**Les Misérables and Its Afterlives** Kathryn M. Grossman, Bradley Stephens, 2016-03-09 Exploring the enduring popularity of Victor Hugo's *Les Misérables* this collection offers analysis of both the novel itself and its adaptations In spite of a mixed response from critics *Les Misérables* instantly became a global bestseller Since its successful publication over 150 years ago it has traveled across different countries cultures and media giving rise to more than 60 international film and television variations numerous radio dramatizations animated versions comics and stage plays Most famously it has inspired the world's longest running musical which itself has generated a wealth of fan made and online content Whatever its form Hugo's tale of social injustice and personal redemption continues to permeate the popular imagination This volume draws together essays from across a variety of fields combining readings of *Les Misérables* with reflections on some of its multimedia afterlives including musical theater and film from the silent period to today's digital platforms The contributors offer new insights into the development and reception of Hugo's celebrated classic deepening our understanding of the novel as a work that unites social commentary with artistic vision and raising important questions about the cultural practice of adaptation

**Egalitarian Strangeness** Edward J. Hughes, 2021-04-15 Shortlisted for the 2022 R Gapper book prize The formulation egalitarian strangeness is a direct borrowing from Courty's *Voyages au pays du peuple* Short *Voyages to the Land of the People* 1990 a collection of essays by the contemporary French thinker Jacques Rancière Perhaps best known for his theory of radical equality as set out in *Le Maître ignorant* The Ignorant Schoolmaster 1987 Rancière reflects on ways in which a hierarchical social order based on inequality can come to be unsettled In the democracy of literature for example he argues that words and sentences serve to capture any life and to make it available to any reader The present book explores embedded forms of social and cultural apportionment in a range of modern and contemporary French texts including prose fiction socially engaged commentary and autobiography while also identifying scenes of class disturbance and egalitarian encounter Part One considers the refrain of class audible in works by Claude Simon Charles Péguy Marie Ndiaye Thierry Beinstingel and Gabriel Guany and examines how these authors' practices of language connect with that refrain In Part Two Hughes analyses forms of domination and dressage with reference to Simone Weil's mid 1930s factory journal Paul Nizan's novel of class alienation *Antoine Bloy* from the same decade and Pierre Michon's *Vies minuscules* *Small Lives* 1984 with its focus on obscure rural lives The reflection on how these narratives draw into contiguity antagonistic identities is extended in Part Three where individual chapters on Proust and the contemporary authors Françoise Bon and Didier Eribon demonstrate

ways in which enduring forms of cultural distribution are both consolidated and contested

*Les Misérables* Victor Hugo, 2013-11-07 A brilliant modern translation by Christine Donougher of Victor Hugo's thrilling masterpiece with an introduction by Robert Tombs This is the best translation of the novel available in English as recommended by David Bellos in *The Novel of the Century* Victor Hugo's tale of injustice heroism and love follows the fortunes of Jean Valjean an escaped convict determined to put his criminal past behind him But his attempts to become a respected member of the community are constantly put under threat by his own conscience and by the relentless investigations of the dogged policeman Javert It is not simply for himself that Valjean must stay free however for he has sworn to protect the baby daughter of Fantine driven to prostitution by poverty A magnificent achievement It reads easily sometimes racily and Hugo's narrative power is never let down An almost flawless translation which brings the full flavour of one of the greatest novels of the nineteenth century to new readers in the twenty first William Doyle *Times Literary Supplement* The year's most interesting publication from Penguin Classics was a new translation by Christine Donougher of the novel we all know as *Les Misérables* You may think that 1 300 pages is a huge investment of time when the story is so familiar but no adaptation can convey the addictive pleasure afforded by Victor Hugo's narrative voice by turns chatty crotchety buoyant and savagely ironical it's made to seem so contemporary and fresh in Donougher's rendering that the book has all the resonance of the most topical state of the nation novel *Telegraph* Christine Donougher's seamless and very modern translation of *Les Misérables* has an astonishing effect in that it reminds readers that Hugo was going further than any Dickensian lament about social conditions *The Wretched touches the soul Herald Scotland*

