*Eldridge Cleaver Reborn* John A. Oliver, 1977      **Evangelicals and Presidential Politics** Andrew S. Moore, 2021-04-07

Using as their starting point a 1976 Newsweek cover story on the emerging politicization of evangelical Christians contributors to *Evangelicals and Presidential Politics* engage the scholarly literature on evangelicalism from a variety of angles to offer new answers to persisting questions about the movement. The standard historical narrative describes the period between the 1925 Scopes Trial and the early 1970s as a silent one for evangelicals and when they did re-engage in the political arena it was over abortion. Randall J. Stephens and Randall Balmer challenge that narrative. Stephens moves the starting point earlier in the twentieth century and Balmer concludes that race not abortion initially motivated activists. In his examination of the relationship between African Americans and evangelicalism Dan Wells uses the Newsweek story's sidebar on Black activist and born again Christian Eldridge Cleaver to illuminate the former Black Panther's uneasy association with white evangelicals. Daniel K. Williams, Allison Vander Broek, and J. Brooks Flippen explore the tie between evangelicals and the anti-abortion movement as well as the political ramifications of their anti-abortion stance. The election of 1976 helped to politicize abortion which both encouraged a realignment of alliances and altered evangelicals' expectations for candidates' developments that continue into the twenty-first century. Also in 1976 Foy Valentine, leader of the Southern Baptist Christian Life Commission, endeavored to distinguish the South's brand of Protestant Christianity from the evangelicalism described by Newsweek. Nevertheless, Southern Baptists quickly became associated with the evangelicalism of the Religious Right and the South's shift to the Republican Party. Jeff Frederick discusses evangelicals' politicization from the 1970s into the twenty-first century, suggesting that southern religiosity has suffered as southern evangelicals surrendered their authenticity and adopted a moral relativism that they criticized in others. R. Ward Holder and Hannah Dick examine political evangelicalism in the wake of Donald Trump's election. Holder lays bare the compromises that many Southern Baptists had to make to justify their support for Trump, who did not share their religious or moral values. Hannah Dick focuses on media coverage of Trump's 2016 campaign and contends that major news outlets misunderstood the relationship between Trump and evangelicals and between evangelicals and politics in general. The result, she suggests, was that the media severely miscalculated Trump's chances of winning the election.

*Blacks in the American West and Beyond--America, Canada, and Mexico* George H. Junne, 2000-05-30. Almost a century before their arrival in the English New World, Blacks appeared alongside the Spanish in what is now the American West. Through their families, communities, and institutions, these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment. Comprehensively indexing a variety of research materials on Blacks in the North American West, Junne offers an invaluable navigational tool for students of American and African American history. Entries are organized both geographically and topically and cover a broad range of subjects including cross-cultural interaction, health, art, and law. Contains a complete compilation of African American newspapers.

**The Rise and Fall of California's Radical Prison Movement** Eric Cummins, 1994 This is a history of the California prison movement from 1950 to 1980 focusing on the San Francisco Bay Area's San Quentin State Prison and highlighting the role that prison reading and writing played in the creation of radical inmate ideology in those years The book begins with the Caryl Chessman years 1948-60 and closes with the trial of the San Quentin Six 1975-76 and the passage of California's Determinate Sentencing Law 1977 This was an extraordinary era in the California prisons one that saw the emergence of a highly developed radical convict resistance movement inside prison walls This inmate

groundswell was fueled at times by remarkable individual prisoners at other times by groups like the Black Muslims or the San Quentin chapter of the Black Panther Party But most often resistance grew from much wider sources and in quiet corners from dozens of political study groups throughout the prison from an underground San Quentin newspaper and from covert attempts to organize a prisoners union The book traces the rise and fall of the prisoners movement ending with the inevitably bloody confrontation between prisoners and the state and the subsequent prison administration crackdown The author examines the efforts of prison staff to augment other methods of inmate management by attempting to modify convict ideology by means of bibliotherapy and communication control and describes convict resistance to these attempts as control He also discusses how Bay Area political activists became intensely involved in San Quentin and how such writings as Chessman's Cell 2455 Cleaver's Soul on Ice and Jackson's Soledad Brother reached far beyond prison walls to influence opinion events and policy
