on many soldiers and some civilians experiences and subsequent memories of conflict War has often been conceived of as an act of violence pushed to its utmost bounds as Clausewitz put it but the relationship between military conflicts and violent acts remains a problematic one

Nazi Eugenics Melvyn Conroy, 2017-09-19 Conceived as the answer to all of mankind s seemingly insoluble health and social problems and promoted as a substitute for orthodox religious beliefs the pseudoscience of eugenics recruited disciples in many countries during the latter years of the nineteenth and early years of the twentieth centuries Nowhere was this doctrine more enthusiastically endorsed than in Germany where the application of eugenic theory received its most fervent support A program born of what were often contradictory opinions began under Nazi rule with the compulsory sterilization of thousands of Germany s citizens before morphing into the mass murder of the most vulnerable of the state s own population under the guise of so called euthanasia before ultimately escalating into a continent wide policy of extermination of those who did not fit the Nazi eugenic template The progress of this inexorable descent into barbarity was marked by successive stages of development From the practical application of euthanasia through the organization dedicated to it later on called Aktion T4 and the killing centers that this institution spawned to the centrality of Aktion T4 to Aktion Reinhardt and the Holocaust important elements of the historical record can be seen to emerge How did it happen What impact has it had on contemporary society And what of the character and fate of the individuals involved in the gestation and implementation of this murderously inhumane quasi religion These deceptively simple questions require complex and often disturbing answers as shown by Melvyn Conroy in this important work