**Les Misérables** Victor Hugo, 2015-02-24 The first new Penguin Classics translation in forty years of Victor Hugo's masterpiece the subject of *The Novel of the Century* by David Bellos published in a stunning Deluxe edition Winner of the French American Foundation Florence Gould Foundation's 29th Annual Translation Prize in Fiction The subject of the world's longest running musical and the award winning film *Les Misérables* is a genuine literary treasure Victor Hugo's tale of injustice heroism and love follows the fortunes of Jean Valjean an escaped convict determined to put his criminal past behind him and has been a perennial favorite since it first appeared over 150 years ago This exciting new translation with Jillian Tamaki's brilliant cover art will be a gift both to readers who have already fallen for its timeless story and to new readers discovering it for the first time For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

**Flaubert: Transportation, Progression, Progress (Le Romantisme Et Après En France)** Kate Rees, 2010 Romanticism and after in France is a series designed to publish research monographs or longer works of high quality whether by established scholars or recent graduates dealing with French literature in the

period from pre Romanticism to the turn of the twentieth century      Paris Between Empires Philip Mansel, 2014-03-25 Paris between 1814 and 1852 was the capital of Europe a city of power and pleasure a magnet for people of all nationalities that exerted an influence far beyond the reaches of France Paris was the stage where the great conflicts of the age between nationalism and cosmopolitanism revolution and royalism socialism and capitalism atheism and Catholicism were fought out before the audience of Europe As Prince Metternich said When Paris sneezes Europe catches cold Not since imperial Rome has one city so dominated European life Paris Between Empires tells the story of this golden age from the entry of the allies into Paris on March 31 1814 after the defeat of Napoleon I to the proclamation of his nephew Louis Napoleon as Napoleon III in the Hotel de Ville on December 2 1852 During those years Paris the seat of a new parliamentary government was a truly cosmopolitan capital home to Rossini Heine and Princess Lieven as well as Berlioz Chateaubriand and Madame Recamier Its salons were crowded with artisans and aristocrats from across Europe attracted by the freedom from the political social and sexual restrictions that they endured at home This was a time too of political turbulence and dynastic intrigue of violence on the streets and women manipulating men and events from their salons In describing it Philip Mansel draws on the unpublished letters and diaries of some of the city's leading figures and of the foreigners who flocked there among them Lady Holland two British ambassadors Lords Stuart de Rothesay and Normanby and Charles de Flahaut lover of Napoleon's step daughter Queen Hortense This fascinating book shows that the European ideal was as alive in the nineteenth century as it is today      **Politics and Narratives of Birth** Carol A. Mossman, 1993-04 This book is a feminist analysis which combines a psychoanalytic perspective on catastrophic birth with the politics of reproduction in the emergent democracy of nineteenth century France It focuses on three major thinkers whose personal relation to origins is problematic Rousseau Constant and Stendhal and also includes a broad reading of the nineteenth century novel within the frame of pathological generation giving special attention to works by Michelet and Zola Professor Mossman identifies important areas of interaction between production and reproduction at the level of aesthetic form and between private birth related discourse and the ideology of the birth of democracy Within the context of the collapse of ancien regime France the nascent ideology of motherhood collides with modes of discourse that invade and colonize the maternal body generating a considerable burden of anxiety expressed in the nineteenth century French novel      **The Place de la Bastille** Keith Reader, 2011 From the bustling Marché d'Aligre market to the comparatively new Opéra Bastille the Place de la Bastille is among the Paris's most richly protean areas Also known as the Faubourg Saint Antoine the Bastille quarter has long been a bastion of working class solidarity and a regular site of political agitation such as the infamous storming of the Bastille Home to a popular and sometimes raffish nightlife scene in the early twentieth century it now serves an ethnically and socially mixed community while bearing many traces of its vibrant past From the earliest days to the present Keith Reader offers here a fascinating look at the rich historical and cultural geography of the Place de la Bastille For readers keen to explore this remarkable area firsthand the

book also includes a map and walking tour      **Poetry, Politics, and the Body in Rimbaud** Robert St. Clair, 2018-08-30

