Garden of Peace F. Littlemore,2017-10-28 Excerpt from Garden of Peace A Medley in Quietude These little irregular back gardens are places of enchantment to me and I think I like those behind the smallest of the shops which are not more than thirty feet square rather than those higher up the town of a full acre or two These bigger ones do not suggest a history beyond the memory of the gardeners who trim the hedges and cut the grass with a machine The small and irregular ones suggest a good deal more than a maiden lady wearing gloves with a basket on her arm and a pair of snipping Shears opening its jaws to bite the head off every bloom that has a touch of brown on its edge But with me it is not a matter of liking and not liking it is a matter of liking and liking better it is the artisan s Opinion of rival beers pre war all good but some better than others The little gardens behind the shops are lyrics the big one behind the villas are excellent prose and excellent prose is frequently quite as prosy as excellent verse About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
