Gordon Martyr Misfit:

Gordon Anthony Nutting, 1966 **Gordon: Martyr and Misfit** Anthony Nutting, 1966 Nationalism and Imperialism in South and Southeast Asia Arnold P. Kaminsky, Roger D. Long, 2016-09-13 This volume is a festschrift for Damodar Ramaji SarDesai b 1931 Professor Emeritus of History at the University of California Los Angeles UCLA where all of the contributors received their Ph D as did SarDesai himself His work for over fifty years at UCLA has been an inspiration to generations of students and he has made major contributions to the world of learning and in his chosen areas of specialization of India especially its foreign policy with regard to Southeast Asia imperialism and the history of the modern European empires and Southeast Asia He has served as Chair of the History Department at UCLA as well as Bombay University and President of the Asiatic Society of Bombay The volume includes a biographical introduction and a bibliographic essay on SarDesai s major writings and contains new and cutting edge essays on the design of imperial Vijayanagara famine policy in colonial India and how European imperialist policies created or exacerbated the impact of famines the relatively unknown chapter of Chinese Gordon s brief Indian career reflections on the Tamil humanist A Madhaviah a man ahead of his time nationalism and the career of industrialist G D Birla Gandhi s friend the Chindia Problematic India and China relations the state of Philippine historiography and its nationalist impulses the role of Vietnamese highlanders in the Vietnamese nationalist struggle and their recent plight early Malayan nationalism and the efforts of American administrators to protect Philippine highland natives from being forced to participate in international exhibitions as curiosities from the American colony Heroic Failure and the British Stephanie Barczewski, 2016-03-22 From the Charge of the Light Brigade to Scott of the Antarctic and beyond it seems as if glorious disaster and valiant defeat have been essential aspects of the British national character for the past two centuries In this fascinating book historian Stephanie Barczewski argues that Britain s embrace of heroic failure initially helped to gloss over the moral ambiguities of imperial expansion Later it became a strategy for coming to terms with diminishment and loss Filled with compelling moving and often humorous stories from history Barczewski s survey offers a fresh way of thinking about the continuing legacy of empire in British culture today **Arrogant Armies** James M. Perry, 2008-05-02 Nothing goes wrong quite so dramatically as a disastrous military expedition from the Introduction ARROGANT ARMIES Spanning more than two hundred years of martial adventurism aggression and outright blundering Arrogant Armies chronicles the profoundly misguided and utterly calamitous military expeditions of the great empire builders and overconfident expeditionary forces From colonial America to South Africa from Mesopotamia to Khartoum an extraordinary number of presumably superior armies grievously underestimated native forces Using contemporary newspaper accounts military memoirs diaries of soldiers who fought in the battles and other firsthand letters and papers noted journalist James Perry brings a sense of urgency and immediacy to these historic defeats At times devastating at times hilarious his vast panorama of human folly is peopled by frightened soldiers zealous native resistance and of course a colorful

