Sewell,1990 **The Embodied Child** Roxanne Harde, Lydia Kokkola,2017-09-11 The Embodied Child Readings in Children's Literature and Culture brings together essays that offer compelling analyses of children's bodies as they read and are read as they interact with literature and other cultural artifacts and as they are constructed in literature and popular culture The chapters examine the ideology behind the cultural constructions of the child's body and the impact they have on society and how the child's body becomes a carrier of cultural ideology within the cultural imagination They also consider the portrayal of children's bodies in terms of the seeming dichotomies between healthy vs unhealthy bodies as well as able bodied vs disabled and examines flesh and blood bodies that engage with literary texts and other media The contributors bring perspectives from anthropology communication education literary criticism cultural studies philosophy physical education and religious studies With wide and astute coverage of disparate literary and cultural texts and lively scholarly discussions in the introductions to the collection and to each section this book makes a long needed contribution to discussions of the body and the child Children's Communication Skills Belinda Buckley,2012-08-21 Based on a huge body of research in child

journalist Maura McEnaney's fascinating and wide ranging biography of businessman and entrepreneur Willard Garvey is in many ways a history of 20th century America itself Born in Dust Bowl country as a teenager he rode the rails at the height of the Great Depression to work in California's Grapes of Wrath orchards He sailed on the Queen Mary to the European theater of World War II where he was one of the first three American officers into Berlin following its fall and attended the Potsdam Conference A visionary businessman who dreamed of Every man a homeowner Garvey pioneered affordable home ownership in developing countries at a time when few if any knew or cared about the millions living in slums worldwide Despite

revolutions coups and Anti American persecution his World Homes provided thousands of families in countries from South America to Asia the opportunity of moving onto and up the economic ladder He hobnobbed with heads of state and captains of industry counting 20th century titans J B Fuqua Robert Galvin and John Templeton as closest friends and confidantes He started a short lived fourth television network and pushed for independent journalism in an era of tightly controlled media He even tried to start a new country Yet despite his far flung operations Garvey was never far from his hometown affairs Organizing and hosting Saturday morning coffee shop gatherings of ordinary concerned citizens inveterate writer of Letters to the Editor crusader against the overreach of government bureaucracy Garvey ceaselessly fought for his fellow man to have the opportunities for success he had enjoyed and that he saw government s growing powers threatening It is perhaps his final biggest achievement that stands as Willard Garvey s legacy Beyond owner operator of the world s largest grain elevator and largest private landowner in Nevada builder of Kansas s tallest building the Epic Center Its slanted copper roof pointed to the sky it echoes the Kansas state motto that could well serve as his too Ad Astra per Aspera To the stars through difficulties
