Cultural Studies David C.L. Lim, 2008-06-30 *Overcoming Passion* examines the passion for race in contemporary Malaysia. Broadly the essays look at the disjunction between the falsity of race as a scientific category and the entrenched belief that race determines one's rightful identity. They probe the ways in which individual minds and institutions of power fail or refuse to recognise and act in accordance with the knowledge that race exists only insofar as its existence is sustained by the believer's belief in it. The contributors draw from a burgeoning but under-examined archive of Malaysia-related social texts ranging from media and technological discourse, popular culture and literary production to historical writings produced originally in English, Malay and Mandarin Chinese.

School Experiences of Gay and Lesbian Youth Mary B Harris, 2013-12-19 *School Experiences of Gay and Lesbian Youth: The Invisible Minority* shows teachers, youth advocates, administrators and academic researchers how to embrace the needs of sexual minority students. Through research and case studies, this book explains the ways in which schools are failing the vulnerable population of gay, lesbian and bisexual youths. This text shows you how to take responsibility for recognizing and protecting the rights and needs of gays and lesbians and ridding schools of discrimination, harassment and violence. As *School Experiences of Gay and Lesbian Youth* illustrates, the consequences of the cognitive, social and emotional isolation that sexual minority youths experience as a result of homophobia and heterosexism can be devastating. With this book's helpful suggestions, provocative insight and open challenges, you can help gay and lesbian youths develop feelings of self-worth as well as positive aspirations for their futures. *Experiences of Gay and Lesbian Youth* will help social workers, psychologists, academics, counselors and other professionals understand the dearth of role models in the career development of lesbian and gay youths, how to integrate sexual orientation into career counseling, how to incorporate the topic of homosexuality into educational curricula, forms of homophobia from the victim's and the aggressor's points of view, and heterosexism in the high school environment, how to open discussions about gay and lesbian issues at school, the importance of having visible lesbian, gay and bisexual staff who can provide support for sexual minority youth. *School Experiences of Gay and Lesbian Youth* also informs you on the experiences of gay and lesbian adults who attended high school five to fifty years ago, as well as college students who have reported incidents of homophobic behavior in high school. In addition, this text discusses teachers' fears of being fired as a result of talking about sexual minority issues and how school environments can lead students to become drop-outs. *Experiences of Gay and Lesbian Youth* will inform you on the issues facing gay and lesbian youth and provide you with suggestions on how to make the classroom a welcoming environment regardless of sexual orientation.