gallery of arrogant often inept officers Many of them received their ultimate comeuppance in these battles Generals Edward Braddock Charles McCarthy William R Shafter Charles Vere Ferrers Townshend Charles Chinese Gordon William George Keith Elphinstone Manuel Fernandez Silvestre and others What is most remarkable about Arrogant Armies is the cumulative power of these ironic encounters Black humor brutality staggering incompetence and genuine drama come together with devastating force In Arrogant Armies Perry casts a sharply critical eye on what he describes as the small wars what Kipling called the savage wars of peace It is fascinating history and a compelling commentary on politics and the dark side of the human race its deadly preoccupation with war As one of our nation s top political reporters Jim Perry has covered his share of political disasters Now he has turned his skills to this sad but brilliant chronicle of military disasters In the process he has produced a classic Sander Vanocur The History Channel Jim Perry has long been one of America s great political reporters This has been perfect training to write this marvelous book Arrogant Armies Having covered more than a few contemporary political disasters Perry is able to brilliantly often hilariously capture the worst military blunders of the past several hundred years These fiascoes span the globe from the Middle East to Southeast Asia to Haiti and chronologically from the eighteenth to the twentieth century There are common characteristics commanders afflicted with drunkenness debauchery arrogance and often just plain stupidity With vitality a sense of irony and history Jim Perry gives you a battle side seat at these debacles Albert R Hunt Executive Washington Editor Wall Street Journal Jim Perry has done in Arrogant Armies what he has always done He has told us stories we haven t heard before He has explored an unmined vein of history with enthusiasm skill and style History buffs will delight in Arrogant Armies I m not so sure however about the generals Roger Mudd The History Channel [The Redcoat and Religion](#) Michael Snape,2013-01-11 This compelling study presents the most comprehensive examination available of the role of religion in the army during the eighteenth and nineteenth centuries Through extensive analysis of official military sources religious publications and personal memoirs Michael Snape challenges the widely held assumption that religion did not play a role in the British Army until the mid Victorian period and demonstrates that the British soldier was highly susceptible to religious influences long before the Crimean War and Indian Mutiny rendered the subject of wider public concern In The Redcoat and Religion Snape argues that religion was of significant even defining importance to the British soldier and reveals the enduring strength and vitality of religion in contemporary British society challenging the view that the popular religious culture of the era was wholly dependent upon the presence and activities of women Students of British history military history and religion will all find this an insightful resource for their studies

Routledge Library Editions: Gladstone & Disraeli Various Authors,2021-03-18 The volumes in this set originally published between 1966 and 1983 draw together research by leading academics on William Gladstone and Benjamin Disraeli and provide a rigorous examination of related key issues The volumes examine the historical political and philosophical whilst also exploring their work with other political figures such as Paul Kruger This set will be of interest to students of history and

politics respectively **The Great Reversal** Kerry Brown, 2024-08-27 A vivid history of the relationship between Britain and China from 1600 to the present The relationship between Britain and China has shaped the modern world Chinese art philosophy and science have had a profound effect upon British culture while the long history of British exploitation is still bitterly remembered in China today But how has their interaction changed over time From the early days of the East India Company through the violence of the Opium Wars to present day disputes over Hong Kong Kerry Brown charts this turbulent and intriguing relationship in full Britain has always sought to dominate China economically and politically while China's ideas and exports from tea and Chinoiserie to porcelain and silk have continued to fascinate in the west But by the later twentieth century the balance of power began to shift in China's favour with global consequences Brown shows how these interactions changed the world order and argues that an understanding of Britain's relationship with China is now more vital than ever *When Destiny Dictates* Michael Daniell-Waugh, 2014-07-03 The author wanted to write up his father's memoirs but these were too short for publication so he added his own autobiography and was surprised to find a number of strange occurrences and coincidences in their lives which seemed to be the hand of Destiny The book reviews these events which took place over One Hundred Years of British History covering the upheavals of two World Wars and the dissolution of Britain's Colonial Empire culminating in the Rhodesian Rebellion and what Rhodesia's Prime Minister Ian Douglas Smith described as Britain's Great Betrayal The book moves from early Argentine days to the Somme to India to the Anglo Egyptian Sudan World War 2 Assam Kuwait and Northern and Southern Rhodesia *The Late Victorian Army, 1868-1902* Edward M. Spiers, 1992 *Victoria's Spymasters* Stephen Wade, 2011-11-08 Covering the lives and achievements of five English intelligence officers involved in wars at home and abroad between 1870 and 1918 this exceptionally researched book offers an insight into spying in the age of Victoria Including material from little known sources such as memoirs old biographies and information from M15 and the police history archives this book is a more detailed sequel to Wade's earlier work *Spies in the Empire* The book examines the social and political context of Victorian spying and the role of intelligence in the Anglo Boer wars as well as case studies on five intriguing characters William Melville Sir John Ardagh Reginald Wingate and Rudolf Slatin and William Robertson Responding to a dearth of books covering this topic Wade both presents fascinating biographies of some of the most significant figures in the history of intelligence as well as a snapshot of a time in which the experts and amateurs who would eventually become M15 struggled against bias denigration and confusion **The Sick List** Ansgar Allen, 2021-06-30 *The Sick List* is about menace about a menace Gordon and is written in the voice of a menace It reads like one of the pen portraits of surreal ultra violence in Bernhard's Gargoyles where education turns out to be the most deceitful panacea of all Katharine Craik In this novel an unnamed academic in an unnamed contemporary university relates his obsession with his tutor Gordon He pores over the increasingly bizarre misreadings in Gordon's annotations in a strange selection of stolen library books Is Gordon unraveling a mystery Or is his own mind unraveling Meanwhile an epidemic of

