Handbook Of The Law Of Visiting Forces:

The Handbook of the Law of Visiting Forces Dieter Fleck, 2018-04-12 The legal position of visiting forces transcends domestic and international law and is of growing importance in our increasingly globalized and insecure world In area and out of area operations both for the purpose of establishing and maintaining peace and in connection with the conduct of other military operations and training are likely to become more frequent for a variety of reasons Finding where the applicable law places the balance between the interests sensitivities and needs of the host state and the requirements often practical in nature of the visiting force is a key objective in ensuring that the relationship between hosts and guests is and remains harmonious All of this must be achieved in an increasingly complex legal environment This fully updated second edition of The Handbook of the Law of Visiting Forces addresses the issues surrounding visiting forces and provides a full overview of the legal framework in which they operate Through an analysis of jurisprudence and historical developments it offers a comparative commentary to the UN NATO and other SOFA rules The Handbook then continues its analysis through cases studies of visiting forces in key countries including a fully updated chapter on Afghanistan that considers the various stages of the conflict before offering conclusions on the current state of the law and its likely future development **Status**

of Forces: Criminal Jurisdiction over Military Personnel Abroad Joop Voetelink, 2015-04-16 This book brings into focus the legal status of armed forces on foreign territory within inter alia the context of multi national exercises and a variety of so called crisis management operations When it comes to criminal offences committed by military personnel while abroad it is important to know whether such offences fall under the criminal jurisdiction of the Sending State or that of the Host State The book analyses this question from two different perspectives namely traditional public international law and military operational law Taking his readership through two hundred years of international practice the author arrives at the current practice of laying down the status of forces deployed abroad in so called Status of Forces Agreements SOFAs Having looked at SOFAs from the two different law perspectives the author proposes the development of a Status of Forces Compendium to serve as a kind of guideline for future SOFAs The author's intention in proposing this idea is to instigate further discussion on the subject in public international law and criminal law circles and among armed forces legal advisors Joop Voetelink is an Associate Professor of Military Law at the Netherlands Defence Academy **The Duty of Care of International**

Organizations Towards Their Civilian Personnel Andrea de Guttry, Micaela Frulli, Edoardo Greppi, Chiara Macchi, 2018-08-17 This book constitutes the first comprehensive publication on the duty of care of international organizations towards their civilian personnel sent on missions and assignments outside of their normal place of activity While the work of the civilian personnel of international organizations often carries an inherent risk the regulations policies and practices of the employer can help to address and mitigate that risk In this book the specific content and scope of the duty of care under international law is clarified by conducting an unprecedented investigation into relevant jurisprudence

and legal sources Included is a critical assessment of the policies of selected international organizations while a set of guiding principles on the duty of care of international organizations is also presented This publication fills a gap in the existing academic literature on the topic and is aimed particularly at academics and practitioners interested in the legal implications of the deployment of civilian personnel abroad by international organizations This includes scholars and university level students specializing in international law international human rights law the law of international organizations labour law EU law international administrative law and the UN system and practitioners such as lawyers and consultants representing or advising international organizations or their personnel on the legal aspects of deployment The book is also aimed at the senior management of international organizations and at their officers in charge of recruitment human resources training and security in that it clarifies their legal obligations and provides concrete examples of the policies various international organizations have in place for the protection of civilian personnel Current and prospective civilian personnel of international organizations should also find the book useful for clarifying their rights and duties Andrea de Guttry is Full Professor at the Dirpolis Institute of the Sant Anna School of Advanced Studies in Pisa Micaela Frulli is Associate Professor at the Dipartimento di Scienze Giuridiche DSG University of Florence Edoardo Greppi is Full Professor at the Dipartimento di Giurisprudenza University of Turin and Chiara Macchi is Research Fellow at the Dirpolis Institute of the Sant Anna School of Advanced Studies in Pisa

Holding UNPOL to Account Ai Kihara-Hunt, 2017-03-06 Ai Kihara Hunt's *Holding UNPOL to Account* Individual Criminal Accountability of United Nations Police Personnel analyzes whether the mechanisms that address criminal accountability of United Nations police personnel serving in peace operations are effective and if there is a problem how it can be mitigated The volume reviews the obligations of States and the UN to investigate and prosecute criminal acts committed by UN police and examines the jurisdictional and immunity issues involved It concludes that these do not constitute legal barriers to accountability although immunity poses some problems in practice The principal problem appears to be the lack of political will to bring prosecutions as well as a lack of transparency which makes it difficult accurately to determine the scale of the problem *Jus Post Bellum* Carsten Stahn, Jennifer S. Easterday, Jens Iverson, 2014-02 *Jus post bellum* is the body of international legal norms and rules of international law that applies to a post conflict situation as it moves to a status of peace This book provides a detailed legal analysis of all aspects of *jus post bellum* and uses case studies to show its relevance to the reality of situations on the ground