Bodies abound in Rimbaud's poetry in a way that is nearly unprecedented in the nineteenth century poetic canon: lazy, creative, rule-breaking, queer, marginalized, and impoverished bodies revolting and revolutionary. The question that *Poetry, Politics, and the Body* seeks to answer is: What does this corporeal density mean for reading Rimbaud? What kind of sense are we to make of this omnipresence of the body in the Rimbaudian corpus from first to last, from the earliest poems in verse celebrating the sheer simple delight of running away from wherever one is and stretching one's legs out under a table to the ultimate flight away from poetry itself? In response, this book argues that the body appears often literally as a kind of gap, breach, or aperture through which Rimbaud's poems enter into contact with history and a larger body of other texts. Simply put, the body is privileged lyrical material for Rimbaud: a figure for human beings in their exposed, finite creatureliness and in their unpredictable agency and interconnectedness. Its presence in the early work allows us not only to contemplate what a strange, sensuous thing it is to be embodied, to be both singular and part of a collective; it also allows the poet to diagnose and the reader to perceive a set of seemingly intractable real socio-economic, political, and symbolic problems. Rimbaud's bodies are, in other words, utopian bodies: sites where the historical and the lyrical, the ideal and the material do not so much cancel each other out as become caught up in one another.

Unacknowledged Legislators Roger Pearson, 2016-04-21

What is the public value of poetry? How do poets envisage their own role and function within society? How do we do it? Do poets seek to shape public opinion and behaviour? Should they? Or do they offer alternatives, perhaps sacred alternatives to political and religious ideologies? Are they what Shelley in 1821 called the unacknowledged legislators of the World? And what might that mean? During the decades immediately preceding the Revolution of 1789, the status of contemporary poetry in France was at its lowest ebb. At the same time, the perceived power of the writer to influence public events reached a high water mark with Voltaire's triumphant return to Paris in 1778. In the course of the next century, French poetry enjoyed an extraordinary renaissance and flowering, perhaps its greatest. But what of the poet's public influence? In 1881, the people of Paris processed for six hours past the home of Victor Hugo on the occasion of his 79th birthday, and in 1885, an estimated two million people witnessed his state funeral. But who or what were they acknowledging? Poetry or republicanism? Or perhaps their own power? For with each Revolution that passed (1789, 1830, 1848), French poets themselves felt increasingly marginalised. This study addresses the first part of this story and focuses on the role and function of the poet during the so-called Romantic Period. Beginning with an account of the literary climate in pre-revolutionary France, it then maps the changes in that climate wrought by the events of the 1789 Revolution. It describes the new politico-literary agendas set by Chateaubriand and others on the monarchist Right and by Staël and others on the liberal Left. Against this background, it then analyses in detail the poetic output and public exploits of the three major French poets of the period: Lamartine, Hugo, and Vigny. The Romantic figure of the poet as prophet and magus is habitually dismissed as a cliché. But by focusing on the

role of the poet as lawgiver this book reveals the rich and complex terms in which the public function of poetry was debated in post revolutionary France and how amidst the centenary celebrations of 1889 as Romanticism gave way to Symbolism the poet as lawgiver continued to play a central part in that debate      *My Beloved Toto* Juliette Drouet,2012-02-01 *My Beloved Toto* a collection of letters written by Juliette Drouet to her lover Victor Hugo tells the story of a life and of the great love affair that shaped it From 1833 until her death half a century later Drouet wrote to Hugo twice daily on average resulting in thousands of letters The 186 translated here most appearing in English for the first time offer insights into nineteenth century French culture as well as an insider s look at the character behavior working habits and day to day life of France s most monumental man of letters      [Henry James on Culture](#) Henry James,2004-01-01 This text presents a collection of 18 articles by Henry James on the social and political issues of his day They focus on questions of gender and manners religion and metaphysics as well as grouping together all of his works on World War I      *Landscapes of Realism* Dirk Göttsche,Rosa Mucignat,Robert Weninger,2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity *Landscapes of Realism* is a two volume collaborative interdisciplinary exploration of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this first volume tackles in its five core essays and twenty five case studies such questions as why realism emerged when it did why and how it developed such a transformative dynamic across languages to what extent realist poetics remain central to art and popular culture after 1900 and how generally to reassess realism from a twenty first century comparative perspective      *Forgotten Saint-Simonian Travelers in Egypt* John David Ragan,2025-02-11 The paradoxes of nineteenth century colonialism in the Middle East revealed through the accounts of three working class European travelers to Egypt This book tells the stories of two French women and a French African man travelers connected to the Saint Simonian utopian socialists who came to work for the Egyptian government in the 1830s They have been marginalized and excluded from the historical record because they were women not part of the colonial elite or of mixed racial heritage This history brings them alive through extensive archival research and vibrant storytelling There is Suzanne Voilquin a practicing midwife in Cairo who was involved in left wing popular politics in Paris and became the editor of one of the first feminist newspapers ever published 1832-34 The second traveler Thomas Ismayl Urbain was born in French Guyana where his mother was born a slave and his father was a French sea captain Jehan d Ivray is the pen name of the third traveler a teenage woman who married an Egyptian studying medicine in France and traveled with him to Egypt in 1879 She wrote more than twenty books including a retrospective look at Suzanne Voilquin and women in the Saint Simonian movement bringing the story full circle to another

