Spirituality Connie Zweig Ph.D., 2017-01-18 I do not seek to follow in the footsteps of the men of old I seek the things they sought Basho In every tradition saints and poets speak of the soul s search for the beloved the seeker s yearning for the divine This holy longing is a secret feeling with many disguises leading us to pursue a higher union in spiritual practice religious discipleship even romantic embrace It guides us to timeless wisdom and transcendent experiences But it also can go awry when we misplace it onto food alcohol drugs or sex Or when we project it onto an authoritarian teacher priest guru or roshi who abuses power Whether the abuse is sexual financial or emotional coercion we feel the shock of betrayal our innocence lost our faith shaken This book tells the stories of renowned teachers Sufi poet Rumi Hindu master Ramakrishna Christian saint Catherine of Siena whose lives unfolded as they followed their longing And it tells the tales of contemporary teachers of Buddhism Hinduism and Catholicism who acted out their shadows in destructive ways leaving their followers traumatized and lost Both faithful seekers who feel hopeful and inspired and disillusioned seekers who feel hopeless and disoriented will find wise counsel here and will retrace the narrow path through the darkness toward the light **The Holy**

Longing Connie Zweig, 2008-04-08 Longing is the core of mystery Longing itself brings the cure Rumi In every tradition saints and poets speak of the soul s search for the beloved the seeker s yearning for the divine This holy longing a secret feeling with many disguises leads us to pursue religious discipleship spiritual practice romantic union or an ideal community It guides us to timeless wisdom and transcendent experience But it also can go awry when we misplace it onto objects such as food alcohol drugs or sex believing that they will satisfy our craving Or when we misplace it onto an authoritarian personality believing that he or she will meet our unmet needs If this teacher or priest abuses power we encounter the shadow side of spiritual life Whether the abuse is sexual financial or emotional coercion we may feel forsaken and lose faith even in God *The Holy Longing* tells the stories of teachers in many traditions Sufi poet Rumi Hindu master Ramakrishna

Christian saint Catherine of Siena whose lives unfolded as they followed their longing And it tells the tales of many ordinary people Catholic believers students of Zen and TM followers of Trungpa Rinpoche and Rajneesh and their encounters with spiritual shadow Finally it offers wise counsel for rekindling the flame of faith moving through the shadow to the light by reclaiming sacred parts of the self that were lost along the way *Meeting the Shadow on the Spiritual Path* Connie Zweig,2023-05-23 A guide to rekindling spiritual inspiration after betrayal and disillusionment Explains why we are drawn to charismatic leaders what we unconsciously give away to them and how to reclaim our inner spiritual authority Explores how to recover from spiritual abuse or betrayal by a teacher or group including breaking free of denial projection and dependency using psychology and shadow work Extends MeToo into the spiritual domain and tells the stories of contemporary clergy and spiritual leaders who acted out their shadows in destructive ways leaving their followers traumatized and lost Within each of us is a spiritual longing that prompts us to unite with something greater than ourselves to awaken to our unity with all of life Yet no matter the spiritual path we choose we inevitably encounter our own shadow those unconscious aspects of ourselves that we suppress or deny or the shadows of our teachers and their secret desires about money sex and power Meeting the shadow can derail the journey but according to Connie Zweig Ph D we can learn to recover from loss of faith and move from spiritual naivete to spiritual maturity Calling on us to expand our vision of religious and spiritual life and our vision of awakening to include the human shadow Zweig examines the yearning that sets us on the spiritual path showing how it can lead to ecstatic transcendent experiences or to terrible suffering by projecting it onto an authoritarian teacher priest or guru who abuses power She tells the stories of renowned teachers Sufi poet Rumi Hindu master Ramakrishna and Christian saint Catherine of Siena whose lives unfolded as they followed their spiritual yearning And she tells the cautionary tales of contemporary teachers of Buddhism Hinduism and Catholicism who acted out their shadows in devastating ways leaving their followers traumatized and lost She explains how meeting the shadow is a painful but inevitable stage on the path to a more mature spirituality She describes how to use spiritual shadow work to separate from abusive teachers reclaim inner spiritual authority and heal from betrayal With guidance for both inspired and disillusioned seekers the author explores how to navigate the narrow path through the darkness toward the light rekindle the flame of longing and once again engage in fulfilling spiritual practice *Bringing the Biosphere Home* Mitchell Thomashow,2001-10-26 A guide for understanding the ecological and existential aspects of global environmental change This book shows how to make global environmental problems more tangible so that they become an integral part of everyday awareness At its core is a simple assumption that the best way to learn to perceive the biosphere is to pay close attention to our immediate surroundings Through local natural history observations imagination and memory and spiritual contemplation we develop a place based environmental view that can be expanded to encompass the biosphere Interweaving global change science personal narrative and commentary on a wide range of scientific and literary works the book explores both the ecological and existential aspects of urgent issues such

as the loss of biodiversity and global climate change Written in a warm engaging style Bringing the Biosphere Home considers the perceptual connections between the local and global how the ecological news of the community is of interest to the world and how the global movement of people species and weather systems affects the local community It shows how global environmental change can become the province of numerous educational initiatives from the classroom to the Internet from community forums to international conferences from the backyard to the biosphere It explains important scientific concepts in clear nontechnical language and provides dozens of ideas for learning how to practice biospheric perception
