Gardening In The Tropicspb:

Gardening in the Tropics Olive Senior, 2009 Gardening in the Tropics contains a rich Caribbean world in poems offered to readers everywhere Olive Senior's rich vein of humour can turn wry and then sharp in satire of colour consciousness class consciousness and racism But her predominant tone is the verbal equivalent of a pair of wide open arms *Gardening in the Tropics* Richard Eric Holtum, I. C. Enoch, 1991 This unique encyclopedic treatment of tropical gardening was written specifically for Malaysia and Singapore but it will be a valuable resource for gardeners in the American tropics as well Included are detailed illustrated listings of herbaceous plants shrubs and climbers trees and palms foliage plants orchids vegetables and fruit trees The adventurous gardener will find inspiration and challenges in the distinctive plant materials presented The book assumes the mostly wet tropical climate of Malaysia and adjustments will have to be made for local conditions of Hawaii and southern California and Florida but the authors distinguished botanists with long experience in the tropics provide useful guidance on the requirements for each plant The breathtaking spectrum of tropical plants illustrated will be of extraordinary interest not only to sophisticated gardeners in tropical areas but to greenhouse enthusiasts everywhere BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Edible**
