Handbook On Parent Education

Richard R. Abidin

Handbook On Parent Education:

The Second Handbook on Parent Education Marvin J. Fine, 2014-06-28 This book should enhance the reader's understanding of the contemporary scene in parenting education including effective programming important issues and future trends

Handbook on Parent Education Marvin J. Fine, 2014-05-10 Handbook on Parent Education presents a contemporary picture of the state of the parent education movement It tackles a number of critical issues such as the programs that are available or when parent education should begin Different models of parent education are described along with parenting programs for youth The application of parenting programs for specific groups including foster parents parents of preschoolers abusive parents and parents of handicapped children is also discussed Comprised of 14 chapters this book begins with an overview of the parent education movement as well as several prototype programs and some ethical issues The distinction between education and therapy is explained and parent education with special interest groups is described In addition problems of research and evaluation and a projection for the future are presented Subsequent chapters focus on the state of the nuclear family in American society during the 1970s Rudolf Dreikurs' impact on childrearing practices and his contribution to individual psychology together with the social context of child behavior Haim Ginott's approach to parent education and the effects of parent effectiveness training on families Transactional analysis approaches to parent education and parent education as a strategy for the prevention of child abuse are also examined This monograph will appeal to educators parents sociologists and educational psychologists

Handbook of Diversity in Parent Education Marvin J. Fine, Steven W. Lee, 2000-10-09 Traditionally books on parent education have focused on techniques from a certain tradition either behavioral or humanistic that could be applied to any problem of parenting or child behavior change These books have used a cook book approach that is frequently oblivious to environmental conditions that influence behavior or take into account the individual differences of the children or families involved This book highlights the complexity of our society and times by exploring the problems faced by diverse types of parents children and parenting situations Moreover the sensitive issues of parenting in unique populations are handled in a caring straight forward way with an emphasis on research based parent education programs along with tips and strategies for everyday use Premier text on parent education in diverse populations Features tips strategies websites and support for parents Based upon cutting edge research in parent education Models for developing problem specific parenting programs Step by step parent education programs for low incidence problems Features violence and crisis prevention and intervention skills for families

Handbook for Parent Education Leaders Andrew Hendrickson, 1963
