Getting Ready for Kindergarten** Jodene Lynn Smith,2022-04-01 **Midlife Maze** Janis Clark Johnston,2017-02-16 Have you found yourself wilting in midlife and wondering what you might do to flourish in your remaining years Have you lost your way in the midlife maze due to a significant loss Did you lose your job or desired career

advancement Did you separate or divorce Did your last child leave home Did your family experience a virtual storm of bankruptcy or lose your life savings in a financial meltdown Did you or someone in your family experience the loss of good health Or did you weather the death of a family member partner or friend Your loss story is personal Your path through winding passages during midlife is unique Perhaps the most important encouragement for your grieving process is to know this simple fact grieving is a natural healing response to loss rather than a pathological experience Midlife can be a time of reflection rebellion or reconnecting to old or new interests and activities It can also be a time when losses start to happen or begin to pile up divorce death of a loved one loss of a job or home the moving out and on of grown children and learning how to move forward can be a challenge Here a seasoned psychologist looks at the geography of loss in midlife the way it can affect us and what we can do to get back on track or redirect ourselves when necessary Through first hand stories and practical exercises the author leads readers through the midlife maze to a place of recovery purpose and peace

Animals and Agency Sarah E. McFarland, Ryan Hediger, 2009 While many scholars who write about animals deal with animal agency in some way this volume is the first to position the question of nonhuman agency as the primary focus of inquiry Section I presents studies of actual animals demonstrating agency Section II moves agency into new terrain while considering key representations of animal agency in literature Section III analyzes animals as mediators and as conveyances of human to human communication and Section IV investigates the agency of beings who defy conventional species categories The Envoi demonstrates how the microscopic polyp is interwoven into notions of agency and mythical superagency This volume's interdisciplinary explorations press hard on issues of agency to open up space for more questions about how we can understand relationships between the human and the nonhuman

Plains Indian Rock Art James D. Keyser, Michael Klassen, 2001 The region stretching from northern Colorado to southern Alberta and from the Rockies to the western Dakotas is the land of the Cheyenne and the Blackfeet the Crow and the Sioux Its grasslands and river valleys have nurtured human cultures for thousands of years On cave walls glacial boulders and riverside cliffs Native people recorded their ceremonies vision quests battles and daily activities in the petroglyphs and pictographs they created on stone surfaces Some sites were clearly intended for communal use others clearly mark the occurrence of a private spiritual encounter Elders often used rock art such as complex depictions of hunting to teach traditional knowledge and skills Other sites document the medicine powers and brave deeds of famous warriors *War Stories* James D. Keyser, David Kaiser, 2023-05-12 Plains Indian biographic rock art can be read by those knowledgeable in its lexicon Presented is a lexicon of imagery conventions and symbols used by Plains Indians to communicate their warfare and social narratives The reader is introduced to Plains Indian warrior art in all media biographic art as picture writing is explained and the lexicon is described providing a pictographic dictionary and explains conventions and connotations Finally it illustrates four key examples of how these narratives are read by the observer Familiarity with the lexicon will enable interested scholars and laypersons to understand what are otherwise enigmatic rock art drawings found from Calgary Alberta through ten U S states and into the Mexican state of Coahuila

Explore & Experiment Jeannine Perez, 1988 [A New Approach to the Arts](#) Peter Moore, 2024-07-09 This book considers how art actually works how the various art forms connect with the world of ordinary human experience Many books approach the subject from the top down through topics such as the nature of beauty the meaning of art aesthetic judgement and so on The present book examines the subject from the ground up so to speak showing how the creation and appreciation of art spring from innate human needs and capacities What we call the arts emerge organically from the habitual activities through which human beings represent the world to themselves and others Artistic representation always more than mere imitation is a reaching for the spirit of a subject a revealing of the implicit a refreshing of the overly familiar A key idea is that art is representation through convention that artistic conventions far from inhibiting the work of the artist are vital to artistic creativity
