Alan Wright's autobiography describes his early interest in boats and his chequered career of unusual occupations until he settled into boat construction, tattership and boat design. This book also contains photographs and short descriptions of the yachts, power catamarans and racing anecdotes from New Zealand's most prolific designer plus his devotion to family participation.

Alan had the good fortune to enter a sunrise industry that remained buoyant until the new millennium, when faceless big business began to edge out the priceless personal touch. Spanning over 80 years, Wright's story is a good read, full of serendipitous experiences, humour and quite remarkable achievement.

MotorBoating ,1970-04    *How to Build a Boat* Jonathan Gornall,2019-05-07 Part ode to building something with one s hands in the modern age part celebration of the beauty and function of boats and part moving father daughter story How to Build a Boat is a bold adventure Once an essential skill the ability to build a clinker boat first innovated by the Vikings can seem incomprehensible today Yet it was the clinker with its overlapping planks that afforded us access to the oceans and its construction has become a lost art that calls to the do it yourselfer in all of us John Gornall heard the call A thoroughly unskilled modern man Gornall set out to build a traditional wooden boat as a gift for his newborn daughter It was he recognized a ridiculously quixotic challenge for a man who knew little about woodworking and even less about boat building He wasn t even sure what type of wood he should use the tools he d need or where on earth he d build the boat He had much to consider and even more to learn But undaunted he embarked on a voyage of rediscovery determined to navigate his way back to a time when we could fashion our future and leave our mark on history using only time honored skills and the materials at hand His journey began in East Anglia on England s rocky eastern coast If all went according to plan it would end with a great adventure as father and daughter cast off together for a voyage of discovery that neither would forget and

both would treasure until the end of their days How to Build a Boat celebrates the art of boat building the simple pleasures of working with your hands and the aspirations and glory of new fatherhood John Gornall tells the inspiring story of how even the least skilled of us can make something wonderful if we invest enough time and love The Daily Mail and taps into the allure of an ancient craft interpreting it in a modern way as tribute to the generations yet to come Both the book and place are magical The Sunday Telegraph
