Garden Bianca Maria Rinaldi, 2012-11-05 With their centuries long development the English landscape garden the formal French garden as well Japanese and Chinese gardens constitute an unparalleled repository of design solutions familiar throughout the world They are frequently drawn upon as reference works but often in a piecemeal and haphazard fashion and from botanical or art historical vantage points That is where the books of this new series come in They present the various garden types from the perspective of contemporary landscape and garden design Starting from the formidable beauty of the world s most distinguished gardens they point the way toward the essential compositional principles the plants most commonly utilized and their most characteristic uses and the possibilities for employing them in contemporary projects thus providing readers with a rich source of inspiration for their own designs and creations The panorama of The Chinese Garden stretches from the surviving historical gardens all the way to such modern examples as the garden at the Bank of China in Hong Kong designed by I M Pei Ai Weiwei s Yiwu Riverbank Park the Garden of Flowering Fragrance in the Los Angeles California region and the Garden of Awakening Orchids in Portland Oregon The Gardens of Suzhou Ron Henderson, 2012-12-18 Suzhou near Shanghai is among the great garden cities of the world The city s masterpieces of classical Chinese garden design built from the eleventh through the nineteenth centuries attract thousands of visitors each year and continue to influence international design In The Gardens of Suzhou landscape architect and scholar Ron Henderson guides visitors through seventeen of these gardens The book explores UNESCO world cultural heritage sites such as the Master of the Nets Garden Humble Administrator s Garden Lingering Garden and Garden of the Peaceful Mind as well as other lesser known but equally significant gardens in the Suzhou region Unlike the acclaimed religious and imperial gardens found elsewhere in Asia Suzhou s gardens were designed by scholars and intellectuals to be domestic spaces that drew upon China s rich visual and literary tradition embedding cultural references within the landscapes The elements of the gardens confront the visitor rocks trees and walls are pushed into the foreground to compress and compact space as if great hands had gathered a mountainous territory of rocky cliffs forests and streams then squeezed it tightly until the entire region would fit into a small city garden Henderson s commentary opens Suzhou s gardens with their literary and musical references to non Chinese visitors Drawing on years of intimate experience and study he combines the history and spatial organization of each garden with personal insights into their rockeries architecture plants and waters Fully illustrated with newly drawn plans maps and original photographs The Gardens of Suzhou invites visitors researchers and designers to pause and observe astonishing works from one of the world s greatest garden design traditions Guidebook to Historic Houses

Cultivating Sacred Space Elizabeth Murray,1997 Linda Greenlaw hadn t been blue water fishing for ten years since the great events chronicled in The Perfect Storm and The Hungry Ocean when an old friend offered her the captaincy on his boat Seahawk for a season of swordfishing She took the bait of course and thus opened a new chapter in a life that had already seen enough adventure for three lifetimes The Seahawk turns out to be the rustiest of buckets with sprung busted and ancient equipment guaranteed to fail at any critical moment Life is never dull out on the Grand Banks and no one is better at capturing the flavor and details of the wild ride that is swordfishing from the technical complexities of longline fishing and the nuances of reading the weather and waves to the sheer beauty of the open water The trip is full of surprises a bit harder and saltier than I had hoped for but none more unexpected than when the boat s lines inadvertently drift across the Canadian border and she lands in jail Seaworthy is about nature human and other about learning what you can control and what you do when fate takes matters out of your control It s about how a middle aged

woman who sets a high bar for herself copes with challenge and change and frustration about the struggle to succeed or fail on your own terms and above all about learning how to find your true self when you're caught between land and sea
