Gateways and Doorways of Charleston, South Carolina Elizabeth Gibbon Curtis,1926

The Great Cooper River

Bridge Jason Annan,Pamela Gabriel,2020-05-14 A comprehensive history of one of Charleston s most significant landmarks On a hot summer day in 1929 the citizens of Charleston South Carolina participated in one of the largest celebrations in the city s history the opening of the Cooper River Bridge After years of quarrels financial obstructions and political dogfights the great bridge was completed and for the first time Charleston had a direct link to the north From the doldrums of the Depression to the growth of the 1990s the Cooper River Bridge played a vital role in Charleston s transformation from an impoverished isolated city to a vibrant and prosperous metropolis Now obsolete and no longer adequately serving the needs of the Charleston area the old Cooper River Bridge and the new Silas N Pearman Bridge the Cooper River Bridge s larger sister structure erected in 1966 will be replaced Funding design and construction are presently underway to replace the old structure with a single modern bridge The two original bridges have become true emblems of Charleston much like the Eiffel Tower of Paris or the Golden Gate Bridge of San Francisco With their removal Charleston will lose two of its most significant landmarks This vast change in the city s skyline is sure to evoke memories from Charlestonians and visitors who have developed a special relationship with the old bridge In addition to these reminiscences the Cooper River Bridge has its own story one of ambitious men and their dreams of profit and of a city s dreams of prosperity Upon its completion the Cooper River Bridge was a grand symbol of Charleston s vision for the future and the bridge recalls many significant themes in the modern history of the city The Great Cooper River Bridge provides the complete history of this architectural icon exploring how early twentieth century Charleston helped shape the bridge and how the bridge subsequently shaped the city With more than eighty photographs this illustrated volume documents a remarkable engineering feat and a distinctive structure before it becomes a memory American Architect and the Architectural Review ,1928

Carolina Folk McKissick

Museum,Mckissick,1985 Identifies the Carolinas contributions to Southern Folk traditions **Afro-American Folk Art and Crafts** William R. Ferris,1983 **Architectural Record ,1906** *By the Work of Their Hands* John Michael Vlach,1991 A stunning piece of scholarship rich in both theory and evidence that takes the reader to a new plateau of understanding Charles Joyner University of South Carolina of the African American folklife *A Golden Haze of Memory* Stephanie E. Yuhl,2006-03-08 Charleston South Carolina today enjoys a reputation as a destination city for cultural and heritage tourism In A Golden Haze of Memory Stephanie E Yuhl looks back to the crucial period between 1920 and 1940 when local leaders developed Charleston s trademark image as America s Most Historic City Eager to assert the national value of their regional cultural traditions and to situate Charleston as a bulwark against the chaos of modern America these descendants of old line families downplayed Confederate associations and emphasized the city s colonial and early national prominence They created a vibrant network of individual artists literary figures and organizations such as the all white Society for the Preservation of

Negro Spirituals that nurtured architectural preservation art literature and tourism while appropriating African American folk culture In the process they translated their selective and idiosyncratic personal familial and class memories into a collective identity for the city The Charleston this group built Yuhl argues presented a sanitized yet highly marketable version of the American past Their efforts invited attention and praise from outsiders while protecting social hierarchies and preserving the political and economic power of whites Through the example of this colorful southern city Yuhl posits a larger critique about the use of heritage and demonstrates how something as intangible as the recalled past can be transformed into real political economic and social power **The Industrial Arts Index** ,1927 [The American Architect](#) ,1928

Landscape Architecture in the Modern World Karl Baptiste Lohmann,1941 **The Georgian Period** William Rotch Ware,1902 **Catalog of the Avery Memorial Architectural Library of Columbia University** Avery Library,1968

House & Garden ,1905 **Renaissance in Charleston** James M. Hutchisson,Harlan Greene,2003 The essays tell how these and other individuals faced the tensions and contradictions of their time and place While some traced their lineage back to the city s first families others were relative newcomers Some broke new ground racially and sexually as well as artistically others perpetuated the myths of the Old South Some were censured at home but praised in New York London and Paris The essays also underscore the significance and growth of such cultural institutions as the Poetry Society of South Carolina the Charleston Museum and the Gibbes Art Gallery **BOOK JACKET** [Partners with the Sun](#) Harvey S. Teal,2001 This work recounts the history of the men and women who captured a century of South Carolina images from photography s introduction in the state through to 1940 **The Georgian Period** ,1902 **The Open Shelf** ,1927 [Giving](#)

[Preservation a History](#) Randall F. Mason,Max Page,2019-10-21 In this volume some of the leading figures in the field have been brought together to write on the roots of the historic preservation movement in the United States ranging from New York to Santa Fe Charleston to Chicago [Giving Preservation a History](#) explores the long history of historic preservation how preservation movements have taken a leading role in shaping American urban space and development how historic preservation battles have reflected broader social forces and what the changing nature of historic preservation means for efforts to preserve national urban and local heritage The second edition adds several new essays addressing key developing areas in the field by major new voices The new essays represent the broadening range of scholarship on historic preservation generated since the publication of the first edition taking better account of the role of cultural diversity and difference within the field while exploring the connections between preservation and allied concerns such as environmental sustainability

LGBTQ and nonwhite identity and economic development **The Southern Quarterly** ,1989
