how Dennis discovered his gift and how with the help of his spirit guides he has shared his psychic wisdom with the world Murder and Society Peter Morrall, 2006-10-02 Human psychological and physical well being is damaged and destroyed when people are deliberately killed by other people There are millions of primary and secondary victims of murder throughout the world and human society as a whole is a tertiary victim of murder Despite this people are often fascinated and engrossed by stories of homicide and killers This book provides a fascinating exploration of murder providing an insight into what leads people to kill and what effect this has on society as a whole This book is organized into five chapters that each answer a specific question on murder What is Murder Who Commits Murder Why Commit Murder Why is Murder Devastating Why is Murder Fascinating The Book of My Son Reuben David Cohen, 2023-06-23 I wish I had not had to write this book because then my lovely son Reuben would still be alive says David Cohen He was adorable formidably intelligent a loving son a loving brother He died far too young He had the bad luck to have two grandparents who had addictive personalities His efforts to resist the lure of drugs failed And so did I The Book of My Son Reuben is a personal account of how psychologist David Cohen coped and did not cope with the death of his son Reuben Offering a unique perspective on the experience of parental loss it offers a personal and analytical exploration of sorrow and guilt and of what research tells us about trauma and grief Illustrated throughout with David Cohen's personal insight into how he continues to navigate his loss this honest book provides a deeper understanding of loss for parents who have experienced it as well as those who support them The book remembers the many parents who have lost children throughout history and chapters weave personal perspectives with the latest research It examines the experience of sudden deaths the failures of society in preventing children from dying the role of social media how the loss of a child impacts fathers siblings and relationships and the usefulness or otherwise of bereavement therapies A tribute to Reuben's life this sensitive volume is for those who have experienced loss and want to gain better understanding of their experience as well as psychologists psychotherapists and counsellors working with families Affaires de Famille Marie-Claire Barnet, Edward Welch, 2007 What are families like in contemporary France And what begins to emerge when we consider them from the point of view of recent theoretical perspectives faulty cohesion fake coherence carefully planned or subversive deconstruction loss of love confidence or credibility or even utter chaos and alarming confusion Which media revamp old stereotypes generate alternative reinterpretations and imply more ambiguous answers Uneasy contradictions and ambiguities emerge in this bilingual collection of approaches and genre studies The family plot seems to thicken as family ties appear to loosen Has the family been lost from sight or is it being reinvented in our collective imaginary. This book proposes a new series of perspectives and questions on an old and familiar topic exploring the state and status of the family in contemporary literature culture critical and psychoanalytic theory and sociology **A Victim Community** Nicola O'Leary, 2021-12-13 Although historically ignored crime victims are now very firmly on the map For politicians newspapers the media and the public at large criminal injury

and loss are a source of constant concern and anxiety Criminologists and media analysts have studied much of this concern in recent years but what has not been investigated is how communities experience high profile crimes and the media intrusion that inevitably follows This book seeks to address this gap by exploring how the communities of Soham and Dunblane that witnessed high profile crimes lived with the tragic events at the time and the attention of the world's media afterwards Based on a two year qualitative study of these communities this book looks beneath the surface of the relationships dilemmas and unexpected triumphs of communities struggling to come to terms with the most harrowing of events within the glare of the media spotlight Combining empirical observations with media analysis and social theory this book offers something new to the criminological audience the concept of the victim community Good Night Ionathan -Good Morning Laura B.
