A Cultural History of Gardens in the Medieval Age Michael Leslie, 2015-04-02 The Middle Ages was a time of great upheaval the period between the seventh and fourteenth centuries saw great social political and economic change The radically distinct cultures of the Christian West Byzantium Persian influenced Islam and al Andalus resulted in different responses to the garden arts of antiquity and different attitudes to the natural world and its artful manipulation Yet these cultures interacted and communicated trading plants myths and texts By the fifteenth century the garden as a cultural phenomenon was immensely sophisticated and a vital element in the way society saw itself and its relation to nature *A Cultural History of Gardens in the Medieval Age* presents an overview of the period with essays on issues of design types of gardens planting use and reception issues of meaning verbal and visual representation of gardens and the relationship of gardens to the larger landscape

Early Scottish Gardens Sheila Mackay, 2019-08-05 A personal account of the growth of the gardens of Scotland from the sixteenth century

The Horticulturist, 2002

The Nature of the Cairngorms Philip Shaw, Des B.A. Thompson, 2006-06-12 The Cairngorms area is arguably the most significant for nature conservation in the British Isles and contains its largest National Park In this book 35 authors drawing on published and unpublished sources present an up to date review of the area's natural features including plants animals habitats geology and landforms The review falls into three parts The first and largest part describes the area's rich diversity of nature with each chapter summarising recent research findings trends and conservation issues for a different landform habitat or species group The second part considers deer management recreation and projected climate change impacts Part three focuses on rare and threatened species and identifies areas and habitats rich in species for which the Cairngorms are nationally and internationally important

Gardens of Court and Country David Jacques, 2017-01-01 *Gardens of Court and Country* provides the first comprehensive overview of the development of the English formal garden from 1630 to 1730 Often overshadowed by the English landscape garden that became fashionable later in the 18th century English formal gardens of the 17th century displayed important design innovations that reflected a broad rethinking of how gardens functioned within society With insights into how the Protestant nobility planned and used their formal gardens the domestication of the lawn and the transformation of gardens into large rustic parks David Jacques explores the ways forecourts flower gardens bowling greens cascades and more were created and reimagined over time This handsome volume includes 300 illustrations including plans engravings and paintings that bring lost and forgotten gardens back to life

The

Scottish People 1490-1625 MAUREEN M MEIKLE, 2013 The *Scottish People 1490 1625* is one of the most comprehensive texts ever written on Scottish History All geographical areas of Scotland are covered from the Borders through the Lowlands to the G idhealtachd and the Northern Isles The chapters look at society and the economy Women and the family International relations war peace and diplomacy Law and order the local administration of justice in the localities Court and country the politics of government The Reformation preludes persistence and impact Culture in Renaissance Scotland education entertainment the arts and sciences and Renaissance architecture the rebuilding of Scotland In many past general histories there was a relentless focus upon the elite religion and politics These are key features of any medieval and early modern history books but The *Scottish People* looks at less explored areas of early modern Scottish History such as women how the law operated the lives of everyday folk architecture popular belief and culture **Book of This Place** Deborah J. Haynes, 2009-09-01 The title of this engaging work emphasizes that the author lives works and creates art in this place a particular site in the foothills of the Colorado Rocky Mountains The subtitle indicates that place is the arena for investigating engagement with the land and nature art and creativity and spiritual life By exploring the significance of place in our fragmented world and by using her artistic practice as an example the author hopes to offer readers new definitions of the interrelationship of religion and art Haynes is the first to examine the intersection of these three themes which may be variously defined First the land and nature provide the literal site for the book and the language of ecology is woven throughout In the face of contemporary global crises Haynes believes that we have a moral imperative to address how we live and work in the physical environment Second visual art creativity and the creative process are discussed using historical and contemporary examples Haynes is a philosopher of art and an artist whose primary creative work involves carving marble and drawing Using her stone sculptures to frame the book s chapters she takes readers on a meandering journey into the history philosophy and practice of art Third the religious and spiritual life is highlighted with examples from both her practice of yoga and Buddhist meditation as well as from her work with hospice patients **The Garden** ,1888 **Gardens of the Arts and Crafts Movement** Judith B. Tankard, 2018-11-27 The ever alluring Arts and Crafts garden is profoundly relevant to our 21st century needs Sam Watters author of *Gardens for a Beautiful America* In *Gardens of the Arts and Crafts Movement* landscape scholar Judith B Tankard surveys the inspirations characteristics and development of garden design during this iconic movement Tankard presents a selection of houses and gardens of the era from Great Britain and North America With almost 300 illustrations and photographs and an emphasis on the diversity of designers who helped forge the movement *Gardens of the Arts and Crafts Movement* is an essential resource for this truly distinct approach to garden design **Peaceful Path** Stephen Ward, 2016-03-14 The title of this book is taken from Ebenezer Howard s visionary tract *To morrow A Peaceful Path to Real Reform* Published in 1898 as a manifesto for social reform via the creation of Garden Cities it proposed a new way of providing cheap and healthy homes workplaces and green spaces in balance in cohesive new

