To Then and Back Again J. Bryson McMillan,2012-03 This is a book for those who enjoy the trials and tribulations of real life people and feel they can or would like to relate to those whom they are reading about It s a memoir about only those richest most interesting details concerning my life It was written to convey those sometimes simple sometimes complex but many times emotionally charged experiences of my life

**Journeys in Narrative Inquiry** D Jean Clandinin,2019-09-20 Organized around a metaphor of an academic journey D Jean Clandinin offers published tracings of an unfolding journey over 40 years that at its outset appeared to focus only on questions of epistemology However the book illuminates how that apparent beginning focus shape shifted to questions of methodology ethics ontology and subsequently political concerns Clandinin shows that even at the outset her research wonders were grounded in relational understandings of experience understandings that were simultaneously ontological methodological epistemological and ethical Jean s work is collaborative an engagement alongside others and within the contexts in which they and she lived and worked including those who were participants in the research She continues to acknowledge that narrative inquiry changes people s ways of being in the world and those changes have ethical significance While what she and her colleagues now call relational ethics has always been central recently her sense of ethics has become more explicitly political She shows the development of ideas over time beginning as she entered doctoral work and continuing through 2019 and onward Jean s work centered on relational understandings of experience highlights ethical dimensions and has come to

define narrative understandings for generations of researchers This book will be an invaluable resource for researchers and graduate students and professional researchers in both educational and healthcare settings *More Stories to Touch the Heart* Russ Lawson, 2008-02-01 This book is full of stories some true happenings some just good stories Each of these short devotional lessons are a sermon unto themselves I have had preachers write and tell me that they use them as sermon starters or for devotional lessons Mostly they are written with the hopes that they will touch something in your heart and help you in your daily walk with Christ *It Just Doesn't Get Any Better Than This* Brad F.