catatonia breaks out academics are found slumped and unconscious at their desks Is reading itself the cause of this sickness Is the only escape to return to illiteracy Witty moving and beautifully written The Sick List plays with the dividing line between deploring and exemplifying what it most despises Inspired by the work of the Austrian novelist Thomas Bernhard it considers how the minds of educated people are moulded by both the breadth of literary culture and the narrowness of academic institutions The Sick List operates on the far side of literature John Schad Beyond Criticism Editions is the reincarnation of the Beyond Criticism book series originally published by Bloomsbury and now part of Boiler House Press own experiments with the radical new forms that literary criticism might take in the 21st century *Altered Memories of the Great War* Mark David Sheftall, 2010-01-30 The experiences of World War I touched the lives of a generation but memories of this momentous experience vary enormously throughout the world In Britain there was a strong reaction against militarism but in the Dominion powers of Canada Australia and New Zealand the response was very different For these former colonial powers the experience of war was largely accepted as a national rite of passage and their pride and respect for their soldiers sacrifices found its focus in a powerful nationalist drive How did a single supposedly shared experience provoke such contrasting reactions What does it reveal about earlier pre existing ideas of national identity And how did the memory of war influence later ideas of self determination and nationhood *Altered Memories of the Great War* is the first book to compare the distinctive collective narratives that emerged within Britain and the Dominions in response to World War I It powerfully illuminates the differences as well as the similarities between different memories of war and offers fascinating insights into what this reveals about developing concepts of national identity in the aftermath of World War I *Gordon* John Pollock, 1993 This biography is the story of General Charles Gordon his exploits in the Crimean War his secondment to the Chinese government to defeat the Boxer rebels his care of street boys in Gravesend his rule in Sudan and persecution of the slave trade and finally his death in 1885 trying to save the people of Khartoum from fire and sword remains one of the great sagas of the 19th century The author has used extensive manuscript sources to reveal the zeal of Gordon telling his story from an objective viewpoint After Gordon s death the legend grew of the perfect hero Then a second legend grew of the tarnished hero the secret drinker perhaps something worse This has dominated and distorted his biographies This book rehabilitates the reputation of one of Victorian England s great heroes and places the man s Christian faith at the heart of his life John Pollock is the author of *The Apostle John Wesley Shaftesbury and George Whitefield* *British Military Operations in Egypt and the Sudan* Harold E. Raugh Jr., 2008-05-02 The British Army s campaigns in Egypt and the Sudan from 1882 to 1899 were among the most dramatic and hard fought in British military history In 1882 the British sent an expeditionary force to Egypt to quell the Arabic Revolt and secure British control of the Suez Canal its lifeline to India The enigmatic British Major General Charles G Gordon was sent to the Sudan in 1884 to study the possibility of evacuating Egyptian garrisons threatened by Muslim fanatics the dervishes in the Sudan While the dervishes defeated the British forces on a

number of occasions the British eventually learned to combat the insurrection and ultimately largely through superior technology and firepower vanquished the insurgents in 1898 British Operations in Egypt and the Sudan A Selected Bibliography enumerates and generally describes and annotates hundreds of contemporary current and hard to find books journal articles government documents and personal papers on all aspects of British military operations in Egypt and the Sudan from 1882 to 1899 Arranged chronologically and topically chapters cover the various campaigns focusing on specific battles leading military personalities and the contributions of imperial nations as well as supporting services of the British Army This definitive volume is an indispensable reference for researching imperialism colonial history and British military operations leadership and tactics

