**The Struggle Over Gay, Lesbian, and Bisexual Rights** Kimberly B. Dugan, 2021-04-29 In November 1993 voters in Cincinnati Ohio passed Issue 3 an amendment to the City Charter eliminating gay lesbian and bisexual persons legal protection against discrimination and prohibiting their recognition as a group or class This Christian right initiative emerged largely in response to the inclusion of sexual orientation in the city's newly enacted Human Rights Ordinance just one year earlier Using qualitative data Kimberly Dugan captures the dynamics and interdependence of the gay lesbian and bisexual movement and the Christian right as they engaged in conflict over Issue 3 by focusing on cultural factors relevant to movement mobilization strategies and success

*Tensions in the Struggle for Sexual Minority Rights in Europe* Nicole J. Beger, 2004 Queering political practices in Europe is the first queer and poststructuralist reading of political rights concepts in the specific European transnational context In the last thirty years Europe has seen the rise of gay lesbian bisexual and transgender movements fighting nationally and transnationally for participation rights in society In addition academic theorists have increasingly paid attention to the epistemological and ontological roles gender and sexuality play in modern politics However in the political process of arguing for rights the centrality of those roles is mostly hidden from view in official institutional and movement discourses This book investigates the conceptual themes of lesbian gay and transgender rights and lobby politics in Europe and their open and hidden relations to binary and hierarchical orders of dominance It contributes to an understanding of the conditions upon which politics of inclusion participation social justice and equality rest and why struggles for sexual minority rights have been so difficult and

slow The book illuminates how the paradigms of political discourses constitute consolidate and contest the meaning and culture

*Historical Dictionary of the Lesbian and Gay Liberation Movements* JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Scott, 2024-06-14 *Home Is Where Your Politics Are* is a transnational consideration of queer and trans activism in the US South and South Africa Through ethnographic exploration of queer and trans activist work in both places Jessica Scott paints a vibrant picture of what life is like in relation to a narrative that says that queer life is harder if not impossible in rural areas and on the African continent The book asks questions like what do activists in these places care about and how do stories about where they live get in the way of the life they envision for the queer and trans people for whom they advocate Answers to these questions provide insight that only these activists have into the complexity of locally based advocacy strategies in a globalized world *Ambivalent Affinities* Jennifer Dominique Jones, 2023-10-12 In the early twenty first century comparisons between the modern civil rights movement and the movement for marriage equality reached a fever pitch These comparisons however have a longer history During the five decades after World War II political ideas about same sex intimacy and gender nonconformity most often categorized as homosexuality appeared in the campaigns of civil rights organizations Black liberal elected officials segregationists and far right radicals Deployed in complex and at times contradictory ways political ideas about homosexuality and later lesbian gay bisexual and transgender subjects became tethered to conceptualizations of