The International Responsibility of NATO and its Personnel during Military Operations David Nauta, 2017-11-20 In 1999 the Alliance mistakenly bombed the Chinese embassy in Belgrade Around the same period allegations were made regarding its involvement in human trafficking and forced prostitution in Bosnia Herzegovina A decade later NATO airplanes hit a fuel truck causing significant civilian casualties in Kunduz Afghanistan After more than 60 years of existence and a track record of more than 30 missions performed worldwide it is surprising that there is still uncertainty on the scope and content of NATO's responsibility for

wrongful conduct during its military operations This timely book deals with the international responsibility of NATO during military operations It examines the status of the Alliance the existence of international obligations and conditions of attribution of conduct in NATO

The Impact of Human Rights Law on Armed Forces Peter Rowe,2006-01-12 This book considers those aspects of human rights law which may become relevant to the activities of armed forces whether they remain in barracks undertake training or are deployed in military operations within their own state or outside it The unique nature of military service and of military courts gives rise to human rights issues in respect both of civilians and soldiers whether volunteers or conscripts who find themselves before these courts Rowe examines these issues as well as the application of international humanitarian law alongside the human rights obligations of the state when forces are training for and involved in armed conflict where armed forces are deployed in situations of civil disorder and where states contribute armed forces to multinational forces An invaluable resource for scholars in human rights international law and military studies and anyone concerned with policy relevant to the armed forces

The Law of Armed Conflict and the Use of Force Frauke Lachenmann,Rüdiger Wolfrum,2017 This volume collects articles on the law of armed conflict and the use of force from the Max Planck Encyclopedia of Public International Law to facilitate easy access to content from the leading reference work in international law

The Human Rights Treaty Obligations of Peacekeepers Kjetil Mujezinović Larsen,2012-07-12 Develops a coherent and realistic legal framework which strengthens the human rights protection and the accountability mechanisms in peace operations

The Charter of the United Nations ,2024-07-04 Since the third edition of this commentary on the Charter of the United Nations was published in 2012 the text of the Charter has not changed DL but the world has Central pillars of the international order enshrined in the UN Charter are facing serious challenges notably the prohibition of the use of force Human rights too have come under increasing pressure now also from contemporary information technology Global warming poses fundamental challenges for the world community as a whole in its effort to stabilize global ecosystems Fully updated the commentary takes up these and other developments It features new chapters on Climate Change and the Human Rights Council The commentary remains the authoritative article by article account of the legislative history interpretation and practical application of each and every Charter provision Written by a team of distinguished scholars and practitioners this book combines academic research with the insights of practice It is an indispensable tool of reference for all those interested in the United Nations and its legal significance for the world community The Commentary will be crucial in combining solid legal foundations with new directions for the development of international law and the United Nations in the twenty first century

Cooperating with the Colossus Rebecca Herman,2022 During the Second World War the United States built over two hundred defense installations on sovereign soil in Latin America in the name of cooperation in hemisphere defense

Predictably it proved to be a fraught affair Despite widespread acclaim for Pan American unity with the Allied cause defense construction incited local conflicts that belied the wartime rhetoric of fraternity and equality Cooperating with the Colossus reconstructs the history of US basing in World War II Latin America from the elegant chambers of the American foreign ministries to the cantinas courtrooms plazas and brothels surrounding US defense sites Foregrounding the wartime experiences of Brazil Cuba and Panama the book considers how Latin American leaders and diplomats used basing rights as bargaining chips to advance their nation building agendas with US resources while limiting overreach by the Colossus of the North as best they could Yet conflicts on the ground over labor rights discrimination sex and criminal jurisdiction routinely threatened the peace Steeped in conflict the story of wartime basing certainly departs from the celebratory triumphalism commonly associated with this period in US Latin American relations but this book does not wholly upend the conventional account of wartime cooperation Rather the history of basing distills a central tension that has infused regional affairs since a wave of independence movements first transformed the Americas into a society of nations national sovereignty and international cooperation may seem like harmonious concepts in principle but they are difficult to reconcile in practice Drawing on archival research in five countries Cooperating with the Colossus is a revealing history told at the local national and international levels of how World War II transformed power and politics in the Americas in enduring ways