communities underpinned by radical ideas about collective land ownership While Howard's vision had international impact in this book planning historian Stephen Ward largely honors the special place that Hertfordshire occupies on the peaceful path beginning with the development of Letchworth and Welwyn Garden Cities **Newsletter**, 1997 **Garden Tourism** Richard Benfield, 2013 Garden visitation has been a tourism motivator for many years and can now be enjoyed in many different forms Private garden visiting historical garden tourism urban gardens and a myriad of festivals shows and events all allow the green fingered enthusiast to appreciate the natural world This book traces the history of garden visitation and examines tourist motivations to visit gardens Useful for garden managers and tourism students as well as casual readers it also examines management and marketing of gardens for tourism purposes before concluding with a detailed look at the form and tourism based role of gardens in the future **Academic Research on the Internet** William Miller, Helen Laurence, 2001-03-19 Find what you're looking for with the best Internet resources for academic research in the humanities sciences and social sciences Which academic resource deserves more of your budget printed books and journals or softly glowing terminals The answer differs depending on the subject area the availability and reliability of Internet information in that field and the comparative value of Internet research and traditional print media **Academic Research on the Internet Options for Scholars and Libraries** gives you the information you need to make those choices This comprehensive book examines the usability of the Internet as a scholarly research and reference tool Each chapter provides a snapshot of Internet information access and usability in a specific subject area comparing it to traditional print media In addition each chapter includes a selected webliography of key resources a time saving tool for librarians on the reference desk Experts in specific subject areas provide up to the minute assessments of the usefulness of the Internet for research in their fields including Arts and Architecture Biology Engineering Chemistry Physics and Mathematics Music Philosophy English and American Literature History Political Science Business Education Anthropology and Sociology Health Sciences Public Administration Law Environmental Sciences Reference **Academic Research on the Internet** is designed to provide the facts you need about the reliability timeliness and availability of Internet information With this information you can decide on the relative value of print subscriptions assess the degree to which the Internet alone can satisfy users information needs and make intelligent choices about budget allocation **Designs Upon the Land** Oliver Hamilton Creighton, 2009 The phrase designed landscape is generally associated with the great parks and gardens of the post medieval period with grand country houses surrounded by parkland such as Chatsworth and Longleat However recent research has made it clear that its origins lie much further back than that in the middle ages and numerous examples have been identified This book offers the first full length survey of designed medieval landscapes not just the settings for castles but for palaces manor houses and monastic institutions Gardens and pleasure grounds gave their owners sensory enjoyment lakes ponds and walkways created routes of approach that displayed residences to best effect deer parks were stunning backdrops and venues for aristocratic enjoyment

and peacocks swans rabbits and doves were some of the many species which lent these landscapes their elite appearance Richly illustrated with plans maps and photographs of key sites showing what can still be seen today Oliver H Creighton is Associate Professor in Archaeology University of Exeter

British and Irish Paintings in Public Collections Christopher Wright, Catherine May Gordon, 2006-01-01 This book sets a new standard as a work of reference It covers British and Irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections The book includes as well pictures that are now lost some as a consequence of the Second World War and others because of de accessioning mostly from 1950 to about 1975 when Victorian art was out of fashion By listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of British and Irish painting

Revolving Architecture Chad Randl, 2008-05-15 Alternately lauded as the future of architecture or dismissed as pure folly revolving buildings are a fascinating missing chapter in architectural history with surprising relevance to issues in contemporary architectural design Rotating structures have been employed to solve problems and create effects that stationary buildings can't achieve Rotating buildings offered ever changing vistas and made interior spaces more flexible and adaptable They were used to impress visitors treat patients and improve the green qualities of a structure by keeping particular rooms in or out of the sun The follow up to his critically acclaimed book *A Frame* Chad Randl's *Revolving Architecture: A History of Buildings that Rotate Swivel and Pivot* explores the history of this unique building type investigating the cultural forces that have driven people to design and inhabit them *Revolving Architecture* is packed with a variety of fantastic revolving structures such as a jail that kept inmates under a warden's constant surveillance glamorous revolving restaurants tuberculosis treatment wards houses theaters and even a contemporary residential building whose full floor apartments circle independently of each other International examples from the late 1800s through the present demonstrate the variety and innovation of these dynamic structures

The 99% Invisible City Roman Mars, Kurt Kohlstedt, 2020 A beautifully designed guidebook to the unnoticed yet essential elements of our cities from the creators of the wildly popular 99% Invisible podcast

The Secret Life of the Georgian Garden Kate Felus, 2016-12-09 Georgian landscape gardens are among the most visited and enjoyed of the UK's historical treasures The Georgian garden has also been hailed as the greatest British contribution to European Art seen as a beautiful composition created from grass trees and water a landscape for contemplation But scratch below the surface and history reveals these gardens were a lot less serene and in places a great deal more scandalous Beautifully illustrated in colour and black and white this book is about the daily life of the Georgian garden It reveals its previously untold secrets from early morning rides through to evening amorous liaisons It explains how by the eighteenth century there was a desire to escape the busy country house where privacy was at a premium and how these gardens evolved aesthetically with modestly sized far flung temples and other eye catchers to cater for escape

and solitude as well as food drink music and fireworks Its publication coincides with the 2016 tercentenary of the birth of Lancelot Capability Brown arguably Britain s greatest ever landscape gardener and the book is uniquely positioned to put Brown s work into its social context
