Rapport Emily Alison, Laurence Alison, 2020-07-30 Laurence Alison is one of my academic heroes He does what every writer longs to do He makes the difficult clear without losing his rigour Malcolm Gladwell They are quietly revolutionising the study and practice of interrogation Their findings are changing the way law enforcement and security agencies approach the delicate and vital task of gathering human intelligence Guardian Get what you want from even the most difficult characters All of us have to deal with difficult people Whether we're asking our neighbour to move a fence or our boss for a pay rise we can struggle to avoid arguments and get what we want Laurence and Emily Alison are world leaders in forensic psychology and they specialise in the most difficult interactions imaginable criminal interrogations They advise and train the police security agencies the FBI and the CIA on how to deal with extremely dangerous suspects when the stakes are high After 30 years work and unprecedented access to 2 000 hours of terrorist interrogations they have developed a ground breaking model of interpersonal communication This deceptively simple approach to handling any encounter works as well for teenagers as it does for terrorists Now it's time to share it with the world Rapport reveals that every interaction follows four styles Control the lion Capitulate the mouse Confront the Tyrannosaurus and Cooperate the monkey As soon as you understand these styles and your own goals you can shape any conversation at will And you'll be closer to the real secret

how to create instant rapport **Asian Material Culture** Marianne Hulsbosch, Elizabeth Bedford, Martha Chaiklin, 2009 This richly illustrated volume offers the reader unique insight into the materiality of Asian cultures and the ways in which objects and practices can simultaneously embody and exhibit aesthetic and functional characteristics as well as everyday and spiritual aspirations Though each chapter is representative rather than exhaustive in its portrayal of Asian material culture together they clearly demonstrate that objects are entities that resonate with discourses of human relationships personal and group identity formations ethics values trade and above all distinctive futures **To Have and Have Another** Philip Greene, 2012-11-06 In To Have and Have Another Ernest Hemingway enthusiast and cocktail connoisseur Philip Greene delves deeper into the author's drinking habits than ever before offering dozens of authentic recipes for drinks directly connected with the novels history and folklore and colorful anecdotes about the man himself With this cocktail companion you will be able to fully enjoy Hemingway's works beyond the limits of the imagination pick up this book and taste how cool and clean and civilized Frederic Henry's martini was in A Farewell to Arms or sip a Bloody Mary a drink rumored to be named by Hemingway himself **Displaced Heritage** Ian Convery, Gerard Corsane, Peter Davis, 2014 Considerations of the effect of trauma on heritage sites Good Success E. Arthur Self, 2020-04-07 The purpose of Good Success is to help readers learn and integrate into their life and career the good lessons learned from bad leaders Bad leaders drive organizational dysfunction incarnate indecision and deplete personal energy and team resolve Also bad leaders exhaust resources and hope But through Good Success readers gain the knowledge and the lessons to overcome the damage shape their awareness and build new courage to navigate beyond the chaos Good Success enable recovery from the effects of bad leadership creates the means to achieving self mastery brings closure to previous negative circumstances and so much more It is possible that those who work for bad leaders have already written off any chance of benefiting from the chaos that they create If so Good Success helps readers draw a valuable inheritance from the F E A R failures experiences anxieties roadblocks they've seen bad leaders produce *The Time Is Out of Joint* Agnes Heller, 2002-07-23 The Time Is Out of Joint handles the Shakespearean oeuvre from a philosophical perspective finding that Shakespeare's historical dramas reflect on issues and reveal puzzles which were taken up by philosophy proper only in the centuries following them Shakespeare's extraordinary handling of time and temporality the difference between truth and fact that of theory and that of interpretation and revelatory truth are evaluated in terms of Shakespeare's own conjectural endeavors and are compared with early modern modern and postmodern thought Heller shows that modernity which recognized itself in Shakespeare only from the time of Romanticism found in Shakespeare's work a revelatory character which marked the end of both metaphysical system building and a tragic reckoning with the inaccessibility of an absolute timeless truth Heller distinguishes the four stages found in constantly unique relation in Shakespeare's work historical personal political and existential and probes their significance as time comes to fall out of joint and may be again set aright Rather than initially bestowing upon Shakespeare

the dubious honorary title of philosopher Heller probes the concretely situated reflections of characters who must face a blind and irrational fate either without taking responsibility for the discordance of time or with a responsibility which may both transform history into politics and set right the time which is out of joint In the ruminations and undertakings of these characters Shakespeare's dramas present a philosophy of history a political philosophy and a philosophy of im moral personality Heller weighs each as distinctly modern confrontations with the possibility of truth and virtue within a human historical condition no less multifarious for its momentariness
