The Old Gardens of Italy Mrs Aubrey Le Blond, 1999 Charles Latham's Gardens of Italy Helena Attlee, 2009 In the spring of 1903 Country Life's first staff photographer Charles Latham set off from London's Victoria station with his large format camera and several boxes of fragile glass negatives bound for Rome He spent the months that followed photographing some of Italy's finest historic gardens Latham's photographs were immediately acclaimed and the images are characteristic of his work in their exceptional clarity As a result of the political turmoil that overtook Italy in the nineteenth century many of the gardens had already fallen into a state of picturesque decrepitude others around Florence had been taken over by English and American expatriates and were in the process of restoration Today many of these gardens have vanished destroyed by social upheaval and war though a few were painstakingly restored in the post war years Global Books in Print

The Gardens of Italy Evelyn March Phillipps, 2017-11-23 Excerpt from The Gardens of Italy With Historical and Descriptive Notes Hen I set out before the Great War to prepare a new edition of the gardens OF Italy it was with no calculated intention of doing more than a little revision and expansion The interest of the subject has proved so great however that the present volume is for all practical purposes a new book The magnificent series of photographs taken by the late Charles Latham has been retained save for the elimination of a few subjects of minor interest and about a hundred and fifty new photographs have been added to make the series of villas and gardens more comprehensive Miss Evelyn March Phillipps original text with its valuable historical notes and the delightfully told stories of the people who lived in these old palaces and gardens has been retained as far as possible My work has been to add architectural notes throughout to enlarge

considerably the sections relating to the Roman and Florentine examples to write entirely new chapters on the villas and gardens of Venetia the lake district and Genoa to contribute a general introduction and not least important to gather together a valuable series of plans For these I have drawn freely on various sources including Gauthier and Reinhardt for Genoa and Percier et Fontaine for Rome Although the garden plans by the latter now reproduced were made as long ago as 1809 they are in general so clear and correct that I thought it better to give them in their original state Those which I checked on the spot did not show differences of such importance as to make it necessary to alter the originals They contain in some instances restorations which Percier et Fontaine Thought were justified to complete the original schemes In some cases e g the Palatine Hill the drawings by these authors are all that now remain and their labours in recording these old gardens deserve our warmest recognition Returning to Italy for the purposes of this work after nearly a quarter of a century I was greatly impressed with the improved condition of the country This is reflected in the better cared for condition of many of these gardens and villas Though some losses have occurred it does not seem fair to bring the customary charges against the Italians of indifference to their own past I take this opportunity of thanking the owners who in many cases have very cordially helped me the views of the interiors at Dei Collazzi and the account of the Villa Fontaine in particular are owing to such kindness Two illustrations of the Villa Madama are reproduced from the Royal Institute of British Architects Journal by kind permission of Mr Halsey Ricardo About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Gardens of the Italian Lakes Steven Desmond, Marianne Majerus, 2016-05-03 The gardens of the Italian Lakes are a favourite destination for garden lovers and groups The gardens around Lake Como and Lake Maggiore in the far north of Italy are admired throughout the world for their beauty and variety in a magnificent natural location This book sets out to become the standard work on these gardens as there is nothing of this kind on the market at the moment It will appeal both to the specialist and enthusiast preparing for a visit The common factor for all these gardens is their setting in this landscape of exceptional scenery Lake Como is a deep lake hemmed in like a fjord by towering mountains Lake Maggiore has more the character of an inland sea with ferries crossing to the famous island gardens for an afternoon in another world Both lakes are lined with the towers villas and grand hotels that speak of a complex history including key events in Italy's struggle to achieve nationhood inspiration for a string of illustrious writers and composers and a long line of distinguished visitors The gardens include Villa Melzi Bellagio an early 19th century romantic park on the lake shore Villa Carlotta Cadenabbia a terraced 17th century property with woodland Villa

del Balbianello Lenno a famously picturesque loggia Villa D Este Cernobbio a 16th century cascade garden with royal connections Villa Cicogna Mozzoni Bisuschio an intact 16th century villa garden Villa Della Porta Bozzolo Casalzuigno a rural baroque garden Isola Bella Stresa a well known island garden Isola Madre Stresa an island retreat of flowers and birds Villa San Remigio Pallanza an Edwardian garden made by two lovers Villa Taranto Pallanza one of the world s great woodland gardens **The old gardens of Italy, how to visit them** ,1912 *The Gardens of Italy* Evelyn March