The Conventions on the Privileges and Immunities of the United Nations and its Specialized Agencies August Reinisch, Peter Bachmayer, 2016-03-24 The Convention on the Privileges and Immunities of the United Nations and the Convention on the Privileges and Immunities of the Specialized Agencies entered into force more than 60 years ago This Commentary offers for the first time a comprehensive discussion covering both Conventions in their entirety providing an overview of academic writings and jurisprudence for a legal field of particular practical relevance and gives both the academic researcher as well as the practitioner a unique source to understand the complexity of legal issues that the UN its Specialized Agencies their officials Member States representatives and experts face in today's world

International Peacekeeping: The Yearbook of International Peace Operations Michael Bothe, Boris Kondoch, 2021-10-01 International Peacekeeping is devoted to reporting upon and analyzing international peacekeeping with an emphasis upon legal and policy issues It provides the interested public civil servants politicians the military academics journalists and others with an up to date source of information on peacekeeping enabling them to keep abreast of the most important developments in the field This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions or Reports from the UN Secretary General but also by expert commentaries on world events connected with peacekeeping operations Thus International Peacekeeping not only has a recording and documentary function for those who wish to be kept well informed but also plays a role in forming opinions on the further development of peacekeeping as an instrument Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security

attention being focused primarily on UN peacekeeping operations This yearbook is the continuation of the journal *International Peacekeeping*

International Peacekeeping: The Yearbook of International Peace Operations Harvey

Langholtz, Boris Kondoch, Alan Wells, 2021-11-22 International Peacekeeping is devoted to reporting upon and analyzing international peacekeeping with an emphasis upon legal and policy issues but is not limited to these issues It is recognized that in today's world there is a wealth of information available from the internet and through other sources It is therefore the goal of this Yearbook to make this information available in one publication which both organizes and records events over the course of a year through analytical articles a chronicle primary documents and a bibliography Topics include inter alia peacekeeping peace war conflict resolution diplomacy international law international security humanitarian relief humanitarian law and terrorism The Yearbook is of scholarly quality but is not narrowly theoretical It provides the interested public diplomats civil servants politicians the military academics journalists NGO employees and serious citizens with a document of record comment and a starting point for further research on peacekeeping and related topics This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions and Reports of the UN Secretary General but also by expert commentaries on world events Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security Attention is focused not only on UN peacekeeping operations but other missions as well This Yearbook is the continuation of the journal International Peacekeeping

The Authority of the International Committee of the Red Cross Linus Jannek Mührel, 2024-02-12 This book conducts the first ever comprehensive study of the ICRC's interpretations and law ascertainties It analyses in detail their impact on the development of international humanitarian law and international law in general as well as the reasons for their impact This analysis involves the discussion of the ICRC's authority Is it legal or just factual authority The analysis also illuminates the direction that IHL and international law in general develops This insight sheds light on the question of the current type of international law i.e. what international law is and who makes it

On Strategy Francois Vreÿ, Thomas Mandrup, Abel Esterhuyse, 2011-01-01 The literature on the art of war over centuries presupposed that the decision maker was a single entity with a coherent and unitary political will The ideal strategy maker was thus Alexander the Great or a Napoleon Little was written on the policy and strategy making process when there were multiple decision makers Strategy in peace was recognized especially in the Cold War as something just as real as strategy war

Yearbook of International Humanitarian Law, Volume 23 (2020) Terry D. Gill, Robin Geiß, Heike Krieger, Rebecca Mignot-Mahdavi, 2022-02-02 This volume of the Yearbook of International Humanitarian Law takes a close look at the role of so called expert manuals in the interpretation and development of the international law of armed conflict and connected branches of international law relating to military operations While these manuals can and do play an undoubtedly useful role their proliferation raises a number of questions What degree of authority do they have and how much weight should be given to the views expressed in them What is the methodology they employ and how effective is it in ensuring an as objective and impartial interpretation of the law as possible What is their place in the doctrine of sources While there is already a

considerable body of literature addressing these and other relevant questions this volume aims to contribute further to this discussion with contributions by three experts involved in one or more of these manuals in one capacity or another Alongside these three contributions on this year s special theme the second part of the book comprises three chapters that address timely and relevant issues of International Humanitarian Law These range from starvation as a method of warfare to emerging technologies of warfare and also includes reflections on humanitarian assistance Lastly the volume concludes with the Year in Review describing the most important armed conflict related events and legal developments that took place in 2020 The Yearbook of International Humanitarian Law is a leading annual publication devoted to the study of international humanitarian law It provides a truly international forum for high quality peer reviewed academic articles focusing on this crucial branch of international law Distinguished by contemporary relevance the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars practitioners military personnel civil servants diplomats human rights workers and students *The November 26 Declaration of Principles* United States.