generation Their stories brilliantly illustrate the paradoxes of nineteenth century colonialism in Egypt Suzanne Voilquin grew up in the Parisian working class and sympathized deeply with Egyptians but initially exoticized the differences between Egypt and her home country while Urbain a literary pioneer in black pride nevertheless joined the French army and saw his role in the colonial occupation as a means of helping indigenous people These characters transcend the neat binary of East and West and offer a rich nuanced window onto the experiences of French travelers in Egypt during the nineteenth century

Les Livres disponibles ,1983      *Islam Between East and West* Alija Izetbegović,2010      The Mysteries of Paris and London Richard Maxwell,1992 In this ambitious and exciting work Richard Maxwell uses nineteenth century urban fiction particularly the novels of Victor Hugo and Charles Dickens to define a genre the novel of urban mysteries His title comes from the mystery mania that captured both sides of the channel with the runaway success of Eugene Sue's *Les mysteres de Paris* and G W M Reynold's *Mysteries of London* Richard Maxwell argues that within these extravagant but fact obsessed narratives the archaic form of allegory became a means for understanding modern cities The city dwellers drive to interpret linked the great metropolises with the discourses of literature and art the primary vehicles of allegory Dominant among allegorical figures were labyrinths panoramas crowds and paperwork and it was thought that to understand a figure was to understand the city with which it was linked Novelists such as Hugo and Dickens had a special flair for using such figures to clarify the nature of the city Maxwell draws from an array of disciplines ideas and contexts His approach to the nature and evolution of the mysteries genre includes examinations of allegorical theory journalistic practice the conventions of scientific inquiry popular psychiatry illustration and modernized wonder tales such as Victorian adaptations of the *Arabian Nights* In *The Mysteries of Paris and London* Maxwell employs a sweeping vision of the nineteenth century and a formidable grasp of both popular culture and high culture to decode the popular mysteries of the era and to reveal man's evolving consciousness of the city His style is elegant and lucid It is a book for anyone curious about the fortunes of the novel in the nineteenth century the cultural history of that period particularly in France and England the relations between art and literature or the power of the written word to produce and present social knowledge      **That Sweet Enemy** Robert Tombs,Isabelle

Tombs,2009-06-17 *That Sweet Enemy* brings both British wit Robert Tombs is a British historian and French panache Isabelle Tombs is a French historian to bear on three centuries of the history of Britain and France From Waterloo to Chirac's slandering of British cooking the authors chart this cross channel entanglement and the unparalleled breadth of cultural economic and political influence it has wrought on both sides illuminating the complex and sometimes contradictory aspects of this relationship rivalry enmity and misapprehension mixed with envy admiration and genuine affection and the myriad ways it has shaped the modern world Written with wit and elegance and illustrated with delightful images and cartoons from both sides of the Channel *That Sweet Enemy* is a unique and immensely enjoyable history destined to become a classic

*Literature and Religion in Mid-Victorian England* C. Oulton,2002-12-13 This book places Dickens and Wilkie Collins

against such important figures as John Henry Newman and George Eliot in seeking to recover their response to the religious controversies of mid nineteenth century England While much recent criticism has tended to overlook or dismiss their religious pronouncements this book foregrounds the religious aspect of their writing and relocates their most important work in the context of contemporary debate The response of both writers is seen to be complex and fraught with tension