An Honourable Death Iain Crichton Smith, 2015-04-15 In the summer of 1870 a seventeen year old crofter's son turned his back on his apprenticeship with the Royal Clan and Tartan Warehouse in Inverness and signed up as a private in Queen Victoria's army He joined the Gordons the 92nd Highlanders whose reputation was second to none as the fearsome cutting edge of the British Army Posted to India Afghanistan South Africa and the Sudan he became a formidable soldier rising up through the ranks to become the glorified and much decorated Major General Sir Hector Macdonald or more commonly Fighting Mac the true hero of Omdurman Then in 1903 at the peak of his remarkable career he was accused of homosexuality Ordered to face court martial and unable to bear the disgrace he ended his life From this true story with a poet's insight and precision Iain Crichton Smith has crafted an exquisite novel a tale of honour and elitism equivocation and hierarchy victory and despair

Victorian England 1837-1901 Josef Lewis Altholz, J. L. Altholz, 2002-08-22 This book contains 2 500 bibliographical entries covering most aspects of the history of Victorian England

Struggle for the Control over the Red Sea Kenan Aksu, Süleyman Kiziltoprak, 2025-08-10 This book unveils the untold power struggle between the Ottoman and British Empires for control of the Red Sea and Sudan from 1821 to 1914 This gripping account reveals how political intrigue military strategies and economic ambitions shaped the region's future From Ottoman rule to the rise of British dominance the book explores the manoeuvring between these imperial powers to secure vital territories forever altering Sudan's history Offering fresh insights into the profound impact of Turkish and British influence from Ottoman legal frameworks religious and military legacy to British reshaping of Sudan's borders and economy this book is an essential read for historians and enthusiasts eager to understand the forces that defined Sudan's modern era Ideal for those passionate about geopolitics history and imperial rivalry this is a story of ambition and power that continues to echo in the present

A Study Guide for Lytton Strachey's "Eminent Victorians" Gale, Cengage Learning, 2016 A Study Guide for Lytton Strachey's Eminent Victorians excerpted from Gale's acclaimed Nonfiction Classics for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Nonfiction Classics for Students for all of your research needs

Egypt's African Empire Dr Alice Moore-Harell, 2014-03-01 This book is a detailed and original study of

the creation of the province of Equatoria located in present day Southern Sudan No detailed account has previously been published on the effort to conquer and create a new Egyptian province in the 1870s in the interior of Africa despite its importance to the history of the on going northsouth conflict in the Sudan The annexation of Equatoria emerged from the Khedive viceroy Ismail s aspiration for an African empire that would control the source of the White Nile at Lake Victoria At the time he was under pressure from the British government to suppress the lucrative slave trade in the Turco Egyptian Sudan and to this end the new province was to be under direct control of Cairo and not the authorities in Khartoum The two conquering expeditions of Equatoria were led by Britons Samuel Baker and Charles Gordon later Governor General of the Sudan With them were other Europeans Americans Sudanese and Egyptians Baker Gordon and some of the others left detailed accounts of their experience in the region All of which contribute to our knowledge not only of the difficulties involved in the annexation of a region thousands of kilometres from Cairo but also geographical data and a record of the complex human relations that developed between the men involved in the expeditions and the creation of the new province Official documents from the Egyptian state archive Dar al Wathaiq provide detailed accounts of the politics of the annexation of Equatoria and these accounts are discussed in their historical context

Eventually, you will extremely discover a further experience and success by spending more cash. nevertheless when? do you take that you require to get those every needs past having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more almost the globe, experience, some places, gone history, amusement, and a lot more?
