Ja-Sung Oh,2021-01-30 1 Now mankind is fighting against the Corona virus Everyday a lot of people are dying dead and suffering by the Corona virus circulating the world Heavier suffering and burden are given to the economical weak This is a very serious problem to be solved soon However it is only a small tip of big problem we are facing today The more serious and hard to solve problem like Gordian knot is the environmental problems of earth revealing the symptoms such as the marine pollution destruction of forest desertification climatic change and so on accelerated by the financial capitalism and tribal egoism As philosopher Nietzsche said mankind becomes the disease of earth At this rate Homo sapiens will disappear before the great flower of Earth Democracy begins to bloom This terrible result is the product of ego centric small reason dichotomous reason namely instrumental reason Such selfish exclusive reason constructs the vertical system of knowledge vertical relationship of possession and vertical ruling relationship at any cost We can not avoid greed opposition deception distrust conflict violence and war It is because the self is the genius of the lie and deception so confabulates endlessly to justify and rationalize himself or herself in order to maximize his or her benefits and pleasures We can not avoid the conflict between two monadic selves conflict between two logoi conflict between two benefits and conflict between two justifications So we can make a long list of cases of tragic violences and wars caused by the political leaders who was just a greedy liar swindler intellectual dwarf and sly hypocrite However the direction and way for the collective intelligence are clear and distinct It is inevitable to solve the pains of mankind and all living bodies of earth 2 The collective intelligence of mankind has explored and tried to discover the ultimate truth and to actualize the democracy incessantly Science and philosophy are the tracks of hard fighting of brave men in order to make the good world where the universal truth is alive in the justice and democracy The collective intelligence of mankind has achieved the incessant progress through the Copernican changes in scientific truth Science has escalated the status of human beings continuously in the universe All human beings are equal

extremely precious and solemn Being allowed to parody Wittgenstein now it is time to keep silent about the affairs which are not coincident with the truth of science in order to keep the infinite value and dignity of human beings It is because the substantialization of false concepts allows all kinds of liars and swindlers to win the games pleasantly while justice keeps silent and human happy life and peace of earth are destroyed in the white screamings Contemporary great philosopher Deleuze overturns such false concepts decisively and opens new metaphysics and ethics based on the contemporary sciences Deleuze's philosophy of multiplicity and event is very close to Buddha's philosophy of Dharma and Middle Way which is also very scientific and practical Middle Way is the ultimate truth and it is the single unique solution to solve the problem of earth ultimately It is time we need to pay attention seriously on Deleuze and Buddha if we wish to live in justice democracy freedom peace and happiness 3 This book compares the same points and different points with selected several keywords in the epistemology ontology and practical theory between Deleuze and Buddhism Both will go forward together for the democracy peace and happiness of earth Michel Foucault predicted that the 20th century will be considered as that of Deleuze which will never be a joke or an exaggeration We can enter into the Buddhism and come out of Deleuze and vice versa

MUSASHI: The Way of Strategy Páll Thormod Morrisson, 2025-04-18 Miyamoto Musashi was a legendary figure of the Japanese warrior tradition dedicated to the pursuit of enlightenment by way of strategy and the sword A wandering samurai and master of strategy he retired to the spiritual asceticism of a cave after a life of duelling and bloody battle to put his secrets down in writing The result was *Gorin no sho* his classic Five Rings Book P ll Thormod Morrisson examines *Gorin no sho* and its insights on strategy kenjutsu philosophy and mystical awareness with reference to other works by the master seeking to shed fresh light on Musashi's way of the warrior **Zen-Existentialism** Lit-sen Chang, 2011-07-21 Modern man has found that material achievements are failing him but in his escape from despair he has become an easy prey for the deceptive cult of Zen Existentialism There has emerged a mode of radical New Humanism with its emphasis on human autonomy In place of the God man appears the man god There is a search for the world within the limitless inner space the expansion of consciousness and the transcendental experience of Satori First published in 1969 this book prophetically anticipated the growth of New Age developments in the decades to follow Lit sen Chang directly spoke to the Hippie movement of his day which was then seeking various means of transcendence through drugs and eastern mysticism This book also reflects fifty years of bitter experiences of the author's spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his cul de sac Chang writes of the utter futility of the fantasy of the East analyzes the root causes of the crises in the West and points out the doom of auto soterism after his careful diagnosis of the human problem in cultural philosophical religious and theological terms **Dante's Divine comedy, tr. in the original ternary rhyme by C.B. Cayley. [With] Notes on the translation** Dante Alighieri, 1855 **Healing Breath** Ruben L. F. Habito, 2013-02-08 Healing our wounded Earth is not unrelated to healing our own personal wounds The pains of the Earth

and those of the individuals making up our Earth community cannot be separated Thus the healing of our individual lives can become the basis of the healing of Earth This book sheds light on Zen as a spiritual path that leads to healing in the personal social and ecological dimensions of our being If you are seeking a form of spiritual practice that addresses all three of these dimensions or simply seeking to deepen your understanding of the Zen path it is written for you If instead of fragmentation disorientation and vacuity you seek wholeness groundedness and integrity in your life it is written for you Perhaps you too have come to realize that our global community is in a sad state of affairs that we need to radically change how we live and relate to one another and to the Earth You may already be engaged in some form of social or ecological action addressing these issues and you may feel overwhelmed by the magnitude of the task If you've been tempted to pessimism or have thrown up your hands in despair when your best efforts don't seem to make a dent this book is for you Healing Breath offers a way to integrate a spiritual path with active socio ecological engagement as the ground This book also addresses another set of questions can a Christian genuinely practice Zen How is Zen practice compatible with a Christian faith commitment To fully engage in a Zen practice what kind of belief system is presupposed or required How can spiritual practice in an Eastern tradition inform Christian life and understanding In the process of describing the Zen way of life Healing Breath will consider various Christian expressions symbols and practices not as an apologetic for that belief system but to show how they too point to the transformative and healing perspectives and experiences provided by Zen The vision, tr. by H.F. Cary,

revised by P. Toynbee Dante Alighieri,1900 *Dante's Inferno, tr. by H.F. Cary* Dante Alighieri,1888 **The Zensational**

Buddha Rahul Karn,2019-09-29 Zen Masters have a unique relationship with Buddha They love Buddha yet sometimes they suggest us to kill the Buddha One Zen Master didn't bow in front of the Buddha statue while other said that Buddha was a dried piece of dung One ancient Zen Master burnt the Buddha statue while other said that Buddha was a liar This book is a collection of hundreds of Zen Stories which will help you to see Buddha from a totally new Zen perspective *Unsui* Eshin Nishimura,2021-05-25 Although the lines of the palm of the hand are barely visible in the early light the monks of the Tofukuji monastery have been about their familiar rounds of daily tasks for several hours Their routine is simple but faithfully practiced Within its repetition lies the key to the self and the Buddha who resides within The daily life of the monastery is portrayed here in ninety seven watercolor sketches Drawn during his last years by the Zen monk Giei Sato these sketches recollect his days as an unsui an apprentice monk With humor and steadfast warmth Sato depicts the day of leaving home and the day of returning the rainy season and the snowy season the chores the celebrations the days of cleaning and the days of begging Each of the charming drawings is enhanced by a brief description of the event portrayed a touch of Zen teaching or a note on monastic life **Materials on the Pacific Area** Claremont Graduate School and University Center.
