## **Handing Down The Light Hsing Yun:**

**Handing Down the Light** Chi-Ying Fu, Zhiying Fu, 2004 Master Hsing Yun has transformed the role of Chinese Buddhism in the modern world Under his leadership large centers have been established in Taiwan Los Angeles and Sydney along with a host of other organized groups throughout the world Perhaps it is better to abandon the wish to explain greatness and simply look at the life story and delight in the lore and happenings Like other persons of fame Master Hsing Yun will never be completely explained While recognition and support were given in extraordinary amounts he had to overcome obstacles that would have defeated most people The forces of history were not favorable for a young Chinese Buddhist monk in the mid twentieth century He survived and held to his career as spiritual teacher in the face of formidable odds Perhaps his greatest accomplishment has been the courage to achieve great success and recognition without retreating from it It has not been in his way to enjoy a peaceful life in a hermitage after achieving acceptance from a community of disciples His energy and commitment seem as powerful today as they much have been when he arrived in Taiwan a strikingly handsome and charismatic young monk No future histories of Chinese Buddhism will be complete without reference to the influences of this leader Book jacket *Handing Down the Light* Zhiying Fu, 1996 Democracy's Dharma Richard

Literature for Little Bodhisattvas Natasha Heller, 2025-01-31 In *Literature for Little Bodhisattvas* Natasha Heller makes two key interventions first she argues that picturebooks are a new genre of Buddhist writing and second she calls attention to an emergent family Buddhism in Taiwan that fashions children as religious subjects through shared attention with adult readers Surveying Taiwanese Buddhism from the ground up Heller explores the changing family dynamics that have made children into a crucial audience for Buddhist education and the home a key site for Buddhist cultivation By taking picturebooks seriously as part of the Buddhist textual tradition Heller demonstrates their engagement with canonical sources alongside innovations for modern audiences Close readings analyzing both text and image trace narrative themes about Buddhist figures and connect representations of buddhas and bodhisattvas to a visual culture where new values such as cuteness are articulated Heller shows that picturebooks have become an integral part of a contemporary Buddhist education that equips children with strategies to interpret everyday life in Buddhist ways and provides religious models for action in the modern world *Literature for Little Bodhisattvas* is a pathbreaking work revealing how contemporary picturebooks reframe Buddhism and offer fresh perspectives on its teachings and ideals of family for both children and adults
