[Garden Life ,1914](#)    **Gardening** Jo Ann Wiblin,2021-04-29 This book is a result of three and a half years of weekly columns in the Newark Ohio Advocate many years ago It was very well received and I often got comments from people I came across about a certain article that was helpful I simply wrote about the things I did learned and failed at over that time Gardening can be funny you will learn in this book My husband was a major asset in gardening and in providing funny situations but I think he liked getting hit in the head often As for content the articles follow the seasons of Ohio which came as I wrote them but my sense is they can be far more widely applied in other areas of the country I hope you learn from and enjoy reading this as much as I enjoyed writing it Happy gardening Jo Ann Wiblin    [Private Gardens of the Hudson Valley](#)

Jane Garmey, 2013-10-15 Private Gardens of the Hudson Valley surveys the majestic landscape that borders the Hudson River an area rich in history and unique garden designs The scenery which encompasses riverfront meadows craggy hills and long open valleys is inherently dramatic Twenty six private gardens are presented here chosen to establish a sense of place and to convey the romance of the landscape John Hall's photographs give a privileged view of the life within while Jane Garmey's warm and engaging narrative traces the development of the gardens and the great pleasure their owners take in nurturing them As Garmey notes in her introduction each of these gardens has been made by the owner and special attention given to the transition between the cultivated garden and the grandeur of the larger landscape beyond The splendid setting of the Hudson Valley encompasses an almost infinite variety of design approaches from formal and traditional to naturalistic and an equal range of scale from multiple gardens within a vast estate to charmingly diminutive spaces between historic village houses All have much to tell us about the complexity challenges and finally the unforgettable pleasure of making a garden
