Gautier and the Romantics:

The Myth and Identity of the Romantic Artist in European Literature Elena Anastasaki, 2022-08-04 This study addresses the question of artistic identity and the myth of the artist as it has been shaped by the artists themselves While the term artist is to be understood in a broad sense the focus of this study is the literature of the Romantic tradition Identity is largely perceived as a construct and a central hypothesis of this book concerns its aesthetic value and the ways it creates dominant narratives of self perception that produce powerful myths The construction of the artist's identity be it collective or personal rests on a series of aesthetic praxes Caught between the mythic idealisation of poetic genius and its social devaluation the Romantic artist seeks to create a place for himself and in doing so he engages in his own mythmaking This process is studied in an interdisciplinary perspective approaching texts and writers from different traditions The study analyses various typologies of the artist numerous mythmaking strategies as well as several postural techniques all of which have sketched major direct or indirect fictional self portraits in the European tradition

The Cambridge History of European Romantic Literature Patrick Vincent, 2023-11-09 This wide ranging new history of European Romantic Literature presents a pan European phenomenon which transcended national borders and contributed to a new sense of European cultural identity across the continent Conceived in the same spirit as Madame de Staël's cultural and political agenda at a time when her generous idea of Europe is being challenged on all sides the volume pays close attention to the period's circulation of people ideas and texts It proposes to rethink the period comparatively focusing on various forms of cultural mediation and transfer and on productive tensions synchronicities and interactions within and across borders Organized chronologically its twenty chapters address over five hundred works proposing a coherent historical narrative without completely erasing individual nations specificities By showcasing in particular the place of Britain within continental culture the volume hopes to reactivate critical examinations of Romanticism from a historicised European perspective

The Nation, 1874 **A History of the Romantic Movement in Spain**, Periods of European Literature: The romantic triumph Thomas Stewart Omond, 1923 **Our Ladies of Darkness** Joseph Andriano, 2010-11-01 **A History of the Romantic Movement in Spain** E. Allison Peers, 2013-11-14 Originally published in 1940 as the first part of a two volume study this book examines the Romantic Movement in Spain from its roots in the Spanish Golden Age during the sixteenth and seventeenth centuries to the Romantic revival in the nineteenth century and the ensuing conflict between Classicists and Romanticists which abated after 1837 Peers looks at key texts in the history of the Romantic style as well as external influences on Spanish style in this period of literary upheaval This book will be of value to anyone with an interest in the history of Spanish literature or the Romantic Period *Iran and French Orientalism* Julia Caterina Hartley, 2023-12-28 New translations of Persian literature into French the invention of the Aryan myth increased travel between France and Iran and the unveiling of artefacts from ancient Susa at the Louvre Museum are among the factors that radically altered France's

perception of Iran during the long nineteenth century And this is reflected in the literary culture of the period In an ambitious study spanning poetry historiography fiction travel writing ballet opera and marionette theatre Julia Hartley reveals the unique place that Iran held in the French literary imagination between 1829 and 1912 Iran's history and culture remained a constant source of inspiration across different generations and artistic movements from the Oriental poems of Victor Hugo to those of Anna de Noailles and Thophile Gautier's strategic citation of Persian poetry to his daughter Judith Gautier's full blown rewriting of a Persian epic Writing about Iran could also serve to articulate new visions of world history and religion as was the case in the intellectual debates that took place between Michelet Renan and Al Afghani Alternatively joyous as in Flicien David's opera Lalla Roukh and ominous as in Massenet's Le Mage Iran elicited a multiplicity of treatments This is most obvious in the travelogues of Flandin Gobineau Loti Jane Dieulafoy and Marthe Bibesco which describe the same cities and cultural practices in altogether different ways Under these writers pens Iran emerges as both an Oriental other and an alter ego its culture elevated above that of all other Muslim nations At times this led French writers to critique notions of European superiority But at others they appropriated Iran as proto European through racialist narratives that reinforced Orientalist stereotypes Drawing on theories of Orientalism and cultural difference this book navigates both sides of this fascinating and complex literary history It is the first major study on the subject

Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism

Pleasure Wars Peter Gay, 1998 Whereas Education of the Senses focused on the sexual attitudes and practices of the nineteenth century Bourgeoisie The Tender Passion concentrates on their notions of love No less revisionist than he was in his first volume Gay argues here that the Victorians were able not only to enjoy their sexuality but to know love in its most exalted sense The realities of love for the Victorians he shows came much closer to their ideals than many have thought Gay delves into a huge body of material from philosophical treatises to medical texts from letters and diaries to works of fiction The book is replete with fascinating insights into the lives and works of individual Victorians Dickens Stendhal Wagner Oscar Wilde Beatrice Potter and Sydney Webb among them and his discussions range from the discovery of homosexuality to the ways love was diverted or disguised in music and religion

Pleasure Wars: The Bourgeois Experience Victoria to Freud Peter Gay, 1998-01-17 A master historian shows us a new side of the Victorian Era the role of the Bourgeois as reactionaries revolutionaries and middle of the roaders in the passage of high culture toward modernism The Victorians in this richly peopled narrative maneuvered through decades marked by frequent shifts in taste some seeking

safety in traditional styles others drawn to the avant garde of artists composers and writers Peter Gay's panoramic survey offers a fresh view of the ideas and sensibilities that dominated Victorian culture
