Garden Of The Brave In War Recollections Of Iran:

Garden of the Brave in War Terence O'Donnell, 2003 When Terence O'Donnell an American who lived in Iran for fifteen years in the 1960s and 1970s was asked what he was doing there he replied The conviction of all Iranians of most of my compatriots and indeed of the Russians was that I was engaged in intelligence work I was and what is more I filed a daily report My employer was myself and my reports consisted of eight thousand pages of journal This book was drawn from that material Iran where he raised mainly pomegranates but also quinces grapes chickens and bees He also made many Iranian friends His memories of that time have yielded a masterpiece of national portraiture wonderfully alive to the complexities of the Iranian character courteous capricious deeply religious yet also playful generous and poetic A work of shimmering beauty and sensitivity Garden of the Brave in War will deepen every reader's understanding of the often elusive country that lies behind the headlines

The Ends of the Earth Robert D. Tribeswomen of Iran Julia Huang, 2014-09-19 Since the revolution in 1979 the Islamic Republic of Iran has permitted very few Western scholars to conduct research in the country Foreign travellers and media persons have limited access and much Iranian scholarship tends to focus on the realms of politics and government Here Julia Huang provides a remarkable account of local tribal Iranian life offering a rare glimpse into the daily rhythms and social richness beyond the capital city of Tehran The Qashqa'i are a confederation of nomadic tribes of which the Qermezi Red Ones are one migrating semiannually between winter pastures near the Persian Gulf and summer pastures southwest of the city of Isfahan Huang has visited and traveled with the Qermezi for extended periods across fourteen years Drawing on her experiences participation and observation she offers an intimate window onto their life She focuses on a small group of women spanning four generations who are part of a large extended family and describes their ways of life their activities and interactions and their distinctive sociocultural and ecological setting Like other nomadic peoples around the world the Qashqa'i increasingly face pressures that threaten their livelihoods lifestyles and culture Huang shows us how women negotiate compromises between customary tribal values and external influences and sketches their efforts to resist the influences of an Islamizing modernizing and centralizing government With shadows and resonances that rebound across the

stories of these women Huang is able to present multiple perspectives on events and contentious issues for instance the politicized issue of women's state mandated modest dress Huang also explains how the Turkic speaking Qashqai relate to the wider Iranian society and the Islamic Republic of Iran adapting to a rapidly changing world while retaining tribal values and a distinctive ethnolinguistic identity as one of Iran's national minorities In describing life at the local level in Iran Huang depicts a community largely beyond the scope and reach of foreign travellers and the Western media With rich ethnographic description and analysis intimate portraits of the private lives and spaces of women and children and diverse perspectives this engagingly written account documents a disappearing way of life Tribeswomen of Iran is essential reading for all those interested in Iran the Middle East anthropology nomadism and gender

King of Kings Scott Anderson, 2025-08-05 From the author of the acclaimed international bestseller *Lawrence in Arabia* a stunningly revelatory narrative history of one of the most momentous events in modern times and the dawn of the age of religious nationalism On November 16th 1977 at a state dinner in the White House President Jimmy Carter toasted Shah Mohammad Reza Pahlavi King of Kings Light of the Aryans Shadow of God on Earth praising his enlightened leadership and extolling Iran as a stabilizing influence in that part of the world Iran had the world's fifth largest army and was awash in billions of dollars in oil revenues Construction cranes dotted the skyline of its booming capital Tehran The regime's feared secret police force SAVAK had crushed communist opposition and the Shah had bought off the conservative Muslim clergy inside the country He seemed invulnerable and invaluable to the United States as an ally in the Cold War Fourteen months later the Shah fled Iran into exile forced from the throne by a volcanic religious revolution led by a fiery cleric named Ayatollah Khomeini How could the United States and other Western allies which had one of the largest CIA stations in the world and thousands of military personnel in Iran have been so blind The spellbinding story Scott Anderson weaves is one of a dictator oblivious to the disdain of his subjects and a superpower blundering into disaster The Shah emerges as a fascinating Shakespearean character a wannabe Richard III unaware of the depth of dissent to his rule indecisive like Hamlet when action was called for and at the end Lear like as he raged against his fate The Americans made terrible decisions at almost every juncture from a secret pact designed by Kissinger and Nixon to dismissing reports from the one diplomat who saw how hated the Shah was by the Iranian people unlike almost all his colleagues he spoke Farsi to Jimmy Carter allowing the Shah to come to America for medical treatment which set off the hostage crisis which forever damaged American influence in the world Scott Anderson tells this astonishing tale with the narrative brio mordant wit and keen analysis that made his bestselling *Lawrence in Arabia* one of the key texts in understanding the modern Middle East Based on voluminous research and dozens of interviews *King of Kings* is driven by penetrating portraits of the people involved the Iranian American doctor who convinced American officials Khomeini was a moderate the American teacher who learned of Khomeini's influence long before the cleric was even mentioned in official reports the Shah's court minister who kept a detailed diary of all their interactions the Shah's wife Farah who still mourns

her lost kingdom the hypocritical and misguided Jimmy Carter and the implacable Khomeini who outmaneuvered his foes at every turn The Iranian Revolution Anderson convincingly argues was as world shattering an event as the French and Russian revolutions In the Middle East in India in Southeast Asia in Europe and the United States the hatred of economically marginalized religiously fervent masses for a wealthy secular elite has led to violence and upheaval and Iran was the template King of Kings is a bravura work of history and a warning

