

EMILIO BEJEL

GAY CUBAN NATION

Gay Cuban Nation

Raquel Puig, Dorsía Smith

Gay Cuban Nation:

Gay Cuban Nation Emilio Bejel, 2001-09 With *Gay Cuban Nation* Emilio Bejel looks at Cuba's markedly homoerotic culture through writings about homosexuality placing them in the social and political contexts that led up to the Cuban Revolution. By reading against the grain of a wide variety of novels, short stories, autobiographies, newspaper articles, and films, he maps out a fascinating argument about the way in which nationalism and other institutions of power struggle for an authoritative stance on homosexual issues. Through close readings of writers such as José Martí, Ofelia Rodríguez Acosta, Carlos Montenegro, José Lezama Lima, Severo Sarduy, Achy Obejas, Sonia Rivera Valdés, and Reinaldo Arenas, *Gay Cuban Nation* shows ultimately that the specter of homosexuality is always lurking in the shadows of nationalist discourse. *Forces of Nature* Bernadette H. Hyner, 2009-03-26 In *Forces of Nature* the authors investigate the relationships between the natural world and gender and sexuality. The authors explore the frameworks within which femininity and nature have been constructed, as well as the impact nature has had on our understandings of masculinity, homosexuality, and heterosexuality. For some writers, nature has restorative powers; for others, nature embodies violence and destruction. Yet one common thread runs across all of the chapters in this collection: nature and animals can not be separated from the human experience. *Forces of Nature* brings to light the intimate connection humans have with the natural world and provides students and scholars with innovative readings of both canonical and noncanonical texts. **¡Venceremos?** Jafari S. Allen, 2011-08-12 An ethnography of sexual identity formation in contemporary Cuba. **Reading José Martí from the Margins** Miguel A. De La Torre, 2024-01-05 *Reading José Martí from the Margins* explores the construction of Cuban homophobia, racism, sexism, sinophobia, and ethnic discrimination, which continues unabated today on both sides of the Florida Straits. The apotheosis of Martí and the falsification of his thoughts have made it difficult to provide a critical assessment of his contributions to the cause of political and social liberation. In his writings and in his declaration, the Montecristo Manifesto, he is among the first Latin Americanists to envision the future of Cuba and the rest of Latin America with the full and equal inclusion of Indian and Black people. However, he also unwittingly created the foundation for a paternalistic, colorblind social order, which contributed to the marginalization of those who fell short of the cis-gendered male Euro-Cuban ideal. Relying primarily on Martí's own writings, some of which has yet to be translated into English, Miguel De La Torre provides a critical assessment of Martí and shows how some of his work contributes to the construction of intra-Cuban oppression. **Sexual Revolutions in Cuba** Carrie Hamilton, 2012 Chronicling the history of sexuality in Cuba since the 1959 revolution, this book frames the relationship between passion and politics in the revolution's wider history and argues that the Cuban revolutionary regime intervened in the sexual lives of Cubans in a variety of ways and transformed key areas of Cuban life, including the family, reproduction, sexual values, and sexual relationships. Drawing from a major oral history project, the *Memories of the Revolution* oral history project, conducted by a team of British and Cuban researchers, Hamilton was one of the British researchers on the team.

between 2003 and 2007 Hamilton explores the experiences and perceptions of sexuality among Cubans across generations and social groups She contextualizes the oral histories within an array of archival and secondary sources relating them to issues of race class and gender as well as to social economic and political change Organized thematically the volume opens with a historical overview that points out that after 1959 revolutionary values continued to coexist with pre revolutionary ideologies in a potent and often contradictory mix Succeeding chapters examine discourse on love romance and passion on both personal and national levels male and female homosexuality sexual repression and changing gender roles and service to the revolution Hamilton explores conflicting notions of Cuba as a site of desire on the one hand and as a place of intense sexual repression especially with regard to homosexuality on the other She identifies many ways in which revolutionary policy affected sexual behavior including changes to policy and laws mass education programs leaders pronouncements on the relationship between good revolutionaries and private life and the provision of incentives to encourage certain forms of sexual union and repressive measures to discourage and punish others Hamilton argues that sexual politics were central to the construction of a new revolutionary society

Blackness and Sexualities Michelle M. Wright,Antje Schuhmann,2007 With contributions from leading scholars from various disciplines this title offers analyses and critiques that span three continents and looks at topics such as the secret marketing of black female pornography to white American men and the eroticization of colonial legacies in contemporary German media

