# PERRY'S CHEMICAL ENGINEERS' HANDBOOK

Providing the latest and best information on all aspects of chemical engineering—from gas-absorption equipment to economic calculations in the design process—this most recent edition of the world-famous **Perry's Chemical Engineers' Handbook** is a worthy successor to the earlier volumes that generations of engineers have found invaluable.

Here are just a few of the reasons why this sixth edition could be invaluable to you:

- It can bring you right up to date on the newest developments, advances, instruments, changes, and methods in the field.
- It can save you time and effort by giving you in all its one place in the facts and data you need on a wide variety of design procedures, equipment and performance, ideas, and principles in chemical engineering.
- It will allow you to focus quickly on the calculations methods most appropriate to the problem at hand.
- It can help you make decisions on alternative designs.
- It covers all of the major aspects of chemical engineering. We give you readily found answers to areas outside your own specialty.
