Brian K. Payne, Randy R. Gainey

Elder Abuse And Neglect Causes Diagnosis And Intervention Strategies:

Elder Abuse and Neglect Mary Joy Quinn, RN, MA, Susan K. Tomita, MSW, PhD, 1997-06-28 In this second edition of their classic volume the authors present their elder abuse diagnosis and intervention model This comprehensive model of detection assessment and intervention enables the practitioner first to identify the type of elder mistreatment including physical sexual psychological and financial It then provides systematic and realistic interventions This updated edition also includes information on legal interventions with suggestions on how the practitioner should act in the courtroom give testimony document findings and prepare for legal involvement with the criminal justice system Actual legal tools are included in the appendix This is a classic resource for all health professionals who work with the elderly

Elder Abuse and Neglect Mary Joy Quinn, Susan K. Tomita, 1997 A model of detection assessment and intervention for elder abuse and neglect

The Clinical Management of Elder Abuse Georgia J Anetzberger, 2012-12-06 Learn to detect elder abuse and provide the help that your neglected or abused elderly clients need Even to clinicians experienced in managing difficult client situations elder abuse is perplexing complex and ethically charged This kind of abuse can be hard to detect with its subtle manifestations and indicators that could just as easily reflect other problems or illnesses It can seem impossible to control particularly when the victim refuses help or denies the seriousness of mistreatment Moreover decision making when dealing with interventions for elder abuse is rarely easy and is frequently clouded by ethical dilemmas The Clinical Management of Elder Abuse can help This essential guide for present and future clinicians provides you with multidisciplinary perspectives on detecting elder abuse situations and interventions that can make a real difference in the lives of clients Three case studies are presented and then examined from the professional perspectives of an attorney a physician a nurse and a social worker What these professionals have to say will leave you better informed about the dynamics and complexities of elder abuse about important steps that must be taken in the clinical management of elder abuse and about the importance and application of multidisciplinary teams in elder abuse work The handy figures lists of definitions and tables you ll find in this well referenced book make important concepts and complex information easy to access and understand The Clinical Management of Elder Abuse shows how professionals in the above disciplines can address the effects of elder abuse which may manifest as physical effects including pain and injury sleep disturbances eating problems and headaches behavioral effects including anger helplessness reduced coping abilities and suicidal actions psychological effects which can be wide ranging and include denial fear anxiety and depression social effects such as increased dependence withdrawal and lessened contact with the outside world As the baby boom generation ages incidents of elder abuse are certain to continue to increase Whether you are a student an educator an experienced clinician or a novice in the field The Clinical Management of Elder Abuse is a resource that you ll return to again and again as you work to improve the lives of this important growing population

Selected Resources on Elder Abuse Billie H. Frazier, 1991

Handbook of Families and Aging

Rosemary Blieszner, Victoria Hilkevitch Bedford, 2012-09-20 This comprehensive state of the art textbook and reference volume in family gerontology reviews and critiques the recent theoretical empirical and methodological literature identifies future research directions and makes recommendations for gerontology professionals This book is both an updated version of and a complement to the original Handbook of Families and Aging The many additions include the most recent demographic changes on aging families new theoretical formulations innovative research methods recent legal issues and death and bereavement as well as new material on the relationships themselves sibling partnered and intergenerational relationships for example Among the brand new topics in this edition are step family relationships aging families and immigration aging families and 21st century technology and peripheral family ties Unlike the more cursory summaries found in textbooks the essays within Handbook of Families and Aging Second Edition provide thoughtful in depth coverage of each topic No other book provides such a comprehensive and timely overview of theory and research on family relationships the contexts of family life and major turning points in late life families Nevertheless the contents are written to be engaging and accessible to a broad audience including advanced undergraduate students graduate students researchers and gerontology practitioners Serious lay readers will also find this book highly informative about contemporary family issues

Handbook of Injury and Violence Prevention Lynda Doll, E. N. Haas, Sandra Bonzo, David Sleet, James Mercy, 2007-03-20 Injuries kill and maim millions each year and seriously impact the lives of countless loved ones Yet until recently they have been considered a random normal part of life Preventing injuries on the other hand requires not only effective communication with the public but also a reliable framework for creating and evaluating suitable interventions The Handbook of Injury and Violence Prevention is the first book to address both halves of this challenge reviewing evidence based intervention programs in depth so professionals can identify successful promising and ineffective and potentially harmful prevention strategies Over fifty experts present the current landscape of intervention methods from risk reduction to rethinking social norms as they address some of the most prevalent forms of accidental and violent injury as well as emerging areas Overview chapters examine the social and economic scope of unintentional and violent injury today Extensive literature review of specific intervention programs to prevent violence and injury Special chapters on childhood injuries alcohol related accidents and disasters Interventions in the Field section offers solid guidelines for implementing and improving existing programs Critical analysis of issues involved in delivering programs to wider audiences Helpful appendices list relevant agencies and professional resources This dual focus on intervention and application makes the Handbook a bedrock text for professionals involved in delivering or managing prevention programs Its what works now approach gives it particular utility in the graduate classroom and researchers will benefit from the critical attention paid to knowledge gaps in the field It is a major resource for any reader committed to reducing the number of incidents just waiting to happen