Playful Protest Kristie Soares,2023-09-05 Pleasure based politics in Puerto Rican and Cuban pop culture Joy is a politicized form of pleasure that goes beyond gratification to challenge norms of gender sexuality race and class Kristie Soares focuses on the diasporic media of Puerto Rico and Cuba to examine how music public activist demonstrations social media sitcoms and other areas of culture resist the dominant stories told about Latinx joy As she shows Latinx creators compose versions of joy central to social and political struggle and at odds with colonialist and imperialist narratives that equate joy with political docility and a lack of intelligence Soares builds her analysis around chapters that delve into gozando in salsa music precise joy among the New Young Lords Party choteo in the comedy Qu Pasa U S A az car in the life and death of Celia Cruz dale as Pitbull s signature affect and Alexandria Ocasio Cortez s use of silliness to take seriously political violence Daring and original *Playful Protest* examines how Latinx creators resist the idea that joy only exists outside politics and activist struggle

Transgender History & Geography: Crossdressing in Context Bolich,Ph. D. G. G. Bolich,2007-09-28 The third in a landmark five volume study of transgender realities with a focus on crossdressing this fascinating volume offers a tour through history and around the world Within these pages are found the most famous crossdressers of history and information as to what it means to be a transgender person in the various countries of the world today

Resistant Bodies in the Cultural Productions of Transnational Hispanic Caribbean Women Irune del Rio Gabiola,2016-12-27 *Resistant Bodies in the Cultural Productions of Transnational Hispanic Caribbean Women* Reimagining Queer Identity examines the art created by several Caribbean women who use literature film graphic novels

music testimonios photographs etc to convey social justice democracy and new ways of re imaging marginal identities In using Chela Sandoval s theories on methodologies of the oppressed Irune del Rio Gabiola argues how the tactics Sandoval offers can be productively applied to the cultural productions analyzed The author explores how the protagonists of all the cultural productions this book focuses on developing tactics to create new possibilities and alternatives for self fashioning Particularly del Rio Gabiola reconsiders concepts such as shame failure unbecoming hermeneutics of love or flexible bodies as methodologies of the oppressed that propose decolonizing emancipatory techniques in a transnational arena *New Perspectives on Hispanic Caribbean Studies* Magdalena López, María Teresa Vera-Rojas, 2020-12-11 What are the main contributions of Hispanic cultural products and practices today This book is a collection of essays on new critical trends in Hispanic Caribbean thinking It offers an update on the state of Hispanic Caribbean studies through the discussion of diverse theoretical perspectives around notions of affect archipelagic thinking deterritoriality and queer experiences and subjectivities These eccentric Caribbean and aquatic imaginaries move beyond those that are circumscribed by identity nation insularity and the colonial epistemologies derived from these conceptions Due to its cultural and historical specificities the Hispanic Caribbean constitutes a focus of study crucial to re thinking global dynamics today Latin America and the Transports of Opera Roberto Ignacio Díaz, 2024-01-15 Latin America and the Transports of Opera studies a series of episodes in the historical and textual convergence of a hallowed art form and a part of the world often regarded as peripheral Perhaps unexpectedly the archives of opera generate new arguments about several issues at the heart of the established discussion about Latin America the allure of European cultural models the ambivalence of exoticism the claims of nationalism and cosmopolitanism and ultimately the place of the region in the global circulation of the arts Opera s transports concern literal and imagined journeys as well as the emotions that its stories and sounds trigger as they travel back and forth between Europe the United States too and Latin America Focusing mostly on librettos and other literary forms this book analyzes Calder n de la Barca s baroque play on the myth of Venus and Adonis set to music by a Spanish composer at Lima s viceregal court Alejo Carpentier s neobaroque novella on Vivaldi s opera about Moctezuma the entanglements of opera with class gender and ethnicity throughout Cuban history music dramas about enslaved persons by Carlos Gomes and Hans Werner Henze staged in Rio de Janeiro and Copenhagen the uses of Latin American poetry and magical realism in works by John Adams and Daniel Cat n and a novel by Manuel Mujica Lainez set in Buenos Aires s Teatro Col n plus a chamber opera about Victoria Ocampo with a libretto by Beatriz Sarlo Close readings of these texts underscore the import and meanings of opera in Latin American cultural history Laboring for the State Rachel Hynson, 2020-01-23 The Cuban revolutionary government engaged in social engineering to redefine the nuclear family and organize citizens to serve the state **Into the Mainstream** Jorge Febles, 2009-03-26 Into the Mainstream Essays on Spanish American and Latino Literature and Culture is a direct outgrowth of Jorge Febles s involvement with the annual conference of the American Culture Association

