Umbreit, 2002-02-28 Written by Mark Umbreit internationally known for his work in restorative justice this indispensable resource offers an empirically grounded state of the art analysis of the application and impact of victim offender mediation a movement that has spread throughout North America and abroad The Handbook of Victim Offender Mediation provides practical guidance and resources for offering victim meditation in property crimes in minor assaults and more recently with crimes of severe violence including with family members of murder victims who request to meet the offender *Handbook of Restorative Justice* Gerry Johnstone, Daniel Van Ness, 2013-01-11 Discusses the key concepts and principles of restorative justice explains how the campaign for restorative justice arose and developed into an influential social movement describes the variety of restorative justice practices and identifies and examines key issues within the restorative justice movement **International Handbook of Penology and Criminal Justice** Shlomo Giora Shoham, Ori Beck, Martin Kett, 2007-10-08 At the outset of the twenty first century more than 9 million people are held in custody in over 200 countries around the world from the essay Prisons and Jails by Ron King The first comparative study of this increasingly integral social subject International Handbook of Penology and Criminal Justice provides a comprehensive and balanced review **Encyclopedia of Victimology and Crime Prevention** Bonnie S. and even continuous with the underlying values of a democratic constitutional state Restoring Justice Daniel W. Popkewitz, 2005-12-10 This collection includes original studies from scholars from thirteen nations who explore the epistemic features figured in John Dewey s writings in his discourses on public schooling Pragmatism was one of the weapons used in the struggles about the development of the child who becomes the future citizen The significance of Dewey in the book is not about Dewey as the messenger of pragmatism but in locating different cultural political and educational terrains in which debates about modernity the modern self and the making of the citizen occurred *Invisible Victims and the Pursuit of Justice: Analyzing Frequently Victimized Yet Rarely Discussed Populations* Blasdel, Raleigh, Krieger-Sample, Laura, Kilburn, Michelle, 2021-06-18 Victims of crime may experience a wide variety of traumas that result in physical sexual financial psychological emotional and or social consequences While the types of trauma can vary greatly and include lesser known forms such as vicarious and secondary trauma identifying and recognizing victims can be complicated Throughout this book experts and professionals from academia and the fields of criminal justice social work and mental health acknowledge victims historically overlooked by society political movements the media and or the criminal justice system we acknowledge the invisible victims Invisible Victims and the Pursuit of Justice Analyzing Frequently Victimized Yet Rarely Discussed Populations pioneers the assertion that our view of victims needs to be more inclusive by exploring invisible victims that are rarely if ever a focus of discussions in traditional victimology textbooks To educate the reader and begin working toward

positive change each chapter identifies an invisible victim and provides the background controversies issues solutions and areas of future research It is crucial to identify these gaps in the field as some of the most victimized populations remain absent from important dialogue on crime victims This book is appropriate for a wide range of readership including but not limited to criminologists victim service providers psychologists sociologists social workers advocate groups law enforcement lawyers defense attorneys criminal justice practitioners academicians researchers and students studying criminology criminal justice victimology social work psychology and social justice

Remorse and Criminal Justice Steven Tudor, Richard Weisman, Michael Proeve, Kate Rossmanith, 2021-11-28 This multi disciplinary collection brings together original contributions to present the best of current thinking about the nature and place of remorse in the context of criminal justice Despite the widespread and long standing nature of interest in offender remorse the topic has until recently been peripheral in academic studies The authors are scholars from North America the United Kingdom Europe South Africa and Australia from diverse academic disciplines They reflect on the role of remorse in law for better or for worse on how expressions of remorse are affected by the legal contexts

in which they arise and on the impact of these expressions on the individual the court and the community The work is divided into four parts Part I Judging Remorse addresses issues concerning the task of assessing remorse in the courtroom usually prior to determining sentence Part II Remorse Beyond the Courtroom explores the place and significance of remorse in various post court settings Part III Remorse War and Social Trauma addresses remorse in the context of political violence and social trauma in the former Yugoslavia and South Africa Finally Part IV Reflections seeks to underscore the multi disciplinary and inter disciplinary nature of the collection as a whole through personal and disciplinary reflections on remorse The work provides a showcase for how diverse academic disciplines can be brought together through a focus on a common topic As such the collection will become a standard reference work for further research across a range of disciplines and promote inter disciplinary dialogue