Issues in Intimate Violence Raquel Kennedy Bergen, 1998-05-05 Designed specifically for undergraduate students Issues in Intimate Violence provides a

comprehensive and accessible anthology that prepares the foundation for understanding a wide range of violence that commonly occurs in families and between intimates This collection of 22 scholarly yet readable chapters represents a variety of disciplines from both a theoretical and an applied approach Many articles offer a feminist perspective that addresses the gendered nature of violence and the consequences of power inequality in our society Created to make learning about intimate violence an accessible and cohesive process each section is introduced by editor Raquel Kennedy Bergen and concludes with discussion questions A variety of violence topics are included Child abuse Incest Violence in heterosexual dating relationships Violence in gay and lesbian relationships Acquaintance rape Wife abuse and wife rape Elder abuse While primarily directed to undergraduate students this book is also well suited for similar courses at the graduate level and will appeal to anyone working with survivors of intimate violence as well as the interested lay reader *Violence* Diane Deanda, Rosina M Becerra, 2014-05-01 Understand violence within its cultural context To reduce violence we need to understand what it is where it comes from and what it means in cultural context *Violence Diverse Populations and Communities* provides new empirical research and theoretical models to help you understand the impact of violence on various ethnic and cultural groups From the effects of abuse on Latino children to aged Korean American women s perceptions of elder mistreatment this comprehensive volume covers all ages many ethnic groups and multiple types of violence *Violence Diverse Populations and Communities* looks at such neglected populations as Mexican Korean Vietnamese and Cambodian immigrants as well as Black Caucasian and Latino cultures The forms of violence studied range from the devastation of war to keeping elders isolated for long periods of time and culturally specific forms of abuse This comprehensive volume also includes a thorough literature review stressing the need for more research especially into the needs and experiences of neglected populations and suggesting fruitful areas for further inquiry *Violence Diverse Populations and Communities* asks and answers complex questions including Is war or street violence more traumatic for adolescent refugees from the Khmer Rouge What social support benefits do street gangs offer their members How do cultural expectations of male and female roles affect dating violence What culturally sensitive interventions best address the needs of a Latina rape survivor How do women of various Asian cultures respond to spousal battering How can practitioners working with elder abuse victims define their roles objectives and interventions to accommodate cultural differences The groundbreaking research in *Violence Diverse Populations and Communities* provides an illuminating exploration into the cultural meaning of violence By questioning standard assumptions and discovering what violence means to those who suffer from it and perpetrate it practitioners can better serve multicultural client populations This book will change the way you see violence by helping you understand its manifestations within various cultural contexts **Violence in the Home** Karel Kurst-Swanger, Jacqueline L. Petcosky, 2003-03-27 Violence in the home is one of the most damaging and widespread of social problems It is an issue that cuts across all socioeconomic racial ethnic gender and age boundaries It takes many forms

including emotional physical and sexual abuse as well as neglect This important book reviews the most current theoretical explanations of family violence and then links theory to practice It looks at the systems and institutions that interact with families which are mandated to provide protection and services and explores the current debates surrounding family violence and public policy In addition Kurt Swanger explores the role of power in abusive relationships and considers the short and long term consequences of abuse This insightful book will be a practical resource for professionals and of interest to all those concerned with the far reaching impact of family violence *Elder Abuse* Jordan I Kosberg, Juanita L Garcia, 2013-12-02

Violence and Criminal Justice Brian K. Payne, Randy R. Gainey, 2014-09-25 The historical context of family violence is explored as well as the various forms of violence their prevalence in specific stages of life and responses to it made by the criminal justice system and other agencies The linkage among child abuse partner violence and elder abuse is scrutinized and the usefulness of the life course approach is couched in terms of its potential effect on policy implications research methods that recognize the importance of life stages trajectories and transitions and crime causation theories that can be enhanced by it **Financial Exploitation of Older Persons** , 2011 **Family Medicine** A.K. David, T.A. Jr. Johnson, D.M. Phillips, J.E. Scherger, Robert B. Taylor, 2013-06-29 Much is new in Family Medicine since the last edition of our textbook For example not only is the therapy of human immunodeficiency virus HIV disease and the acquired immunodeficiency syndrome AIDS much different than a few years ago the epidemiology of the disease has also changed and more than half of the family