and the Popular Culture Association In that sense the compilation expands on a project initiated in 1993 by Helen Ryan Ransom with her book *Imagination Emblems and Expressions Essays on Latin American Caribbean and Continental Culture and Identity* Bowling Green Ohio Bowling Green State University Popular Press 1993 David William Foster who penned a lengthy preface to that collection justified its intent by underscoring The very fact that our approach to culture is dominated by categories based on high academic institutionalized phenomena poses from the very outset the question of how to deal with all those other cultural manifestations that do not comfortably assimilate to the accepted canon Ryan Ransom 3 The past fourteen years however have witnessed a radical transformation of that so called canon due to the widespread acceptance of ideas espoused by cultural theorists like Garc a Canclini Homi Bhabba Said Stuart Hall Benhabib Bourdieu and countless others Therefore the ambivalence regarding what constitutes culture identified by Foster is inoperative nowadays to a substantial degree In fact a fundamental component of the postmodern outlook resides in the ability to blend comfortably the high and the low the elitist and the popular realms of production in a multiplicity of textual artifacts creative as well as critical in nature Hence the essays that conform Into the Mainstream do not question barriers anymore nor do they expound on the need to assign a discursive intellectual space to matters pertaining to popular culture Thus this collection espouses an inclusive approach in which a variety of analytical approaches coalesce to reflect on an equally kaleidoscopic textuality Pursuant to its comprehensive nature Into the Mainstream airs established as well as developing critical voices so as to reflect both ideological continuity and evolving viewpoints Scholars who have compiled strong academic records like Hortensia Morell Raquel Rivas Rojas Elsa Gilmore David Petreman and Benjam n Torres Caballero share a venue with younger critics like Corey Shouse Tourino Roberto Vela C rdova Stacy Hoult Eduardo del R o Bruce Campbell Laura Redruello Dinora Cardoso and April Marshall as well as with two graduate students about to complete their academic preparation Nuria Ib ez Quintana and Mar a Teresa Vera Rojas The result is an eclectic compilation meant to elicit discussion on the basis of its variety Into the Mainstream s primordial objective is to place these provocative essays which are expanded versions of papers presented during the annual gathering of the American Culture Association and the Popular Culture Association in the period 2002 2005 along with the numerous subjects they treat in the academic mainstream where they rightfully belong

Cuba Since the Revolution of 1959 Samuel Farber, 2011-12-13 Frequent insights stimulating historical comparisons and command of the data relating to Cuba s economic and social performance Foreign Affairs Uncritically lauded by the left and impulsively denounced by the right the Cuban Revolution is almost universally viewed one dimensionally In this book Samuel Farber one of its most informed left wing critics provides a much needed critical assessment of the Revolution s impact and legacy The Cuban story twists and turns as we speak so thank goodness for scholars such as Samuel Farber an unapologetic Marxist whose knowledge of Cuban affairs is unrivalled In this excellent necessary book Farber takes stock of fifty years of revolutionary control by recognizing achievements but lambasting