Iran John Limbert, 2016-07-22 Iran is the only Middle Eastern state to have preserved its national identity through the upheavals of Arab Turkish and Mongol invasions It is heir to the richest culture in the Middle East a culture that extends far beyond the state's political boundaries This book first published in 1987 traces elements of continuity in Iranian society from pre Islamic times to the turmoil of the Islamic Republic The author discusses the persistence of religion as a dominant force in Iran's politics and society the attraction of unorthodox doctrines such as Mazdakism Baha'ism and revolutionary Shi'ism the tradition of strong charismatic leadership and the constant problem of ruling peoples of diverse tribal religious and linguistic affiliations He finds explanations for recent political changes in conditions peculiarly Iranian and examines the emerging post revolutionary society along with some of its new institutions including the revolutionary guards the assembly the neighbourhood committees and the Friday prayer leaders

The Iranians Sandra Mackey, Scott Harrop, 1998-04-01 Throughout its long and complex history Iran has struggled with two warring identities one evolving from the values social organization and arts of ancient Persia the other from Islam By examining the relationship between these two identities *The Iranians* explains how the revolution of 1979 came about why the Islamic Republic has failed and how Iran today is on the brink of chaos In this defining portrait of a troubled nation and the forces that shape it Iranian history and religion become accessible to the nonspecialist Combining impeccable scholarship with the human insight of firsthand observations *The Iranians* provides vital understanding of this unique and pivotal nation WITH A NEW AFTERWORD BY THE AUTHOR

The Eagle and the Lion James A. Bill, 1988-01-01 A leading scholar of Iran relates the reasons that helped to destroy the American Iranian relationship and outlines measures to improve future foreign policy making

Neither East Nor West Christiane Bird, 2002-02 Combining reminiscence travelogue history and interviews with Iranians from all walks of life a journey through modern day Iran reveals a nation shrouded by misunderstanding cultural stereotypes and hostility

Land of the Turquoise Mountains Cyrus Massoudi, 2014-09-12 For Cyrus Massoudi a young Britishborn Iranian the country his parents were forced to flee thirty years ago was a place wholly unknown to him Wanting to make sense of his roots and piece together the divided divisive and deeply contradictory puzzle that is contemporary Iran he embarked on a series of journeys that spanned hundreds of miles

and thousands of years through the many ebbs and flows of Iranian history From the border with Turkey to that of Turkmenistan from the Caspian basin down to the Persian Gulf his journeys took him from the mythological first kings of Iran to the Elamite kingdom the eras of Cyrus and Darius the glory of the Sasanians the shock of the Islamic Arab conquests and the later Mongols Safavids and on to Khomeini Ahmadinejad and beyond Rich portrayals of Sufis and ageing aristocrats smugglers and underground rock bands are all woven together with history religion and mythology to form a unique portrait of contemporary Iranian society And like a fragile thread running through the heart of the narrative lies Massoudi's poignant personal quest his struggle echoing that of Iran itself as it fights to forge a cohesive modern identity With its tensions of young against old reformists against reactionaries and the computer against the Qur'an it is a battle with global implications for a future that is poised so precariously between promise and ruin Land of the Turquoise Mountains reveals a world beyond the propaganda driven media-fuelled image of fractious flag burning fundamentalism and provides a compelling glimpse both into the heart of a deeply misunderstood nation and into what it is to seek out and discover one's heritage *Blue*

Architecture Brook Muller, 2022-05-10 2023 Finalist PROSE Award in Architecture and Urban Planning A guide to water focused and climate resilient architectural and urban design Le Corbusier famously said A house is a machine for living in We now confront the litany of environmental challenges associated with the legacy of the architectural machine a changing climate massive species die off diminished air and water quality and resource scarcities Brook Muller offers an alternative water centric urban design that fosters sustainability equity and architectural creativity Inspired by the vernacular such as the levadas of Madeira Island and both the arid and drenched places of the American West Muller articulates a hydrological philosophy in which architects and planners begin by conceptualizing interactions between existing waterways and the spaces they intend to develop From these interactions and the new technologies and approaches enabling them aesthetic spatial and experiential opportunities follow Not content merely to work around sensitive ecology Muller argues for genuinely climate adapted urban landscapes in which buildings act as ecological infrastructure that actually improve watersheds while delivering functionality and beauty for diverse communities Rich in images and practical examples *Blue Architecture* will change the way we think about our designed world *Words, Not Swords* Farzaneh Milani, 2011-05-16 A

woman not only needs a room of her own as Virginia Woolf wrote but also the freedom to leave it and return to it at will for a room without that right becomes a prison cell The privilege of self directed movement the power to pick up and go as one pleases has not been a traditional right of Iranian women This prerogative has been denied them in the name of piety anatomy chastity class safety and even beauty It is only during the last 160 years that the spell has been broken and Iranian women have emerged as a moderating modernizing force Women writers have been at the forefront of this desegregating movement and renegotiation of boundaries *Words Not Swords* explores the legacy of sex segregation and its manifestations in Iranian literature and film and in notions of beauty and the erotics of passivity Milani expands her argument beyond

Iranian culture arguing that freedom of movement is a theme that crosses frontiers and dissolves conventional distinctions of geography history and religion She makes bold connections between veiling and foot binding between Cinderella and Barbie between the figures of the female Gypsy and the witch In so doing she challenges cultural hierarchies that divert attention from key issues in the control of women across the globe **The Middle East & South Asia Folklore Bulletin** ,2003
