

GREYHAWK

GREYHAWK IS A D&D SETTING YOU CAN use as the backdrop for your campaign or as a model you can reference while creating your own setting. Important aspects of Greyhawk are described herein so that you can make it your own, expanding or altering it however you wish.

Greyhawk is the invention of Gary Gygax, one of the D&D game's original creators. Gary based many of D&D's earliest adventures in this home-brewed setting. The version of Greyhawk presented here is largely based on *The World of Greyhawk* gazetteer, published in 1980.

IMPORTANT NAMES

A handful of important names are defined below:

- Oerth** (pronounced *orth* or *oyth*) is the world of Greyhawk. It has four continents, four oceans, and a plethora of islands and seas.
- Oerik** (pronounced *or-ick* or *oy-rick*) is one of Oerth's continents.
- Eastern Oerik**, the vast region explored in this chapter, is home to many powerful nations and some of the D&D game's most famous dungeons and adventurers.
- The Flanaess** (pronounced *flah-nay-ess* or *flay-nayz*) is another name for Eastern Oerik and means "land of the Flan." The region's first human settlers and their descendants are known as the Flan.
- Greyhawk** is an independent city in Eastern Oerik that attracts large numbers of adventurers. Greyhawk doubles as the name of the campaign setting.

POSTER MAP

Included with this rulebook is a poster map showing the lands of Eastern Oerik on one side (each hex on the map is equivalent to 30 miles) and the Free City of Greyhawk on the other. These locations are described in the "Free City of Greyhawk" and "Greyhawk Gazetteer" sections later in this chapter.

GREYHAWK'S PREMISE

The year is 576 CY (Common Year). Evil is ascendant across the lands of Eastern Oerik. If something isn't done to curtail the growing threat, Eastern Oerik will fall to tyrants, evil dragons, and monstrous hordes. Heroes are needed to bring hope to the people of the Flanaess. Even if the heroes are trying, the legends of their exploits will live on.

Adventuring parties from the Free City of Greyhawk and other settlements trek across the wilderness of Eastern Oerik, slaying monsters, exploring dungeons to find magic items the adventurers can use to defend their homeland and to the fight to their enemies.

GREYHAWK CONFLICTS

Although Greyhawk lends itself well to any D&D adventure you might want to run, the default setting features conflicts with three major villain groups: chromatic dragons, Elemental Evil, and Lux and his followers. You can replace one or more of these conflicts with ones of your device or with ones from the "Flavors of Fantasy" section earlier in this chapter.

If you use these conflicts, look for opportunities in your adventures to introduce creatures in to the three villainous groups. Give goals to the villains that bring their operatives into conflict with the player characters.

The three major conflicts and the goals of the villainous groups are described below.

CHROMATIC DRAGONS

Evil chromatic dragons dwell in the wilds of Eastern Oerik. For years, adventurers have kept the evil dragons at bay, sometimes with the help of benevolent metallic dragons. Lately, the chromatic dragons have grown restless, their dreams inflamed by the whispers of Tiamat, who is trapped in the Nine Hells. The five-headed queen of dragons believes her escape is nigh, and from the depths of prison, she commands her kin to go forth and conquer the world of Oerth for themselves. Only the greatest among them will live to become her consorts.