authoritarianism Latin American Review of Books A courageous and formidable balance sheet of the Cuban Revolution including a sobering analysis of a draconian reform program that will only deepen the gulf between revolutionary slogans and the actual life of the people Mike Davis author of Planet of Slums **Hollywood in Havana** Megan Feeney, 2019-01-11 From the turn of the twentieth century through the late 1950s Havana was a locus for American movie stars with glamorous visitors including Errol Flynn John Wayne and Marlon Brando In fact Hollywood was seemingly everywhere in pre Castro Havana with movie theaters three to a block in places widely circulated silver screen fanzines and terms like cowboy and gangster entering Cuban vernacular speech Hollywood in Havana uses this historical backdrop as the catalyst for a startling question Did exposure to half a century of Hollywood pave the way for the Cuban Revolution of 1959 Megan Feeney argues that the freedom fighting extolled in American World War II dramas and the rebellious values and behaviors seen in postwar film noir helped condition Cuban audiences to expect and even demand purer forms of Cuban democracy and national sovereignty At the same time influential Cuban intellectuals worked to translate Hollywood ethics into revolutionary rhetoric which ironically led to pointed critiques and subversions of the US presence in Cuba Hollywood in Havana not only expands our notions of how American cinema was internalized around the world it also broadens our view of the ongoing history of US Cuban interactions both cultural and political *Frigid Tales* Pedro de Jesus, 2002-07 Emotionally charged stories of life lived on erotic impulse **Caribbeing** Kristian Van Haesendonck, Theo D'haen, 2014-09-15 From wide ranging overviews of the entire region to close readings of specific works this volume opens a fascinating window on the literatures and cultures of the Caribbean covering texts in the multiplicity of languages used in the wider Caribbean Spanish English French Dutch Portuguese and the region's many creoles Authors and works discussed range from luminaries such as Derek Walcott to hitherto practically unknown works in Antillean creole languages Underlying is the idea to foster the study of the Caribbean literary artistic and visual text through a comparative lens a firm proposal to think beyond the persisting linguistic barriers and scholarly divides in the field As such Caribbeing Comparing Caribbean Literatures and Cultures brings a new approach to the Caribbean embracing the region's linguistic multiplicity and complexity without eschewing the many theoretical challenges and obstacles such a scholarly endeavor entails Because of its ample scope this book will appeal to scholars and students working on the Caribbean and Latin America but also to those interested in the broader fields of postcolonial and cultural studies This book is much more than a book on the Caribbean it underlines the global dimensions and relevance of Caribbean Studies in the twenty first century Following carefully the crossroads of literatures and cultures it shows new routes allowing us to rethink our world's in a transarchipelagic mode An eye opener accelerated globalization is unthinkable without the Caribbean Ottmar Ette University of Potsdam Rarely have the multiple flows and enduring traumas of Caribbean culture been explored from such a boldly wide ranging and profoundly comparative set of perspectives An indispensable work that sets a new standard for Caribbeanist scholarship Maarten van Delden Universiteit of California Los Angeles

Tempest in the Caribbean Jonathan Goldberg, 2004 Shakespeare's *The Tempest* has long been claimed by colonials and postcolonial thinkers alike as the dramatic work that most enables them to confront their entangled history recognized as early modernity's most extensive engagement with the vexing issues of colonialism race dispossession language European displacement and occupation disregard for native culture *Tempest in the Caribbean* reads some of the classic anticolonial texts by Aimé Césaire Roberto Fernández Retamar George Lamming and Frantz Fanon for instance through the lens of feminist and queer analysis exemplified by the theoretical essays of Sylvia Wynter and the work of Michelle Cliff Extending the *Tempest* plot Goldberg considers recent works by Caribbean authors and social theorists among them Patricia Powell Jamaica Kincaid and Hilton Als These rewritings he suggests and the lived conditions to which they testify present alternatives to the masculinist and heterosexual bias of the legacy that has been derived from *The Tempest* By placing gender and sexuality at the center of the debate about the uses of Shakespeare for anticolonial purposes Goldberg's work points to new possibilities that might be articulated through the nexus of race and sexuality Place sexuality at the center of Caribbean responses to Shakespeare's play

Translating the Queer Héctor Domínguez Ruvalcaba, 2016-11-15 What does it mean to queer a concept If queerness is a notion that implies a destabilization of the normativity of the body then all cultural systems contain zones of discomfort relevant to queer studies What then might we make of such zones when the use of the term queer itself has transcended the fields of sex and gender becoming a metaphor for addressing such cultural phenomena as hybridization resignification and subversion Further still what should we make of it when so many people are reluctant to use the term queer because they view it as theoretical colonialism or a concept that loses its specificity when applied to a culture that signifies and uses the body differently *Translating the Queer* focuses on the dissemination of queer knowledge concepts and representations throughout Latin America a migration that has been accompanied by concomitant processes of translation adaptation and epistemological resistance

Caribbean Without Borders Raquel Puig, Dorsía Smith, 2008-12-18 Caribbean Studies is an emerging field As such many topics within this discipline have yet to be explored and developed This collection of essays is one of the forerunners dedicated to a comprehensive study of the literature language and culture of the Caribbean By exploring the works of such prominent literary scholars as Samuel Selvon and Lorna Goodison as well as the myriad of issues pertaining to the Caribbean experience this volume provides an engaging overview of literary language and cultural analysis Because of this wide range of essays this text meets a need to examine the Caribbean in its complexity which is rarely addressed

Immerse yourself in the artistry of words with is expressive creation, **Gay Cuban Nation** . This ebook, presented in a PDF format (Download in PDF: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.
