The Oxford Handbook of Public Management Ewan Ferlie, Laurence E. Lynn Jr., Christopher Pollitt, 2005-10-27 The public sector continues to play a strategic role across the world The last thirty years have seen major shifts in approaches to public sector management in many countries There is also a fierce debate across academic disciplines about contemporary public administration management some advocate the use of more managerialist approaches while others see managerialism as undermining democratic institutions New roles have arisen such as programme evaluation management consulting and reliance on NGOs and partnerships which require new assessments There is an intensified need for an analysis of contemporary public sector organisations which are changing rapidly before our eyes It is thus time for an authoritative treatment of the major trends in public management embracing both their intended and unintended consequences This Handbook brings together leading international scholars to comment on key current issues The individual chapters include broad overviews in depth explorations of particular thematic areas and analyses of different theoretical perspectives such as political science management sociology and economics The authors have space to develop their distinctive arguments The editors provide an overall concluding chapter The Handbook combines scholarly rigour engaging writing and high policy relevance It will be invaluable to advanced students researchers and reflective public sector practitioners

35 Years of Public Sector Reform in Central Europe Michiel S. de Vries, Juraj Nemec, 2025-03-11 This book examines public administration reforms in Central and Eastern Europe during the last three decades After 1989 so called socialist countries in Central and Eastern Europe started their transformation from centralistic to democratic societies Their public administration systems changed dramatically to adopt new norms and principles Focusing on current EU member states in the region the book identifies similarities and differences in their public administrative reforms Paying particular attention to three policy areas education health care and local services it assesses the historical roots of public administrative reforms and how the legacy of being former members of the Warsaw Pact are still visible The book argues that there are important differences between administrations in Central and Eastern European countries compared to older EU member states and that even within these countries significant differences can be seen between developments and administrative reforms at the national and local level It concludes by assessing the implications of these arguments for candidate EU members and the complexities and pitfalls they might encounter in this process

Public Sector Leadership Jeffrey A. Raffel, Peter Leisink, Anthony E. Middlebrooks, 2009-01-01 A truly international examination of public sector leadership this book explores the ways leaders of developed nations are addressing current challenges The overriding question explored by the authors is how public leadership across the globe addresses new challenges such as security financial demographic new expectations of leaders and what public sector leadership means in the new era The book allows the reader to view a large number of situations across the globe to better understand the relation between context and

leadership It integrates the two fields of leadership and public administration providing a wide ranging and complementary empirical context to the topic Transcending state centered perspectives the authors include new developments in governance and public private sector collaboration while retaining a focus on the public values involved The chapters address public sector leadership issues in a wide array of nations integrating international perspectives with a globally diverse authorship Several chapters address issues of collaboration across sectors changing roles in the New Public Management paradigm and corresponding new visions of leadership Several of the chapters are explicitly comparative including a study of mental health leadership training topics in eight nations central banking in Europe and efficiency studies in Britain Denmark and Norway The chapters can be used as thought provoking case studies as part of a supplemental text and are accompanied by substantial bibliographies Scholars students and practitioners in leadership public policy and administration and organization studies will find this volume a useful reference
