Handbook of Moral Philosophy Henry Calderwood,1881 The Oxford Handbook of the History of Ethics Roger Crisp,2013-01-31 Philosophical ethics consists in the human endeavour to answer rationally the fundamental question of how we should live The Oxford Handbook of the History of Ethics explores the history of philosophical ethics in the western tradition from Homer until the present day It provides a broad overview of the views of many of the main thinkers schools and periods and includes in addition essays on topics such as autonomy and impartiality The authors are international leaders in their field and use their expertise and specialist knowledge to illuminate the relevance of their work to discussions in contemporary ethics The essays are specially written for this volume and in each case introduce the reader to the main lines of interpretation and criticism that have arisen in the professional history of philosophy over the past two or three decades Handbook of Moral Philosophy Henry Calderwood,2024-02-16 Reprint of the original first published in 1883 The Oxford Handbook of Ethical Theory David Copp,2006-01-26 The Handbook is a comprehensive reference work in ethical theory consisting of commissioned articles by leading scholars The first part treats meta ethics and the second part normative ethical theory As with all the Oxford Handbooks the collection is designed to achieve three goals exposition of central ideas criticism of other approaches and defenses of distinct points of view *Handbook of Moral Philosophy* Henry Calderwood (philosophe).),1888 *A Manual of Moral Philosophy* Andrew P. Peabody,2023-07-15 Reprint of the original first published in 1873 *A Manual of Moral Philosophy* Andrew Preston Peabody,1884 The Oxford Handbook of Moral Responsibility Dana Kay Nelkin,Derk Pereboom,2022 Presents an interdisciplinary view of moral responsibility that includes up to date research in neuroscience psychology and physics Bring together a team of leading scholars in diverse areas to explore the nature of moral responsibility Offers a comprehensive account of one of the most widely studied topics in ethics and moral philosophy Book jacket

Moral Philosophy Gerald Jones,Daniel Cardinal,Jeremy Hayward,2006 An accessible student centred guide to the key ideas in moral philosophy Suitable for both A Level and undergraduate study This book provides an accessible readable student centred guide to moral philosophy Through lucid explanation careful use of modern examples and engaging activities it leads students towards deeper understanding of all the key issues in the study of ethics Key features include a clear overview of the key ideas in moral philosophy including detailed examination of the prescribed areas of study meta ethics prescriptive ethics and applied ethics application of those ideas to the contemporary issues of abortion euthanasia and animal rights imaginative tasks and activities to stimulate thought and explore ethical ideas in an engaging and motivating way key quotes from the significant writers and interesting examples of ethical debate in film and literature a critical analysis of the various ethical theories end of chapter key point summaries covering what readers need to know to answer exam questions on moral philosophy and ethics an extensive glossary of key words and ideas thorough referencing to enable

students to follow up key ideas and quotes in independent study A Manual of Moral Philosophy Andrew P. Peabody, 2015-06-02 Excerpt from A Manual of Moral Philosophy Designed for Colleges and High Schools The author has endeavored in this treatise to comprehend all that is essential in a manual of ethics with a view equally to precision and to conciseness He has not thought it necessary to controvert views other than his own for conflicting opinions are apt to bewilder rather than to enlighten those who are not adepts in the science and it is better to supersede false theories by the clear statement of the truth than to enter into their formal refutation Thus for instance as regards utilitarianism instead of exposing the fallacies of its several types the attempt has been made in Chapter III to set them aside by assigning to expediency its legitimate secondary place as a principle of action Among the author's chief motives in the preparation of this manual has been his desire to give emphasis to his view of the ground of Right as consisting in intrinsic fitness independent of any will or arbitrary law human or divine and essential as furnishing the only standard by which we can attain a knowledge of the Divine attributes The ground of Right is the basis of Moral Philosophy and must of necessity determine the validity and worth of the system built upon it Next in importance to this is the classification of the virtues which constitute the Right Here it is not sufficient to enumerate the prominent traits which enter into a good character About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Oxford Handbook of Contemporary Philosophy** Frank Jackson, Michael Smith, 2007-11-29 A guide to today's most exciting research in academic philosophy with more than 30 distinguished scholars to contribute incisive and up to date critical surveys of the principal areas of research **The Bloomsbury Handbook of Ethics** Christian B. Miller, 2023-10-19 Updated and expanded to represent the fundamental questions at the heart of philosophical ethics today the second edition of The Bloomsbury Handbook of Ethics covers the key topics in metaethics and normative ethical theory This edition includes 12 fully revised chapters and 3 newly commissioned contributions from a range of esteemed academics who provide accessible introductions to their own areas of expertise The first part of the book covers the field of metaethics including subjects such as moral realism expressivism constructivism practical reason moral psychology experimental ethics and evolutionary ethics as well as two new chapters that respond to ethical debates concerning moral relativism and moral responsibility that enable students and scholars to better navigate this complicated ethical terrain Moving onto normative ethical theory the second part of the book ranges across morality and religion consequentialism and particularism as well as Kantian virtue feminist and Confucian ethics This comprehensive edition provides a one stop resource for students of ethics

which includes updated detailed overviews of the field and methodological issues as well as an appendix of additional resources including technical terms in ethics