physicians in a rural state such as Oregon have already managed patients with HIV disease or AIDS 1 There are new immunization recommendations for children and new antibiotics for the treatment of bacterial infections Computers are bringing medical informatics and on line consultation into office practice Medicare physician payment reform is underway and the reality of rationing medical care has been recognized There has been a recent increase in student interest in a family practice career 2 coincidental with a Council on Graduate Medical Education COGME recommendation that at least 50 percent of all residency graduates 3 should enter practice as generalists Also there is increasing awareness of the need for a 4 Center for Family Practice and Primary Care at the National Institutes of Health This all new fourth edition is intended to present the scientific and practical basis of family medicine with special attention to what s new in family medicine The emphasis is on how the physician provides continuing and comprehensive care for persons of all ages with clinical content selected from the perspective of family physicians The format of the book like the practice of family medicine continues to change

Protecting Judgment-Impaired Adults Edmund F DeJowski, 2020-02-14 This thorough book provides valuable information on guardianship and alternative methods for serving judgment impaired adults To date much of contemporary guardianship policy has been developed by muddling through This book explores developments in case law concerning the scope of the guardian s authority the proposed national guardianship act and proposed changes in federal legislation regarding representative payees and provides guidance in these important areas of concern

Violence in Families National Research Council and Institute of Medicine, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Committee on the Assessment of Family Violence Interventions, 1998-03-13 Reports of mistreated children domestic violence and abuse of elderly persons continue to strain the capacity of police courts social services agencies and medical centers At the same time myriad treatment and prevention programs are providing services to victims and offenders Although limited research knowledge exists regarding the effectiveness of these programs such information is often scattered inaccessible and difficult to obtain *Violence in Families* takes the first hard look at the successes and failures of family violence interventions It offers recommendations to guide services programs policy and research on victim support and assistance treatments and penalties for offenders and law enforcement Included is an analysis of more than 100 evaluation studies on the outcomes of different kinds of programs and services *Violence in Families* provides the most comprehensive review on the topic to date It explores the scope and complexity of family violence including identification of the multiple types of victims and offenders who require different approaches to intervention The book outlines new strategies that offer promising approaches for service providers and researchers and for improving the evaluation of prevention and treatment services *Violence in Families* discusses issues that underlie all types of family violence such as the tension between family support and the protection of children risk factors that contribute to violent behavior in families and the balance between family privacy and community interventions The core of the book is a research

based review of interventions used in three institutional sectors social services health and law enforcement settings and how to measure their effectiveness in combating maltreatment of children domestic violence and abuse of the elderly Among the questions explored by the committee Does the child protective services system work Does the threat of arrest deter batterers The volume discusses the strength of the evidence and highlights emerging links among interventions in different institutional settings Thorough readable and well organized Violence in Families synthesizes what is known and outlines what needs to be discovered This volume will be of great interest to policymakers social services providers health care professionals police and court officials victim advocates researchers and concerned individuals **Cruel but Not Unusual** Ramona Alaggia, Cathy Vine, 2013-05-21 Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly with far reaching and often devastating consequences Cruel but Not Unusual draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history conditions and impact of violence in these contexts For this new edition chapters have been updated to reflect changes in data and legislation New chapters include an examination of trauma from a neurobiological perspective a critical analysis of the gender symmetry debate a debate that questions the gendered nature of intimate violence and an essay on the history and evolution of the women's movement dedicated to addressing violence against women which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field

Gerontological Social Work Practice Enid Opal Cox, Rosemary Chapin, Elizabeth Kelchner, 2014-02-25 What are the challenges facing gerontological social workers today and in the near future This book gives you an essential overview of the role status and potential of gerontological social work in aging societies around the world Drawing on the expertise of leaders in the field it identifies key policy and practice issues and suggests directions for the future Here you'll find important perspectives on home health care mental health elder abuse older workers issues and death and dying as well as an examination of the policy and practice issues of utmost concern to social workers dealing with the elderly With Gerontological Social Work Practice Issues Challenges and Potential you'll explore the differences between real situations and what demographics lead one to expect the need for social workers to focus on economic political and social issues in order to promote positive change the long term care insurance issues facing elderly Japanese citizens a Canadian perspective on social work practice with aging people practice techniques to use with aging African Americans strengths based and empowerment oriented ways to work with frail elderly the impact of multiculturalism on social policy and much more

Growing Old in America Beth Hess, 2020-03-02 Modern industrial societies are characterized by long term declines in fertility and steady increases in life expectancy Together these trends result in an aging population The United States is no exception since 1969 the median age has risen from 29.4 to a projected 36.4 in the year 2000 This fourth edition of the standard reader on the sociology of aging has been completely revised with 90 percent new material to reflect new

information and new issues in this rapidly developing field Students and practicing professionals will find it a lively accessible overview
