

# goodbye

they saw you watching over them  
as they finally closed their eyes  
they smelt your scent as they  
breathed in and out for the last time

they heard the way your voice broke  
as you told them they were loved  
they felt the way you held them  
with that gentle, farewell touch

and now they watch each morning  
as you pass their empty bed  
they watch you lose composure  
and they see the tears you shed

they hear you bear the silence  
of the footsteps that are gone  
that walk across your heart each day  
like echoes of a song

they feel the pangs of emptiness  
you get when you're alone  
in moments when you realise  
that they're never coming home

but in their darkest moment  
you were there to hold them tight  
and they just want the same for you  
so you can feel alright

so they're sewing you a rainbow,  
weaving ribbons through the sky  
so they can let you know  
that life is good beyond goodbye

so next time it is raining  
and the sun appears as well  
just feel and look and listen  
for what they are trying to tell

they're telling you it's spring there  
with its showers and its sun  
and there are endless fields for them  
to stretch and play and run

they're telling you they sleep upon  
the biggest, softest beds  
that they have stitched from all the clouds  
that float above your head

they're telling you they're not alone  
for there are many others  
and they've been reunited  
with their parents, sisters, brothers

they're showing you a rainbow  
so you know they won't forget you  
and to tell you they will always  
be so happy that they met you

and they're telling you they love you  
and though they'll be dearly missed  
not to worry, 'cause it's beautiful  
beyond the rainbow bridge

**Radical Empiricists** Helen Thaventhiran,2015 Radical Empiricists presents a new history of criticism in the first half of the twentieth century against the backdrop of the modernist crisis of meaning Our received idea of modernist criticism is that its novelty lay in being very empirical critics believed in looking closely at words on the page Such close reading has since been easy to ridicule but this book seeks to consider whether this is fair have we in the rush either to dismiss or even to defend the idea of close reading often failed to look closely at what it involves in practice Against this oversight Radical Empiricists turns close reading back on itself proposing some innovative readings of the prose of five major modernist poet critics I A Richards T S Eliot William Empson R P Blackmur and Marianne Moore The book is divided into two parts preceded by an introduction that explores what these five writers share a radical self consciousness about the key critical concept meaning Part I How to read considers the prose techniques of Eliot Richards and Empson as they push at the boundaries of verbal analysis in other disciplines experimental psychology and anthropology classical commentary and textual criticism Part II introduces Blackmur and Moore alongside Empson and takes a more polemical look at how their critical styles defy various modernist orthodoxies about how not to read for example that paraphrase always destroys poetic meaning Many of these orthodoxies remain current re visiting their history and attending to the rich detail of critical prose styles can allow us to lift some old unreflective constraints on our ways of knowing about poems
