Moss, 2010-07-05 Much of the discussion about Peake's Titus Books has been about how to place them in the lexicon of English literature I am proposing that these books should be read as works of postmodern existentialism Both postmodern theory and existential theory are interested in the same issues such as the loss of grand narratives the rejection of totalizing world views the subjectivity of truth the nature of one's existence and

the search for meaning in an increasingly incomprehensible world Societal issues such as political upheaval the growth of major cities war and advances in science and technology have led both postmodern and existentialist thinkers to view the world as chaotic and intrinsically unknowable and man's place within that world as increasingly unstable All of these concerns are addressed in Peake's texts Peake's novels reflect the existential struggle of its hero Titus Groan to break free of the Hegelian world view represented by Gormenghast and its traditions and into a world in which he is free to be an individual and to find his own truth Peake uses images of solitude and extreme isolation to represent the essential human condition as conceived by existentialist philosophers like Kierkegaard and Nietzsche It is when they are alone that his characters are truly free to be themselves without the social constraints imposed by the history and traditions of the castle Titus's rebellion against Gormenghast represents the rejection of totalizing world views a rejection found at the heart of postmodernism and existentialism Incredulity toward mass society and culture are also central issues in postmodernism and existentialism Nietzsche who is claimed by both existentialists and postmodernists as a forerunner of their respective philosophies claimed that God is dead a belief reflected in the distinct absence of God from the Titus books instead God is replaced by the ritual of Gormenghast In Titus Alone He is replaced by technology This also demonstrates the distrust felt by existentialists and postmodernists alike of a mass society in which the individual is consumed and becomes simply a part of the faceless crowd Peake expresses a deep suspicion of technology and scientific advancement a distinctly postmodern suspicion that was not uncommon among writers after the second World War By examining closely the concepts and themes associated with both postmodern and existential theory it is clear that Peake's Titus Books are deeply concerned with both philosophies Though Peake does not successfully answer the philosophical questions his novels pose it is significant that his work attempts to do so

Stuckness in the Fiction of Mervyn Peake Alice Mills, 2005-01-01 Mervyn Peake has been acclaimed as an author of fantasy and as an illustrator but as yet has received little attention from literary critics This book is the first to analyse all of Peake's works of fiction including his two picture story books and novella as well as the Gormenghast series and Mr Pye Alice Mills pinpoints the fictional quirks that render Mervyn Peake such a memorable fantasy writer examining his literary works from Jungian Freudian Kristevan and post Jungian perspectives *Stuckness in the Fiction of Mervyn Peake* will be of interest to fantasy lovers and students of fantasy as a genre as well as those exploring the psychoanalysis of literary texts

Masculinity and Patriarchal Villainy in the British Novel Sara Martín, 2019-11-28 *Masculinity and Patriarchal Villainy in the British Novel* From Hitler to Voldemort sits at the intersection of literary studies and masculinity studies arguing that the villain in many works of contemporary British fiction is a patriarchal figure that embodies an excess of patriarchal power that needs to be controlled by the hero The villains stories are enactments of empowerment fantasies and cautionary tales against abusing patriarchal power While providing readers with in depth studies of some of the most popular contemporary fiction villains Sara Martín shows how current representations of the villain

are not only measured against previous literary characters but also against the real life figure of the archvillain Adolf Hitler

Illustrated Gormenghast Trilogy Mervyn Peake, 2014-09-01 Peake's books are actual additions to life they give like certain rare dreams sensations we never had before and enlarge our conception of the range of possible experience C S Lewis Enter the world of Gormenghast The vast crumbling castle to which the seventy seventh Earl Titus Groan is Lord and heir Titus is expected to rule this Gothic labyrinth of turrets and dungeons cloisters and corridors as well as the eccentric and wayward subject Things are changing in the castle and Titus must contend with a kingdom about to implode beneath the weight of centuries of intrigue treachery manipulation and murder

Evaporating Genres Gary K. Wolfe, 2012-01-01 A series of provocative essays on how the fantastic genres evolve and grow In this wide ranging series of essays an award winning science fiction critic explores how the related genres of science fiction fantasy and horror evolve merge and finally evaporate into new and more dynamic forms Beginning with a discussion of how literary readers unlearned how to read the fantastic during the heyday of realistic fiction Gary K Wolfe goes on to show how the fantastic reasserted itself in popular genre literature and how these genres themselves grew increasingly unstable in terms of both narrative form and the worlds they portray More detailed discussions of how specific contemporary writers have promoted this evolution are followed by a final essay examining how the competing discourses have led toward an emerging synthesis of critical approaches and vocabularies The essays cover a vast range of authors and texts and include substantial discussions of very current fiction published within the last few years

The Impulse of Fantasy Literature Colin N. Manlove, 2020-06-30 This book grew out of the author's wish to go beyond a formal definition of fantasy to discover a basic urge and interest common to the genre He finds this urge to be the celebration of identity Fantasy is

ultimately concerned to heighten and praise being whether that being is God's creation the world or the creations of the fantasy writer themselves This interest can take the form of direct eulogy or of more unconscious fascination It is seen in fantasy's conservatism and its frequently elegiac mode and is demonstrated through its formal characteristics such as circular structure and the use of juxtaposition to heighten individuality It is more overtly present in modern than in pre 1800 fantasy partly because modern fantasy developed as a Romantic reaction against technology and everything that reduced direct contact between people and the environment These aspects of fantasy are illustrated from detailed discussion of the tales of Grimm Walter de la Mare's *Told Again* W M Thackeray's *The Rose and the Ring* Charles Williams's prose fantasies Ursula le Guin's *Earthsea* trilogy E Nesbit's magic books George MacDonald's *Phantastes* and *Lilith* T H White's *The Once and Future King* Mervyn Peake's *Gormenghast* novels William Morris's late romances Lord Dunsany's *The King of Elfland's Daughter* E R Eddison's *The Worm Ouroboros* and Peter Beagle's *The Last Unicorn* Together these authors and works provide a cross section of what is a fundamentally panegyric genre demonstrating its variety its strengths and its limitations