Blackness and racial equality In this interdisciplinary historical study Jennifer Dominique Jones reveals the underexamined origins of comparisons between Black and LGBT political constituencies in the modern civil rights movement and white supremacist backlash Foregrounding an intersectional framing of postwar political histories Jones demonstrates how the shared non normative status of Blackness and homosexuality facilitated comparisons between subjects and political visions associated with both Drawing upon organizational records manuscript collections newspaper accounts and visual and textual ephemera this study traces a long conflicting relationship between Black and LGBT political identities that continues to the present day Eyes Right! Chip Berlet,1995 A collection of 21 reports on recent research conducted in the area of alpha keto dehydrogenase complexes reveals their central role in cellular metabolism and regulations sites The implications in medical research range from defects in regulation linked to diabetes heart disease and obesity and inherited and acquired immune diseases such as maple syrup urine disease and biliary cirrhosis The volume integrates structure function relationships gene regulation and genetic defects and extends the variety of experimental approaches in each area Annotation copyright by Book News Inc Portland OR Civil Rights in America ,2002 **Kenyan, Christian, Queer** Adriaan van Klinken,2019-07-24 Popular narratives cite religion as the driving force behind homophobia in Africa portraying Christianity and LGBT expression as incompatible Without denying Christianity s contribution to the stigma discrimination and exclusion of same sex attracted and gender variant people on the continent Adriaan van Klinken presents an alternative narrative foregrounding the ways in which religion also appears as a critical site of LGBT activism Taking up the notion of arts of resistance Kenyan Christian Queer presents four case studies of grassroots LGBT activism through artistic and creative expressions including the literary and cultural work of Binyavanga Wainaina the Same Love music video produced by gay gospel musician George Barasa the Stories of Our Lives anthology project and the LGBT affirming Cosmopolitan Affirming Church Through these case studies Van Klinken demonstrates how Kenyan traditions black African identities and Christian beliefs and practices are being navigated appropriated and transformed in order to allow for queer Kenyan Christian imaginations Transdisciplinary in scope and poignantly intimate in tone Kenyan Christian Queer opens up critical avenues for rethinking the nature and future of the relationship between Christianity and queer activism in Kenya and elsewhere in Africa How to Make the World a Better Place for Gays & Lesbians Una W Fahy,2009-09-26 This book encourages readers to confront address and change anti gay prejudice on all levels of society from personal and interpersonal to collective religious and institutional **Queer Necropolitics** Jin Haritaworn,Adi Kuntsman,Silvia Posocco,2014-02-03 This book comes at a time when the intrinsic and self evident value of queer rights and protections from gay marriage to hate crimes is increasingly put in question It assembles writings that explore the new queer vitalities within their wider context of structural violence and neglect Moving between diverse geopolitical contexts the US and the UK Guatemala and Palestine the Philippines Iran and Israel the chapters in this volume interrogate claims to queerness in the

face s of death both spectacular and everyday Queer Necropolitics mobilises the concept of necropolitics in order to illuminate everyday death worlds from more expected sites such as war torture or imperial invasion to the mundane and normalised violence of racism and gender normativity the market and the prison industrial complex Contributors here interrogate the distinction between valuable and pathological lives by attending to the symbiotic co constitution of queer subjects folded into life and queerly abjected racialised populations marked for death Drawing on diverse yet complementary methodologies including textual and visual analysis ethnography and historiography the authors argue that the distinction between war and peace dissolves in the face of the banality of death in the zones of abandonment that regularly accompany contemporary democratic regimes The book will appeal to activist scholars and students from various social sciences and humanities particularly those across the fields of law cultural and media studies gender sexuality and intersectionality studies race and conflict studies as well as those studying nationalism colonialism prisons and war It should be read by all those trying to make sense of the contradictions inherent in regimes of rights citizenship and diversity

**Same Sex, Different Politics** Gary Mucciaroni, 2009-05-15 Why is it so much harder for American same sex couples to get married than it is for them to adopt children And why does our military prevent gays from serving openly even though jurisdictions nationwide continue to render such discrimination illegal Illuminating the conditions that engender these contradictory policies Same Sex Different Politics explains why gay rights advocates have achieved dramatically different levels of success from one policy area to another The first book to compare results across a wide range of gay rights struggles this volume explores debates over laws governing military service homosexual conduct adoption marriage and partner recognition hate crimes and civil rights It reveals that in each area the gay rights movement s achievements depend both on Americans perceptions of its demands and on the political venue in which the conflict plays out Adoption policy for example generally takes shape in a decentralized system of courts that enables couples to target sympathetic judges while fights for gay marriage generally culminate in legislation or ballot referenda against which it is easier to mount opposition Brilliantly synthesizing all the factors that contribute to each kind of outcome Same Sex Different Politics establishes a new framework for understanding the trajectory of a movement

Martin Luther King Jr., Homosexuality, and the Early Gay Rights Movement Desmond Tutu, Michael G. Long, 2012-11-28 Martin Luther King Jr was not an advocate of homosexual rights nor was he an enemy however both sides of the debate have used his words in their arguments including his widow in support of gay rights and his daughter in rejection This fascinating situation poses the problem that Michael G Long seeks to address and resolve
